"SECT. 2. The members of the detective bureau shall receive the following compensation: A lieutenant detective shall receive an annual compensation of three hundred dollars in excess of the salary received by a regular lieutenant. A sergeant detective shall receive an annual compensation of three hundred dollars in excess of salary received by a regular sergeant. A first-grade detective shall receive an annual compensation of five hundred dollars in excess of the maximum salary received by a regular patrolman. A second-grade detective shall receive an annual compensation of four hundred dollars in excess of the maximum salary received by a regular patrolman. A third-grade detective shall receive an annual compensation of three hundred dollars in excess of the maximum salary received by a regular patrolman. All members hereafter transferred to said bureau shall serve a probationary period of six months as such detectives, during which period the commissioner may transfer them from said bureau to other duties in the department, provided such duties are in accordance with their civil service rating, and a person so transferred shall not have any right of appeal as provided in chapter thirty-one of the General Laws. A member hereafter transferred to said bureau after he shall have served such a probationary period, or any officer of said department classified as a detective under section one of this act at the time of passage hereof, may be transferred from said bureau to the rank held by him immediately prior to the date of his transfer to the detective bureau by order of the commissioner or if he has obtained subsequently as a result of civil service examinations a higher rank to said rank but he shall have a right of appeal to the trial board appointed under the provisions of chapter two hundred and ninety-one of the acts of nineteen hundred and six, which shall have the power to hear and determine such appeal and the provisions of said chapter thirty-one shall in no way be applicable to said hearing and determination made thereunder. The decision of such trial board shall be final."

All records pertaining to the Detective Bureau shall be maintained by the commanding officer of the Bureau of Criminal Investigation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,380.

The following-named officers are hereby classified in accordance with the provisions of chapter 735, Acts of 1950, and transferred to the Detective Bureau, with changes in salaries as designated, effective Wednesday, November 8, 1950, at 7:45 o'clock A.M.:

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 30, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weiher of Coal, for term ending April 30, 1951: Harriet C. Santoro, 859 Saratoga street, East Boston.

Weiher of Beef, for term ending April 30, 1951: Kenneth Lewis, 402 Putnam avenue, Cambridge. Severally referred to the Committee on Confirmations.

TEMPORARY ASSISTANT SUPERINTENDENT, CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, October 23, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of October 2, 1950, concerning the appointment of a temporary assistant superintendent.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Hospital Department, October 18, 1950.

Mr. Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

At a meeting of the Board of Trustees held on October 13 the following order of the City Council was presented:

"Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to immediately appoint a temporary assistant superintendent and to make provision in their 1951 budget for two assistant superintendents instead of one in order to provide adequate supervision at all times, both day and night."

I will recommend this request for incorporation in the 1951 budget.

Very truly yours,
JAMES W. MANARY, M.D.,
Superintendent.

SALARIES OF CITY HOSPITAL ELEVATOR OPERATORS.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.

To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of October 2, 1950, concerning the increase of the salaries of elevator operators at the Boston City Hospital and putting them on a par with elevator operators in other city departments.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Hospital Department, October 23, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mayor Hynes:

At a meeting of the Board of Trustees held on Friday, October 20, the following order of the City Council was presented:

"Ordered, That the Trustees of the Boston City Hospital increase the salaries of elevator operators at the Boston City Hospital and put them on a par with elevator operators in other city departments."

The Trustees voted to refer this to the next budget for consideration.

Very truly yours,
JAMES W. MANARY, M.D.,
Superintendent.

UNDERGROUNDING OF OVERHEAD WIRES, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.

To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner relative to your order of September 25, 1950, concerning contacting the various public utilities and requesting them to take all the poles and wires down and place them underground in Ward 17.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, October 23, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

I am returning herewith City Council order which reads as follows:

"Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to contact the various public utilities and request them to take all the poles and wires down and place them underground in Ward 17."

In City Council September 25, 1950. Passed.
Attest:

W. J. MALLOY,
City Clerk."

It appears that the placing of all overhead wires underground in Ward 17 would not be feasible either from a legal or practical standpoint for the following reasons:

Chapter 100 of the Acts of 1946 requires that not more than four (4) miles of streets shall be prescribed and public notice given in any one year from which poles shall be removed and the wires buried underground.

The four (4) miles of streets have been selected and approved for the 1951 underground district. The City Clerk has been notified of them and is in the process of sending notices to the abutters of the time and place of a public hearing which must be completed before the end of this year so that public notice may be given in the month of January in accordance with said chapter 100 of the Acts of 1946.

As a practical matter, streets are selected in the various wards of the city in accordance with their importance, eliminating hazards in fighting fires (the raising of ladders, etc.), the number of poles and wires on the streets, the fact that they are main thoroughfares in contrast with side streets, beautification in relation to their importance as well-traveled streets, etc.

The various public utilities companies are in the process of completing the 1950 underground district of four (4) miles. They have been plagued with shortages of materials, etc. I do not think they could or would do more than what is legally required at this time.

Respectfully yours,
MICHAEL T. KELLEHER,
Fire Commissioner.

EXERCISING OF GASOLINE PERMITS WITHIN ONE YEAR.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Secretary of the Board of Street Commissioners relative to your order of October 23, 1950, concerning revoking all permits for the storage and sale of gasoline which are more than one year old and which have been issued for locations where no gas station has been erected; and further to inform the applicant that the station must be built within one year from the date of issuance or the permit will automatically expire.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
October 26, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge for the Board of Street Commissioners receipt of your communication of October 25, enclosing copy of order introduced by Councilor Cantwell concerning permits for the storage and sale of gasoline being exercised within one year from the date of issuance.

This Board is obliged to act under chapter 148, sections 13 and 14, of the General Laws and until such time as these specific sections have been amended, this Board has no power to request licensees to build lubricatoriums within one year from the date of issuance. So long as a licensee renews his permit each year with the Fire Department, he has the right, under the present law, to defer construction until such time as he might see fit.

It is suggested that the matter be referred to the City Law Department for further study and that this department, in turn, draw up the necessary legislation to give the Board of Street Commissioners power to act in the matter.

Very truly yours,
L. W. COSTELLO, Secretary

CLOSING OF CHARLESTOWN PUBLIC WELFARE UNIT.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Overseers of the Public Welfare relative to your order of October 2, 1950, concern-

ing the closing of the Charlestown Unit of the Overseers of the Public Welfare.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
October 25, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

The Overseers of the Public Welfare in the City of Boston have received notification of the following order of the City Council, which was passed October 2, 1950:

"Ordered, That his Honor the Mayor be requested to confer with the Overseers of Public Welfare for the purpose of rescinding the Overseers vote of September 11, by which vote the Overseers planned to close the Charlestown Unit of the Welfare Department by December 1; and be it further

"Ordered, That his Honor the Mayor be requested to give cognizance to the extreme hardship that would be worked in making it necessary for 700 Old Age Assistance cases, 200 Aid to Dependent Children cases, and 200 General Relief cases, to visit, when required, the new quarters at which supervisors and case load workers on these various cases would be stationed, purportedly in East Boston."

With regard to said order, the Overseers wish to advise you that it is their intention to retain offices in the Charlestown Health Unit where recipients of assistance may go to consult with their social workers.

Very truly yours,
HENRY E. FOLEY, Chairman.

REMOVAL OF SOUTH BOSTON WELFARE OFFICE.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Overseers of the Public Welfare relative to your order of October 9, 1950, concerning the proposal to move the South Boston Welfare office to Hancock street, Dorchester.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
October 25, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

The Overseers of the Public Welfare in the City of Boston have received notification of the following order of the City Council, which was passed October 9, 1950:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to reconsider their proposal to move the South Boston Welfare office to Hancock street, Dorchester, and allow it to remain in its present location so that recipients will not have to undergo the hardship of spending carfares and making the trip to Dorchester."

With regard to said order, the Overseers wish to advise you that it is their intention to retain offices in the South Boston Health Unit where recipients of assistance may go to consult with their social workers. Incidentally, this will be to the advantage of persons in South Boston who are now recipients of Old Age Assistance and Aid to Dependent Children, since at the present time if they wish to consult with their social workers it is necessary for them to go to our Dorchester office at 170 Hancock street, Dorchester. When the change is made, they will be able to consult with their social workers at the South Boston office.

Very truly yours,
HENRY E. FOLEY, Chairman.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Director of the Boston Public Library relative to your order of September 25, 1950, concerning the Bookmobile making a scheduled stop at the intersection of Forest Hills street and Glen road, Jamaica Plain.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Library Department, October 23, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

Recently you transmitted to us an order passed by the City Council requesting the Trustees of the

Public Library to arrange to have the Library Bookmobile make a stop at the intersection of Forest Hills street and Glen road in Jamaica Plain. This matter was brought to the attention of the Trustees of the Library at their last meeting.

The Trustees of the Library requested me to state their pleasure that the services rendered by the Library Bookmobile are so successful that there is demand for it to be made available at other locations in addition to those at present upon its schedule. At the same time they regret that with the single Bookmobile which is at present available it does not appear to be possible to add an additional stop as requested. Its schedule is already filled to such a point as to make it not feasible to add additional stops, particularly when to do so will mean shortening the already too brief stops which are at present being made in existing locations. As to the particular location which was suggested in the order passed by the City Council it is to be pointed out that there are already on the schedule of the Bookmobile four stops every Wednesday in the section of Roxbury in question, namely, at Washington and School streets, from 12.15 to 1.15 P.M., at the Ellis Mendell School (on School street near Amory street), from 1.20 to 1.55 P.M., back at Washington and School streets, from 2.00 to 5.00 P.M., and on Columbus avenue, at Weld avenue, from 6.00 to 8.30 P.M. Both the locations of Washington street, at School street, and Columbus avenue, at Weld avenue, are only approximately one half mile from the additional location requested in the order of the City Council.

It is clear to the Trustees of the Library from the experience gained in these first eight months of use of the one Bookmobile presently available that a single Bookmobile is not sufficient to meet the needs for Bookmobile service throughout the City of Boston. A second Bookmobile is clearly needed to meet the increasing demands for the type of library service which the Bookmobile is so well fitted to render in so many parts of the city which are presently without library service. It is earnestly hoped that budgetary provision may be made for an additional Bookmobile in the period directly ahead, in which event it will be possible to consider Bookmobile stops in addition to those which are being made at present.

Respectfully,

MILTON E. LORD, Director.

TRAFFIC LIGHTS AT DORCHESTER AND MELVILLE AVENUES.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.

To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of October 9, 1950, concerning the installation of traffic lights at Dorchester and Melville avenues.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
October 24, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

In further response to Council order of October 9, 1950, requesting the installation of traffic lights at Dorchester and Melville avenues, it is the opinion of our engineers that this intersection should be added to our list of locations to be signalized.

Accordingly, this installation will be made during 1951 in accordance with money provided to us for traffic signals.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

City of Boston,
Office of the Mayor, October 30, 1950.

To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of October 9, 1950, concerning the placing of a blinker light at Tyler street, facing Oak street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
October 23, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

In further reply to Council order of October 9, requesting a blinker light at Tyler street, facing Oak street, we wish to report that Tyler street is a one-way street and that at the intersection of Tyler and Oak streets we have erected "Slow" signs, warning traffic approaching this intersection to slow down.

We believe that this warning will be helpful. We do not have sufficient money available at the present time to provide a blinker light at this location.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

CROSSOVER ON COLUMBIA ROAD, OPPOSITE ENGINE 21 FIRE STATION.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.

To the City Council.

Gentlemen:
I transmit herewith communication from the Public Works Commissioner relative to your order

of October 9, 1950, concerning the construction of a crossover on Columbia road, opposite Engine 21, Boston Fire Department.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 23, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
This is in reference to the following order that was passed in the City Council under date of October 9:

"Ordered, That his Honor the Mayor direct the Commissioner of Public Works to construct a crossover on Columbia road, opposite Engine 21, Boston Fire Department, which will permit the crossing of the engine to the right hand side of the street in response to a fire alarm."

The necessary arrangements have been made to comply with the provisions of the above-referenced order, and I am sure that the driveway that is to be installed will prove satisfactory to the operators of the fire apparatus who will have occasion to cross from one side of Columbia road to the other when responding to an alarm.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

October 23, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
This is in reference to the following order that was passed in the City Council under date of October 9:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair Broadway Bridge under emergency orders because of the great delay in traffic, and also to make a thorough inspection of this bridge as to its safety."

We appreciate the importance of Broadway Bridge and every reasonable effort is being made to expedite the completion of the repair work. Our employees are working overtime on this project and I anticipate that the work will be completed within the next four or five weeks.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

RESTRICTIONS ON APPROPRIATION ORDER OF \$159,000.

The following was received:

City of Boston,
Office of the Mayor, October 30, 1950.
To the City Council.

Gentlemen:
The City Treasurer is about to issue a loan for the construction of a viaduct to Long Island under the loan order of \$2,000,000 approved by the Mayor on August 16, 1949. The required preliminary for this loan was an appropriation order of \$159,000, passed by the City Council on July 25, 1949, and approved by the Mayor on July 26, 1949, titled "Construction of Long Island Viaduct," under the provisions of chapter 480 of the Acts of 1949. Counsel for the bond purchasers has raised the point that chapter 480 of the Acts of 1949 permitted the purchase of land and that a provision of the City Charter reads that appropriations for the purchase of land require two readings and a two thirds vote of the City Council.

As the main purpose of the item was for the construction of the Long Island Viaduct and no acquisition of land was intended, it was not considered necessary to follow the charter provision.

In order, however, to effectually dispose of this question, I respectfully urge the immediate passage of the accompanying order which in effect provides that no part of the \$159,000 appropriation shall be used for the acquisition of land.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That the appropriation order of \$159,000, for the Construction of Long Island Viaduct, under chapter 480 of the Acts of 1949, passed by the City Council on July 25, 1949, and approved by the Mayor July 26, 1949, shall be

used solely for construction purposes and no part of said appropriation shall authorize or be construed to authorize the purchase or taking of land.

On motion of Councilor Hannon the rules were suspended. On further motion of Councilor Hannon the order was passed.

A communication was received from the Superintendent, under

date of Sept. 5, 1950, recommending, subject to the approval of the School Committee and under a suspension of the regulations, the following transfers of teachers, to take effect Sept. 1, 1950:

Thomas J. Lynch, submaster, Jefferson District, to the same position in the Dearborn District.

Dorothy M. Lyons, head of department, Brighton High School, to the same position in the Dorchester High School for Girls.

Olive G. Mahoney, vice principal, Eliot-Hancock District, to the same position in the Chapman District.

John L. Mayer, submaster, Dearborn District, to the same position in the Donald McKay Junior High School.

Mary E. Vaughan, vice principal, Patrick T. Campbell Junior High School, to the same position in the John Marshall District.

On roll call the regulations were suspended and the transfers were approved by the following vote:

YEAS—Messrs. McDevitt, Muchnick, Ward, and White—4.

NAYS—Mrs. Dacey—1.

Mrs. Dacey: I am voting "No" because I feel that all teachers, permanent and temporary, could be nominated today by the Superintendent for immediate action by the School Committee so that school business may proceed as normally.

Superintendent: I feel that you all realize the very embarrassing position that I am in, Mr. Chairman. I hope you all feel that I want to cooperate with you in every way, shape, and manner. It has been my desire and ambition to cooperate with the Committee, to the letter.

You know that a short while ago one of the members, Mrs. Dacey, presented a motion and the Committee acted on that motion. Mr. Kerr came here and talked to the Committee about appointments, and it was brought out very clearly by questions and answers that the conversation which I had with Mr. Kerr was the same in nature and general detail as that stated by me today.

Chairman: Yes, he substantiated what you said.

Superintendent: You also heard me ask Mr. Kerr to give his opinion on the motion. In other words, I asked him to advise me in regard to the motion and the action taken on the motion, and Mr. Kerr said that he felt very definitely that I should be guided by his original advice, which was what I said to the committee subsequent to the vote.

In essence, Mr. Kerr said that he feels at this particular time that I should not make commitments that could not be recalled; and therefore, Mr. Chairman, all I would like to present to the School Committee today is the recommendation to transfer certain teachers to certain schools with the hope that within a few days this matter may be adjusted and

those very persons who are transferred may be permanently appointed.

During the interval between now and the time they are, as I hope, permanently appointed, I ask that I be permitted to designate them in acting capacities. I am recommending the transfer of the following: Mr. Lynch from the Jefferson to the Dearborn; Miss Lyons from Brighton High School to the Dorchester High School for Girls; Miss Mahoney from the Eliot-Hancock to the Chapman; Mr. Mayer from the Dearborn to the Donald McKay, and Miss Vaughan from the Patrick T. Campbell to the John Marshall.

Also, in order to make room for one of these transfers, Miss Culhane, principal of the Chapman District, will be transferred to the Thomas Gardner District in Brighton.

Of course, some of these transfers, if they are made, will have to be under suspension of the regulations, and I think I pictured the situation to you. For example, Mr. Mayer and Mr. Motley are presently submasters in the Dearborn District, and so that district has its quota of submasters.

If Mr. Mayer is transferred to the Donald McKay under a suspension of the regulations, he will move into a place where there are two submasters. We perhaps might thereby violate the regulation, and therefore it would have to be under a suspension. That is all that I have to say.

Chairman: Mr. Superintendent, do I now understand that you are not going to nominate any substitute teachers whatsoever?

Superintendent: That is true, Mr. Chairman.

Chairman: And that there will be approximately how many classes unattended Thursday?

Superintendent: There will not be any classes unattended, Mr. Chairman.

Chairman: How will you make up the difference?

Superintendent: We will have to have temporary teachers in the places of these individuals whom I had in mind to appoint as permanent substitutes.

Chairman: You are going to appoint those teachers as temporary teachers, though?

Superintendent: Yes, there will be temporary teachers in the place of these I had in mind appointing as permanent substitute teachers.

Mr. Muchnick: Mr. Chairman, I am going to vote for these transfers that the Superintendent is asking for because it is my feeling that he is the administrative head of the system and is charged with the responsibility of making the necessary and proper appointments and transfers or at least recommending them. I tell him very frankly that since he is the person charged with that responsibility, I for one intend to hold him completely responsible for these suggestions; and if he wants it by way of transfer, he can have it that way; but it seems to me

improper administration to appoint temporary personnel when you can appoint permanent personnel at a smaller cost; and I do not think there is any question about the cost being less with permanent personnel in this instance than it is with temporary personnel.

There is also an even greater problem concerned. I very frankly question, in addition to the cost motive, the other motives that are involved in transferring people on a temporary basis instead of appointing them on a permanent basis on the set of facts even as presented by the administration; and it is my feeling that there is going to be a blow to morale not so much to the teachers as to the general public in Boston. Frankly, while I do not like to say this, I am convinced that that is one of the reasons for this type of appointment and for most of the conversation that has preceded it.

DESIGNATIONS

A communication was received from the Superintendent, under date of Sept. 5, 1950, reporting that he has made the following designation of teachers, to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1951:

CIVIL SERVICE EXAMINATION.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

SUPERVISOR OF ATTENDANCE, BOSTON
SCHOOL DEPARTMENT, DECEMBER 9,
1950.

Last date for filing applications, Monday, November 20, 1950.

Salary: The minimum salary is \$3,040 a year; the maximum salary is \$4,208 a year.

Vacancies: At present there are 3 vacancies, to be filled on a permanent basis.

Duties: As defined in chapter 77, section 13, General Laws, supervisors of attendance shall inquire into all cases arising under sections 1, 2, 4 to 11, inclusive, and 15 of chapter 76, sections 3, 4, 5 and 8 of chapter 77, and sections 90, 92, 93 and 95 of chapter 149, and may make complaints and serve legal processes issued under chapter 77. They shall, if the court so orders, have oversight of children placed on probation under section 7, of children suffering want to whom sections 49 to 51, inclusive, of chapter 119 apply, of minors licensed by the school committee under section 19 of chapter 101, and of children admitted to or attending shows or entertainments contrary to section 197 of chapter 140. They may apprehend and take to school without a warrant any truant or absentee found wandering in the street or public places.

A knowledge of the laws pertaining to this position is required.

Entrance Requirements: In accordance with Civil Service Rule 6, applicants shall be not less than 30 years of age nor more than 45 years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within 5 years after the date of honorable discharge. (Sec chapter 179, Acts of 1950.)

Under the provisions of section 12 of chapter 77 of the Massachusetts General Laws, as amended by section 5 of chapter 573 of the Acts of 1948, applicants must meet the following standards for appointment as established by the State Department of Education.

1. The candidate must present certified evidence of two years of satisfactory full-time paid employment: (a) as classroom teacher in a public or private school, the curriculum of which meets the requirements set forth in sections 1 and 2 of chapter 71 of the General Laws (in the case of an elementary school) and of sections 2 and 4 of chapter 71 (in the case of high school); or (b) as a supervisor or director of guidance in a recognized public or private agency; or (c) in a professional capacity in a recognized public or private health, welfare, or law enforcement agency whose duties include the making of investigations of home conditions and problems of family members in such homes; or (d) as a social worker in a recognized public or private social or welfare agency; or (e) as a public parole, police, or probation officer whose duties have included special assignments to juvenile problems. *Substitution:* Successful completion of one year* of graduate education (beyond the Bachelor degree) from a recognized college or university in the field of education, guidance, welfare, or social work will be accepted as a substitute for one of the two years of employment required above. * (One year of education is equal to 30 semester hours' credit or the equivalent in term-hours, quarter hours, points, major, or courses.)

2. A knowledge of the laws pertaining to the position of supervisor of attendance under chapters 72, 76, 77, 101, 119, 140, and 149 of the General Laws Relating to Education, and a knowledge of the provisions of chapter 310 of the Acts of 1948, "An Act Relating to the Care and Protection of Wayward and Delinquent Children and Juvenile Offenders, etc."

Prior to the determination of the results of the written examination, applicants must furnish to the Division of Civil Service the certificate of the Department of Education that they meet the standards prescribed in paragraph 1. The written examination will determine compliance with the standards set forth in paragraph 2.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.

These examinations are for the service of the state, all cities, and such towns as are classified under civil service. Persons qualifying in the examinations may have their names placed on the state list for the grade or grades for which they apply, as well as on the list for the city or town in which they have domicile. A separate application must be filed for each examination. A Manual for the Guidance of Applicants for Positions as Civil Engineers, Grades I and II, may be obtained from the Public Document Division, Room 116, State House, Boston, at 10 cents a copy. It is desirable that applicants obtain a copy of this manual and study it carefully.

CIVIL ENGINEER, GRADE I, DECEMBER 27, 1950.

Last date for filing applications, Wednesday, December 6, 1950.

Salary: For the state service, the minimum salary is \$2,340 a year; and the maximum salary is \$2,940 a year. In cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under immediate supervision, to assist on engineering work involving the least technical skill and responsibility, in the field, office, or laboratory; and to perform related work as required.

Examples of Duties: Holding a rod; sharpening and driving stakes; cutting away brush to clear lines; occasionally running an instrument; making minor computations and calculations; plotting level notes; assisting on estimates; using a planimeter to calculate areas; making simple drawings and tracings; filing plans, profiles and survey books; inspecting minor details of construction as directed.

Entrance Requirements: Applicants must have at least one year of full-time paid experience in civil engineering or in general construction work. *Substitution:* High school or equivalent education may be substituted for the required experience on the basis of one year of education for three months of experience.

Subjects and Weights: Training and experience, 2; practical questions, including mathematics, 3; total, 5. Also, an optional test in drafting for those who desire to have their names certified on requisitions calling for this special qualification.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible. A mark of at least 70 per cent must be obtained in the optional drafting test in order to qualify in that subject.

CIVIL ENGINEER, GRADE II, DECEMBER 27, 1950.

Last date for filing applications, Wednesday, December 6, 1950.

Salary: For the state service, the minimum salary is \$2,940 a year, and the maximum salary is \$3,540 a year. In cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under supervision, to assist on engineering work by performing assigned tasks in the field or office, involving some knowledge or training in civil engineering practice, but not of full

professional rank or responsibility; and to perform related work as required.

Examples of Duties: Running a transit or level on preliminary and final surveys and in giving lines in construction work; having charge of a field party on small work; acting as an assistant to the resident engineer on construction work, in establishing lines and grades for the contractor and inspecting his work; making preliminary estimates for construction; taking field notes; drafting plans and sections from survey notes; keeping graphic records of length, kind of surface and other detail of highway routes.

Entrance Requirements: Applicants must have at least two years of full-time paid experience in civil engineering or in general construction work. *Substitutions:* (a) Engineering training in a recognized degree-granting university or engineering school may be substituted, year for year, for the required experience, or (b) High school or equivalent education may be substituted for a maximum of one year of the required experience on the basis of one year of such education for three months of experience.

Subjects and Weights: Training and experience, 2; practical questions, including mathematics, 3; total, 5. Also, an optional test in drafting for those who desire to have their names certified

CITY OF BOSTON.**DEPARTMENT OF SCHOOL BUILDINGS.****TO GENERAL CONTRACTORS.****INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN VARIOUS SCHOOLS, GROUP G-2.**

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in various schools, Group G-2.

Proposals will be received until 12 o'clock noon, Thursday, December 7, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority. All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, December 4, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

Specifications may be obtained after 12 o'clock noon, on Monday, November 20, 1950, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan district, Boston, Mass.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the amount of \$500, shall be submitted with each bid filed with the Assistant Superintendent of the Sanatorium Division.

The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to reject any and all bids and to waive any informalities in bidding if it be in the public interest to do so.

No bid of a bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority.

"BOSTON LOOKS AHEAD"—MAYOR JOHN B. HYNES, AT MEETING OF THE MUNICIPAL FORUM IN NEW YORK, DISCUSSES IN CANDID FASHION CITY'S PROBLEMS AN OUTGROWTH OF THE PAST, AND PICTURES GLORIES POSSIBLE FOR THE FUTURE WHEN MISTAKES OF THE PAST HAVE BEEN RECTIFIED FINANCIALLY, POLITICALLY, AND PHYSICALLY—OUTLINES PLANS ALREADY BEING MADE EFFECTIVE AND EXPLAINS SOME OF THE DIFFICULTIES FACED AND BEING SOLVED UNDER HIS ADMINISTRATION, COMPLETION OF WHICH PLANS WILL KEEP ONE OF NATION'S OLDEST CITIES IN FOREFRONT OF PROGRESS PARADE.

SIX OF BOSTON'S EMPLOYEES CHOSEN BY A COMMITTEE FOR THEIR OUTSTANDING SERVICE TO THE CITY—HONORED AT DINNER BY CITATIONS AND CASH AWARDS—AFFAIR SPONSORED BY MUNICIPAL RESEARCH BUREAU PROVES INSPIRING SUCCESS—BUSINESS, PROFESSIONAL, AND CIVIC LEADERS SHARE IN EVENT.

Under the sponsorship of the Boston Municipal Research Bureau and in the presence of his Honor Mayor John B. Hynes and more than 200 business, professional, and civic leaders on Wednesday evening, November 15, six city employees were signally honored and rewarded for outstanding service rendered by them to the municipality during their membership in the city's employment family.

The employees so honored at the dinner held at the Parker House were as follows: **GEORGE F. HASKELL, Office Engineer, Sewer Division, Public Works Department.**

He began to work for the City of Boston on October 25, 1895, fifty-five years ago,

MAYOR APPROVES ADOPTION OF NEW SCHEDULE OF RATES FOR TRAFFIC TUNNEL PATRONS.

The Mayor has approved the following request of the Public Works Commissioner:

BOSTON, November 14, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The schedule of tolls and charges for the use of the Sumner Tunnel, approved by the Department of Public Utilities on December 30, 1949, will expire on December 31, 1950.

I respectfully request your approval to the adoption of the following schedule,

(Continued on page 1185.)

The following are the remarks of his Honor the Mayor, John B. Hynes, at a meeting of the Municipal Forum in New York City on November 17:

"BOSTON LOOKS AHEAD."

The title of today's talk might imply that the old City of Boston has divested itself of its shackles and barnacles and is now poised to leap, with giant strides, toward that Utopian picture-land which my fellow Democrats have so long, and so successfully, for them, dangled before our eyes.

It is true that we are looking ahead, but a better description might be that we are "peeking ahead." As a matter of fact, we are so busy trying to avoid the cavities and the crevices that have been formed over the years, that we dare not, for the time being at least, do too much looking up or too much looking ahead.

MAYOR HYNES OPENS IMPROVED CLINIC FOR DIABETICS AT CITY HOSPITAL—FIRST OF KIND SET UP IN COUNTRY.

Mayor Hynes has announced the opening of an improved and expanded clinic at the Boston City Hospital for the care, treatment, and teaching of diabetic patients.

He expressed the belief that it not only will make possible better care for persons suffering from this disease but that the training it will offer for physicians and for the patients themselves also will have beneficial results.

The clinic, the first of its kind established in the country, is to be directed by Dr. David Hurwitz, Chief of the Diabetes Service at the City Hospital, and will be run in collaboration with the United States Public Health Service, which will defray most of the expense for the personnel.

Dr. Hugh L. Wilkerson, Chief of the Diabetes Section of the Public Health Service, will work in cooperation with Dr. Hurwitz.

"This is another step in our program to provide the best possible health and medical care for the people of Boston," Hynes stated. "Not only will the clinic provide the best possible medical care for diabetic patients," the Mayor said, "but it is expected to prove valuable as a training center both for physicians and the patients themselves."

Dr. Hurwitz and Dr. Wilkerson both praised the great interest shown by the Mayor in the project and his help in getting it under way.

I suppose Boston is somewhere in that nether land of what Bostonians think it is, and what the haughty, supercilious writers for some magazines say it is.

Still Grand Old City.

In truth, Boston is a grand old city, with its roots deep in the soil of America. There is courage, and spirit, and the will to accomplish in Boston today, even as there was in the days when Boston was the first city of the land.

We realize full well that we have lost, commercially and industrially, our pre-eminent place in the life of our nation, and we realize full well that other great metropolitan cities, places undreamed of when Boston was a thriving center, have outstripped us in size, in population, in industry, in commerce, and in some other directions; but, like the medium-sized parents of outsized sons and daughters, we have no pangs of jealousy, but look upon our sister cities, many of which were built up by Boston money, with mellow understanding, for we know that some day they, too, will be old, and subject to all the vagaries and vicissitudes of advanced years.

The problems of Boston, insofar as its city government is concerned,

REPORT OF DANIEL J. McDEVITT, MEMBER, BOSTON SCHOOL COMMITTEE, ON ATTENDANCE AT NATIONAL RECREATION CONGRESS IN CLEVELAND, OCTOBER 2 TO 7, INCLUSIVE.

Following is the report of Daniel J. McDevitt of the School Committee on attendance at the Midcentury National Recreation Congress, held in the Hotel Statler, Cleveland, Ohio, the "Queen City of the Lake," October 2 to 7, 1950:

The basic purpose of the Congress was to provide an opportunity to exchange information, experience, and ideas—it was not a legislative assembly. It provided help for leaders in the many agencies concerned with making life in America more livable by education through recreation.

Over eleven hundred delegates from forty-six states, Canada, the Philippines, China, Japan, and Germany, representing universities, colleges, public and private schools, school centers, community centers, park and recreation commissions, the Y.M.C.A., the C.Y.O., the Salvation Army, settlement houses—professionals and volunteers—attended. The congress followed the usual pattern, discussion groups and general sessions with summarizers. Panel meetings covered recreation for all age groups, hospitalized civilians and veterans, rural recreation, and recreation related to municipal and private interests.

Joseph Prendergast, the new executive director of the National Recreation Association, read the following telegram from President Truman:

"ONCE AGAIN I SEND GREETINGS TO THE NATIONAL RECREATION CONGRESS, WHICH HAS SERVED FOR SO MANY YEARS AS A FORUM FOR THE EXCHANGE OF IDEAS AND INFORMATION IN THE VERY IMPORTANT FIELD OF RECREATION. THOSE WHO WORK IN THE AREA OF RECREATION AND LEISURE-TIME LIFE, WHETHER AS PROFESSIONALS OR VOLUNTEERS, ARE COMMITTED BY THE NATURE AND PHILOSOPHY OF THEIR TASK AND OPPORTUNITY TO THE PROMOTION OF SOME OF THE VERY FINEST AND HIGHEST VALUES IN OUR DEMOCRATIC CULTURE. RECREATION AS WE HAVE KNOWN IT IS NOT ONLY ONE OF THE BLESSINGS OF DEMOCRACY OF INCALCULABLE WORTH; IT ALSO CONTRIBUTES TO THE BUILDING OF THE KIND OF CITIZENSHIP WHICH HAS MADE AMERICA GREAT. AT THIS CRITICAL POINT IN OUR HISTORY AND IN THE WORLD'S HISTORY, THE RECREATION FORCES IN THIS COUNTRY, BOTH PUBLIC AND PRIVATE, HAVE A TREMENDOUS PART TO PLAY."

Thomas R. Mullen, president of the Lehigh Structural Steel Company, submitted a plan for making recreation available to all communities, large and small, through nonprofit foundations set up by corporations.

One high light of the week's discussion periods was a panel discussion by the mayors of six cities. Mayor Farnsley of Louisville, Kentucky, said, "Administrations just don't seem to realize the importance of a good recreation program. I have found that a good public-opinion survey will show the public's need for more playgrounds, better streets, and less traffic. By considering the need of the people for more and greater recreation facilities, a city can become a Utopia."

Another high light of the convention was a panel discussion on "Recreation in Colleges and Universities," participated

in by the presidents of five colleges and universities with questions from the floor. The Honorable Carl V. Weygandt, Chief Justice, Supreme Court of Ohio, presided. All agreed that recreation on the campus is not only desirable but should be expanded; courses in recreation and leadership should be enlarged and new courses for training recreation workers should be added to the curriculum. Paul F. Douglas, president of the American University, said, "Because leisure consumes about one fourth of a college student's life, recreation within that time becomes an important fact both in the actual college environment and in preparation for later life."

Mayor Burke, the Chamber of Commerce, and the local recreation commission extended unexcelled hospitality to the delegates and made their visit to Cleveland a memorable one.

A guided tour of Cleveland featured the social events. Buses took the delegates to the Board of Education, Public Library, public auditorium buildings, City Hall, municipal parking lot (car capacity 2,500), the different parks and playgrounds on the lake front, art museum, University Circle, senior and junior high school buildings, and the Cleveland Municipal Stadium (\$4,000,000), home of the Cleveland Indians. A bus guide, as we passed the visiting players' dugout, quipped, "Down in that corner of the dugout is where Boston's Ted Williams sulks when he fails to make a hit."

MAYOR ISSUES CALL TO ALL BOSTON CITIZENS TO JOIN CITY IN PUBLIC CELEBRATION OF FEAST OF CHRISTMAS.

This year for the first time in its history Boston will sponsor a formal public celebration of the Feast of Christmas. Through the kindness of the public-spirited citizens who compose the City of Boston Christmas Festival Committee, an elaborate program of reverential festivities will herald the coming of Christ during the entire Advent and Christmas seasons, December 1 to January 6.

In keeping with the true significance of the holy period the Festival Committee will erect, as the center of its program, a heroic-sized Nativity Scene on Boston Common, in addition to restoring the ancient European religious customs of lighting the Advent Wreath and the Advent Candle, symbolic of the loneliness of the world before the birth of the Redeemer.

A blaze of Christmas lights throughout the downtown and Back Bay areas, similar to the early Christian Feast of Light, will represent both anticipation of the First Christmas and joy at its accomplishment.

Choirs of all the leading Boston churches will join with a hundred other singing groups—choruses and glee clubs from factories, settlement houses, hospitals, schools, colleges, industrial, business, and private groups—to sing carols and hymns almost every afternoon and evening during the Festival.

Taking part in the concerts will be people of many different faiths singing in a score of different languages and dialects. This will be a truly American celebration, the meaning of which is magnified immensely in this year of bitterness and fear, for it is the Prince of Peace and the Lord of All Nations to whom we are singing.

Therefore, I ask that the period from December 1 through Little Christmas, January 6, be known as the City of Boston "Christmas Festival," and that the citizens of Boston light their homes and their hearts in celebration with us of the birth of the Christ Child.

Further, I cordially invite all New England to make a pilgrimage to the Nativity Scene on Boston Common sometime during the Festival period to join with Boston in restoring spiritual significance to the public observance of Christmas.

JOHN B. HYNES, Mayor.

BOSTON PREPARES GENEROUS FEASTS FOR THANKSGIVING FOR INMATES OF CITY HOSPITAL AND LONG ISLAND INSTITUTIONS DEPARTMENT.

<i>Fruits, Candy, and Nuts</i>	
<i>Coffee</i>	<i>Milk Tea Cider</i>

Thanksgiving services will be held for members of all faiths; also moving pictures and entertainment will be featured in the afternoon and evening for both the patients and employees.

MAYOR HYNES' TALK BEFORE MUNICIPAL FORUM IN NEW YORK CITY.

(Continued from page 1181.)

can be fairly traced to two main causes—first, its comparative antiquity, and, second, its comparatively small area, for, of all the large cities in America, Boston is the smallest geographically, and if there is any other city whose streets in the downtown area were laid out by bovine planners, I have not yet seen that city.

Our fundamental problem, then, gentlemen, is one of size and peculiar layout. Hemmed in by Boston Harbor on the one side, and flourishing cities and towns on every other side, which hold tight to their historical origins, we are subject to a pernicious disease called "decentralization," and, until such time as some form of a greater Boston can be created, the old city, the inner city, will continue to have troubles of greater or less magnitude.

IMMEDIATE PROBLEMS.

What then, you might well ask, are the immediate, short-range problems of Boston, and what is being done to solve them?

In the first place, let me say, in a mood of self-defense, that I have been Mayor of Boston for less than a year. I took office promising no miracles and, believe me, I have performed none. I took over the city government from the hands of a gentleman who has made a successful career, over a period of fifty years, sixteen of which he was Mayor of Boston, of spending other people's money in a large, open-handed, and frequently improvident manner. I say that critically, to be sure, but not maliciously.

Facing me when I took office was the prospect of increasing the city's tax rate from \$56.40 per thousand of valuation, to \$70 per thousand of valuation. Obviously, such an increase would be a near tragedy to the city, its businesses, and its home owners.

Approximately \$7 of this prospective increase was due to abatements granted by the previous administration during 1949 in excess of overlays provided for this purpose in the annual tax levies. Under existing law, Boston was faced with the requirement of providing in the 1950 tax levy for the amount involved in these overlay deficits, namely, \$11,300,000. Two courses of action were open to prevent this burden from being imposed on the taxpayers of the city. We could have asked the Legislature, as had been done on three previous occasions, for authority to fund the overlay deficits by the issuance of bonds of the city. This would have meant an increase of approximately 20 per cent in city debt; and, in the event that the Legislature insisted that the term of the funding bonds should not be in excess of five years, would have established heavy fixed charges for principal and interest requirements on the loan.

The other course, which was ultimately followed, was to secure legislation releasing the city from the necessity of including the full amount of this overlay deficit in the 1950 tax levy and providing that, beginning with 1950 and continuing until the overlay deficit was liquidated, an annual appropriation of \$2,000,000 would be included in the tax levies of

subsequent years. As a result of approval of this proposal by the Legislature, we avoided the prospective \$70 tax rate and established a \$63 rate. While I dislike deficit financing of this sort, I believe that in this instance the end justified the means.

In a city as old as Boston, traffic is a major problem, since its narrow streets, which were laid out originally on a more or less helter-skelter arrangement, must accommodate not only the traffic of a city the size of Boston, but also that of a large metropolitan community. It must be apparent, in view of the steadily increasing number of automobiles on its streets, that Boston is in danger of being strangled by its own traffic unless it moves swiftly to meet its threat. Action has been taken in this respect along several lines.

By emphasizing to state officials that Boston's traffic problem is not all of its own making, we have received definite assurance that \$70,000,000 of state moneys will be spent in Boston for a central artery through the city to relieve our traffic congestion, which will, when completed, give the city and its enterprising room to move and breathe.

OFF-STREET PARKING.

Before the end of this year, we will have completed plans for an off-street parking program involving the expenditure of \$5,000,000, and it is my purpose to request the next Legislature for authority to undertake an additional \$5,000,000 program to meet this acute problem. We have installed 5,000 parking meters in various sections of the city and have contracted for the early installation of 2,000 additional meters, all of which have been financed from parking meter receipts. The construction of an underground garage beneath Boston Common, which has long been in the blueprint stage, will undoubtedly be started in the near future. This project will be carried out with private capital and at the end of forty years will become the property of the city.

Our assessment picture, especially as it concerns downtown commercial property, has been a scrambled and confusing one. A stabilization of tax assessment values is vital, in my judgment, for the future prosperity and well-being of our city. Such action would not necessarily result in a lowering of the total assessed valuation of the city. Twenty years ago our assessed valuations totaled \$2,000,000,000. This year our tax rate was based on valuations of \$1,567,000,000. From these figures it would appear that in two decades property values in our city have deteriorated to the extent of 20 per cent. Only a casual acquaintance with the new building that has taken place in these twenty years would be sufficient to refute any such conclusion. While a complete, fair, and equitable reassessment survey of the city would not necessarily produce more tax revenue, it would reduce the city's tax rate and thus provide a better perspective in comparing rates and valuations of other cities.

Between 1933 and 1946 material progress was made in reducing the outstanding debt of the city. In this fourteen-year period the net funded debt of the city was reduced \$42,500,000, or roughly 32 per cent. Unfortunately for me, this trend was halted in 1947. Last year debt totaling \$27,100,000 was issued, the largest amount of debt to be issued in the city's history. Included in this amount was a loan of \$2,350,000 for welfare disburse-

ments. I am opposed to the borrowing of money to meet current costs of government except in extraordinary cases, and, therefore, this year we have met the full cost of welfare out of the tax levy. I also favor a return to the debt reduction policy in effect prior to 1947. This is reflected in the fact that while this year we will pay off \$10,500,000 in bonds of the city, our debt issues will not exceed \$9,000,000.

So much for our immediate problems. What, then, are we now doing to stabilize our financial condition, and what are the prospects for next year and the future?

Let me mention, ever so briefly, a few efforts we are making.

There will be no further overlay deficits on tax abatements, since we have put an end to the practice of juggling assessment figures for the purpose of creating a false valuation and a fictitious tax rate.

There will be no loans for current expenses.

There will be borrowed, this year, less than we pay out for old borrowings.

There will be no padding of payrolls—we have some 200 less employees now than at the end of last year.

There is, and will be, no spending of large sums of money merely for the sake of spending.

There are going on now, and there will be more, administrative improvements, based on the survey reports of the Boston Finance Commission which will make for more efficient and economical administration.

There is, and there will be, full cooperation with the civic interests in matters that enhance the standing of our city.

There will be every effort made to hold the line on the tax rate, if such is possible in the face of rising prices for everything the city buys; in the face of general demands for salary increases; in the face of an additional million-dollar expense because of a five-day week for policemen, just voted by the electorate in Boston; and in the face of a possibility of reduction in the amount of state-distributed revenues.

BUSINESS TO BENEFIT.

In short, your present city administration is following, and will continue to follow, a course which, in time, will show good results, and which, eventually, will be of benefit to the businessman, the home owner, the rent-payer, and the investor.

Politically speaking, it may not be the best course to follow. If I can survive the shock of the next election, a year hence, it will prove itself the only course to follow.

And, speaking of politics, next year the Mayor will be elected for a four-year term, by a run-off primary, and the City Council, now composed of 22 members, elected by wards, will be reduced to nine members, elected at large.

Whether this charter change will mean any great improvement remains to be seen. Generally speaking, Boston has many problems: some are old and hoary, others are new and vexatious. The cost of operating municipal corporations, like the cost of operating almost every other kind of corporation or business, is on the rise. The municipal government of Boston, and other large cities in our Commonwealth of Massachusetts, need, and need badly, a new and substantial source of income. Real estate, which now bears over three quarters of the total load of operations, cannot be further burdened.

What the outlook for such new income is cannot be foretold. In this matter we are at the mercy of the state government.

The power of the city to tax forms of wealth other than real estate is strictly limited. While other large states like New York, Pennsylvania, and California have opened new sources of revenue to their local governments long before reaching our present overburdened level of property taxation, our law makers, to date at least, have resisted this new trend. I trust you will not construe this statement as an indication of strained relations between the state and our city government. I have already indicated to you the cooperation we are receiving from the state in the matter of our traffic problem. In addition, I should make mention of the work being done by the state to make the Boston Airport the largest and best equipped in the East. Only fifteen minutes from downtown Boston, this airport will be unique of all the large airports in the country.

Legislation enacted this year creating a Market Terminal Authority will undoubtedly result in removing the large trailer delivery trucks from our streets. In the matter of sewage disposal, arrangements have been worked out whereby the Metropolitan District Commission, a state agency, will relieve the city of a direct expenditure of roughly \$12,000,000 for a new sewage treatment and disposal plant. Finally, mention should be made of the changes in the operating structure of the Metropolitan Transit Authority, which operates the rapid transit facilities and service transportation needs of our community. As a result of the 1949 legislation, our subway and tunnel bonds now have an "AA" rating. In addition, the possibility of huge operating deficits has been greatly reduced, thus relieving our annual tax levies of heavy recurring deficit assessments.

Generalizing in a broad way, Boston is far from being a city whose grandeur and glory have departed. It is still the historical mecca of our nation. It is still one of the best convention cities of our land. It is still the commercial, the rail, the banking, the nerve center of the New England area. It is still the center of an area where 2,500,000 people reside, an area which is sound, healthy, and even wealthy.

In the Boston area the average liquid savings are \$600 more than the national average. The annual income is 13 per cent greater than the national average. The family income is second among the metropolitan areas of our country. In per capita bank deposits, we are 53 per cent higher than the average.

We are the third city in income tax payments.

We are the fourth city in volume of bank clearings.

Our buying income is second in the nation.

Intrinsically, the Boston area is virile and strong. It is an area of diversified activities. It can withstand, better than many other areas, the impact of recession or depression.

Don't sell us short! We are having troubles — what big city isn't — but we are far from discouraged. We know — as you must realize — that Boston will continue to be a great center in our country long after all of us here have passed on to the Heavenly City where such mundane things as taxes, and yields, and security have no place.

We are going through, here in America, a period of great change in our mode, our method, and our manner of living. Even as the wall-locked cities of ancient times were forced to conform to changes

of the period, the larger cities of America will be forced to meet the challenge of our changing times. And meet that challenge we must. Not by turning our backs on conscientious public officials. Not by decrying the high cost of government, which in most cases is because of the demands of the people themselves. Not by reducing the type of service which the American city gives to its residents.

No — the answer is not the bald statement that the American city is an evil growth that must be countenanced.

It is rather by the realization that we have built up something ourselves which can be better only if there is greater interest in what transpires in city government; only if there is greater interest in the election of the right kind of men to manage your cities; and only if we will but remember that it is municipal government which affects our daily lives more than any other level of government and is, consequently, deserving of more than passing consideration as we peer into, and plan for, the future.

In closing, may I say, that Boston, for all that has been done to it by selfish persons — and not all of them politicians — has inherent strength and resiliency. Our people are intelligent, resourceful, and, for the most part, God-fearing. We refuse to be counted out in the scheme of things. Boston was the first great center in our land. It always will be the service area and workroom of the vast area known as Metropolitan Boston.

NEW TOLLS AND CHARGES FOR USE OF SUMNER TUNNEL.

(Continued from page 1181.)

to be effective from January 1 to December 31, 1951, inclusive:

SINGLE TRIP TUNNEL TOLL RATES.

Class.		
1.	Truck not in excess of 2 tons capacity	\$0 20
	Tractor without trailer	20
2.	Passenger car	20
3.	Motorcycle	20
4.	Truck over 2 tons and up to 5 tons capacity	25
	Tractor with trailer over 2 tons and up to 5 tons capacity	25
5.	Passenger car with trailer	20
6.	Truck over 5 tons and up to 10 tons capacity	35
	Tractor with trailer over 5 tons and up to 10 tons capacity	35
7.	Tractor with trailer not in excess of 2 tons capacity	20
8.	Truck over 10 tons capacity	1 00
	Tractor with trailer over 10 tons capacity	1 00
9.	Bus with or without passengers	35

The above schedule is the same as that in effect during 1950, except that the towing charges for stalled vehicles have been eliminated. This practice is followed in similar facilities throughout the country. During the past five years the amount collected in towing charges has averaged \$154 per year; therefore, it is not considered worth-while retaining towing charges in the new schedule.

Upon the receipt of your Honor's approval, I shall ask the Corporation Counsel to prepare a petition to the Department of Public Utilities, asking for its approval, as required by section 9 of chapter 297 of the Acts of 1929, as amended.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SIX CITY EMPLOYEES REWARDED FOR OUT- STANDING SERVICE.

(Continued from page 1181.)

and in years of service he is the city's oldest employee. An office engineer for the Public Works Department, he has charge of the drafting section of the Sewer Division where all detail plans for sewer construction are prepared. His skilled and careful work has played an important part in the development of the Boston Main Drainage System and he has become an expert on the city's sewage disposal structures. To the scores of engineers who have come under his supervision his gentlemanly conduct and his absolute integrity have been sources of inspiration.

HELEN E. SHEEHAN, Clerk, School Department.

An employee of the city for thirty-one years, she has charge of all financial data pertaining to the personnel of the School Department, the largest unit in the city service. Through diligent application she has acquired a thorough and accurate knowledge of salary classifications, payroll procedure and budgetary practices in every branch of the School Department. On many occasions she has sacrificed her own free time in order to help bring quick solution to departmental problems. By such industry and readiness to serve she has made herself invaluable to the Superintendent of Schools, to the Business Manager, and to the School Committee of Boston.

HENRY J. BUHLE, General Foreman of Horticulture, Park Department.

In the twenty years since he began his service with the city as a landscape gardener he has advanced steadily in the professional field of horticulture and is today a recognized authority on many forms of plant life. The unique and beautiful floral displays in the Public Gardens, at Copley square, and at other public places are products of his genius. They have brought to his fellow Bostonians both pleasure and civic pride, and to Boston, the admiration of numberless visitors. His devotion to the public service as well as his exceptional ability place him high in the respect of those who are privileged to work with him.

FANNY GOLDSTEIN, Branch Librarian, West End Branch Library, Library Department.

She has labored for more than a quarter-century for the social and civic welfare of the West End and of the City of Boston at large, giving generously of her skill, her energy, and her deep human sympathy to bring about better understanding among the various races and classes of people with whom she has come in contact. By word and deed alike she sets an admirable example to her staff, her colleagues and the community. Both as professional librarian and as loyal and active citizen she serves Boston well.

EUGENE LEONARD, Mortuary Supervisor, Boston City Hospital.

For twenty-five years an employee of the city, he serves faithfully and well in the highly responsible and difficult post of supervisor of the mortuary at Boston's great City Hospital. Both efficient and sympathetic in the discharge of his uncommon duties, he has won the respect

SIX CITY EMPLOYEES REWARDED FOR OUTSTANDING SERVICE.

(Continued from page 1185.)

of his fellow workers and the gratitude of the public. His notable service with the Medical Examiner and with the physicians on the occasion of the Coconut Grove catastrophe offered a dramatic example of his concept of duty.

HANNAH LYNCH, Attendant, Long Island Hospital.

She has been outstanding in her loyalty to the Long Island Hospital and in her devoted care of the chronically ill for over two decades. In the drastic shortage of hospital workers during World War II she willingly answered numerous calls for twelve-hour duty at both her own and other posts. She is a worthy representative of all the men and women who quietly, efficiently, and cheerfully attend to the needs and wants of the sick and the afflicted in our city institutions.

FIRE COMMISSIONER KELLEHER REPORTS ON ACCIDENTAL DEATHS OF TWO MEMBERS OF DEPARTMENT WHILE BATTLING BLAZE.

The following communication was received at the Mayor's office:

BOSTON FIRE DEPARTMENT.
OFFICE OF THE COMMISSIONER.

Subject: Investigation of Deaths of Two Members of This Department in Connection with Fire at 30-42 Everett Street, Allston, Massachusetts.

Reports have been received by the Commissioner concerning the regrettable deaths on September 23, 1950, of Lieut. Roy Burrill and Ladderman William Benson in the performance of their duties as members of this department. The reports of Medical Examiner Richard Ford and his associate, Dr. Michael A. Luongo, are in complete agreement as to the cause of these deaths with the report of Deputy Chief Edward N. Montgomery, who had charge of this department's investigation.

The fire being brought under control at the time was a smoldering wood fire, the sort which generates a great amount of carbon monoxide. It was in a poorly ventilated boiler room, and the boiler room floor had become covered with water to a depth of two to three feet when the two firemen entered. The masks they were using became saturated with water, either as a result of their slipping to the floor or because of the very moist atmosphere, and were thereby rendered ineffective. Because of this the men appear to have removed their masks. They died as a result of inhaling the poisonous carbon monoxide which had been generated as explained above.

This tragedy emphasizes once again the inherently dangerous character of the work performed by the members of this department.

MICHAEL T. KELLEHER,
Commissioner.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, and offices of supplies for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, November 7, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your Honor's approval of my selection of Thomas F. McDonough, 25 Huntington avenue, Boston, Mass., as architect for the construction of a new elementary school building in the Elihu Greenwood District, Hyde Park.

The estimated cost of the construction of the new building is six hundred and fifty thousand dollars (\$650,000), and the architect's fee is to be paid on the basis of 6 per cent of the cost of the building with the following proviso:

As the plans, working drawings and specifications for the heating, ventilating, and electric work are prepared by this department the architect shall receive a fee for supervision only on these items, which is 2 2/5 per cent of the cost of the heating, ventilating, and electric work, all subject to the provisions of the agreement for architectural services.

There is a universally accepted standard rate for the professional services required and I see no advantage to the City of Boston in publicly advertising for this type of service.

The appropriation for this work has been approved by the School Committee as of April 18, 1950, and the work authorized.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

INSTITUTIONS DEPARTMENT.

BOSTON, November 10, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without publicly advertising for bids, to John Guarino for full architectural services in connection with the proposed installation of two elevators, one in the Morris Building, and one in the Nichols Building, Long Island Hospital, Boston, Mass.

The estimated cost of the proposed installation is \$69,000, and the architect will be paid a fee equal to 10 per cent of the actual total cost of this work.

In view of the professional nature of the services involved, it is felt that nothing would be gained by publicly advertising for bids.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PARK DEPARTMENT.

BOSTON, November 9, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

The Board of Park Commissioners respectfully requests permission to enter into a two-year agreement starting November 1, 1950, with the American Coin Lock Company of Pawtucket, R. I., for the operation of convenience stations on Boston Common. This company has operated these stations on the Common, at Park street, West street, and Flagstaff Hill, for over 25 years. We have been paying them \$2,500 per year for this service and under the terms of the present agreement, which will be continued in the new agreement, the company furnishes and pays four attendants who maintain the convenience stations from 6 A.M. to 12 midnight, and they also furnish all supplies, such as tissue, mops, brooms, brushes, cleaning materials, etc.

If the Park Department were to operate these stations, the salaries alone of the four attendants would amount to approximately \$10,500 annually, and in addition the city would have to purchase all supplies required.

Because of the fact that the concern in recent months has just about broken even on receipts and expenditures at these stations, they have agreed to operate them only for a two-year period instead of a longer period as was customary under former leases. Their reports show that the revenue from the Common stations is steadily declining.

The Board of Park Commissioners, therefore, believe that for the best interests of the city the contract should be awarded to the American Coin Lock Company, without advertising. The Board knows this company to be one of the best in this line of business and that other companies in the same line would not furnish the personnel to operate the stations.

Accordingly, the Board requests that they be allowed to award a contract, without advertising, to the American Coin Lock Company for the operation of three convenience stations on Boston Common, for a two-year term beginning November 1, 1950. Under the terms of the contract the city will pay the American Coin Lock Company the sum of \$2,500 per year and the company will furnish all necessary personnel, supplies, and cleaning materials, and also will retain the receipts of the coin locks.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 13, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested for this department to dispense with the usual form of advertising and enter into a contract with State Street Corporation whereby said corporation will lease the office at 801 on the eighth floor of the building situated at 10 State street, and also the former banking office within said building having a separate entrance numbered 14 on State street, Boston, for term of one year beginning November 15, 1950, at an annual rate of \$5,720, for the purpose of providing additional quarters for the Department of Veterans' Services.

The Veterans' Service Department is being required to move from its quarters

on the Common and I am enclosing a letter from Francis X. Cotter which will explain the situation thoroughly.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, November 6, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the American Service Company of 253 Adams street, Dorchester, is engaged on a contract which provides for the servicing and maintaining of the street gas lamps that are located in this city. The work of this company has been very satisfactory, and I have, therefore, held a conference with its representative, Mr. Bernard A. Fitzgerald, to discuss a similar contract to be executed for the first three-month period of 1951.

During the present year, we have eliminated approximately 1,500 gas lamps in this city and have replaced them with electric lights. The latter-referenced number of gas lamps is in excess of the number that we are permitted to remove, under the terms of the present contract, but the contractor did not protest, because, as Mr. Fitzgerald told me, they recognize that the city is embarking on a program to eliminate all gas lamps as soon as possible. He informed me that the American Service Company is agreeable to eliminating the present clause in the contract which restricts the city to the removal of not in excess of 10 per cent of the number of lamps in service. At the time that the present contract was executed during the current year, there were approximately 7,000 gas lamps located in the city and, under the circumstances, therefore, we were restricted to the removal of approximately 700. However, in an effort to improve the street lighting facilities in the city, we have removed in excess of twice that number, and the contractor, the American Service Company, was most cooperative and understanding and no protest was registered by its representatives.

Mr. Fitzgerald has informed me that the price of glassware, mantles, etc., has increased in the past month and that, therefore, he feels they are entitled to a general increase of 8 per cent for supplies furnished under a contract for the period starting April 1, 1951. For the first three months of the year, however, he is agreeable to accepting a contract at the present contract price, because, as stated by him, he has sufficient materials on hand for the next four months that were purchased at the old market price. Due to the provisions of section 3A of the City Charter, we are prohibited from entering into a contract to extend beyond the above-referenced period.

There would be no advantage, in my opinion, in publicly advertising for proposals, because I am satisfied that the American Service Company is the only contractor in this vicinity capable of rendering the type of service required under this contract and at the item prices in effect in the present contract.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for proposals, to the American Service Company of 253 Adams street, Dorchester, for the servicing and maintaining of approximately 6,000 gas lamps located in the streets of this city at the same unit prices of the present contract, with the understanding

that the contract will be executed subject to the provisions of section 3A of the City Charter governing liabilities that may be incurred pending the appropriating of funds by the City Council governing the type of service to be provided under the contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, November 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of November 8, 1950, the Frank DiCenso Company of 24 Helena road, Dorchester, submitted the lowest bid, after publicly advertising, for sewerage works in Old Colony Parkway, from 1,070 feet south of Mt. Vernon street 100 feet southerly, Dorchester, in the proposal filed at this office and with the City Auditor.

In the proposal form submitted to the City Auditor, this firm neglected to fill in a bid price under Item 12 for two cubic yards of rock. However, in the proposal form submitted to this office they included a price under Item 12 for the two cubic yards of rock at \$6 per cubic yard.

Because of the above-mentioned factors your approval is respectfully requested to the award of a contract, without publicly advertising for bids, to the DiCenso Company for the sewerage works in Old Colony Parkway, based on their low bid total of \$3,380, with the inclusion in the contract of Item 12 for the two cubic yards of rock at the bid price of \$6 per cubic yard.

The work to be done under this contract is to be completed within 30 days after approval of the contract by the Mayor.

Following is a summary of the bids received November 8, 1950, after publicly advertising for same in the *City Record* issue of October 28, 1950:

Frank DiCenso Company, \$3,380; C. Russo, Inc., \$4,637; H. DiTullio & Sons, Inc., \$5,095.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, November 14, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Thursday, November 2, a serious cave-in occurred in a section of the roadway area of Rutherford avenue, Charlestown, in front of the plant of H. P. Hood & Co., and adjacent to the deep excavation made by the contractor engaged in the construction of the Sullivan Square underpass. The underpass is being constructed under a contract with the State Department of Public Works by the contracting firm of M. DeMatteo Construction Company of 200 Hancock street, Quincy. Since the cave-in, the latter-referenced contractor has taken steps to place additional bracing and shoring to support the side of the excavation parallel to Rutherford avenue, and has also taken steps to repair the damage caused by the cave-in.

Last Friday, November 10, I received a communication from the above-referenced contractor, claiming, in substance, that the cave-in was caused by a leak in the 42-inch concrete sewer that is under the jurisdiction of this department and that, therefore, said contractor was going to hold the city liable for damages sustained and for any expense that the contractor

would be required to assume as the result of this cave-in. Therefore, I visited the site on Friday with the Corporation Counsel, and we felt that it would be desirable to engage the services of a consulting engineer to protect the city's interests and to prepare a study and report on the entire situation and be ready to testify in the event that a suit was subsequently entered against the city by the contractor.

I am certain that the contractor has no grounds for any claim against the city, because it is my unqualified opinion that the cave-in resulted due to inadequate bracing, shoring, and sheeting of the side of the excavation by the contractor. However, as stated, it was deemed advisable by both the Corporation Counsel and the undersigned to engage a consulting engineer for the purpose, as stated, of protecting the interests of the city. On last Saturday, November 11, therefore, I engaged the services of the nationally known consulting engineering firm of Metcalf & Eddy, 1300 Statler Building, Boston, to conduct a complete investigation of any and all matters affecting the cave-in and to prepare a report on the matter and be prepared to testify in court in the event of a subsequent law suit.

It is impossible, on a contract of this kind, to determine what the eventual cost will be to the city, because we are not certain at this time as to what steps will be taken by the contractor in his attempt to collect damages from the city, and we are very uncertain as to the extent of the study that the consulting engineer will be required to make. However in any event, it is my opinion that the cost of the work to be undertaken by Metcalf & Eddy will exceed \$1,000, but will probably not exceed \$5,000. It obviously was impractical for the city to publicly advertise for bids for this type of service.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to the consulting engineering firm of Metcalf & Eddy, 1300 Statler Building, Boston, to conduct an investigation affecting the cave-in of that section of Rutherford avenue, Charlestown, described hereinbefore.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On November 6, 1950, your Honor approved a letter of award for furnishing groceries and canned goods to the various city departments. Bids were publicly opened and read in this office on October 10, 1950.

Subsequent to the approval, the Boston City Hospital requested additional quantities on some of the items. Inasmuch as only a short period of time has elapsed since the public opening of bids, it is requested that I be granted authority to dispense with any public advertisement at this time and to award contracts to the vendors who submitted the lowest prices on the publicly opened bids.

The awards will be as follows:

George D. Emerson Company, Item 8, 165 cases at \$6.95 per case.

Independent Cash and Carry, Inc., Item 14, 255 cases at \$6.28 per case;

Item 71, 1,080 pounds at 16.39 cents per pound; Item 74, 6,250 pounds at 19.27 cents per pound.

C. Pappas & Co., Item 16, 160 cases at \$4.95 per case; Item 76, 2,400 pounds at 20.75 cents per pound.

Total amounts of awards will be:

Independent Cash and Carry, Inc., \$2,982.79, net, 10 days; C. Pappas & Co., \$1,290, net, 30 days; George D. Emerson Company, \$1,146.75, 2 per cent, 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Re: Out-Patient Building, Boston City Hospital.

GENTLEMEN:

For the sum of \$150 we propose to furnish and install additional labor and materials for waste, vapor vent, and water piping in the Sterilizer Room at the above job, as outlined by Mr. Donovan.

The breakdown of the above price is as follows: Work by Ferris & Mahoney Company, \$100; general contractor's overhead and profit, 10 per cent, \$10; work by M. Spinelli & Sons Company, Inc., \$40; total, \$150.

Very truly yours,
JOHN T. SPINELLI, *Treasurer.*

Re: Out-Patient Building Boston, City Hospital.

GENTLEMEN:

We have been advised by the Wilmot Castle Company that the instrument washer, Wilmot Castle Model No. 100, which they are to furnish for the Dental Clinic cannot be obtained for an indefinite period. However, they inform us that they have a Wilmot Castle Model No. 150 which they can furnish immediately.

This Wilmot Castle Model No. 150 is identical to Model No. 100, but has more elaborate trim and also more added features. The cost of the Wilmot Castle Model No. 100 which was specified for use in the above project is \$950, and the cost of Model No. 150 is \$1,200.

Therefore, we respectfully request that a change order be issued in the amount of \$275 for the substitution of a Wilmot Castle instrument washer Model No. 150 in place of the Model No. 100 which was specified so that there will be no delay in the completion of the above project.

The breakdown of the \$275 amount is as follows: Cost of Model No. 150, \$1,200; cost of Model No. 100, \$950; added cost, \$250; contractor's overhead and profit, 10 per cent, \$25—\$275.

Very truly yours,
JOHN T. SPINELLI, *Treasurer.*

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Argus Electric Service Company for installing emergency lighting with generator in the Boston Latin School, from October 31, 1950, to December 29, 1950. This extension was requested because of a delay in obtaining materials.

Approval has been given for the extension of the time of completion of the contract with Ferris & Mahoney Company for plumbing work at the Franklin School, from November 1, 1950, to December 30, 1950. This extension was requested because of a delay in obtaining flushometers of the type specified.

Approval has been given for the extension of the time of completion of the contract with John F. Hynes, Inc., for fire repairs at the Washington Irving School, from September 15, 1950, to November 15, 1950. This extension was requested because of a delay in securing material.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Two hundred sixty linear feet of surface drain of 15-inch pipe and one (1) catch basin and connection in Lasell street, between Chellman street and Addington road, in the West Roxbury district, at an estimated cost of \$3,300.

A 12-inch pipe sanitary sewer in Old Colony Parkway (west side), between 1,070 feet south of Mt. Vernon street and 100 feet southerly, in the Dorchester district, at an estimated cost of \$2,800.

A 10-inch pipe sanitary sewer and a 10-inch pipe surface drain in Latin road,

between 35 feet northeast of St. Theresa avenue and 280 feet northeasterly, in the West Roxbury district, at an estimated cost of \$9,670.

Two hundred sixty-six linear feet of surface drain of 10-inch pipe, three (3) catch basins, and four (4) catch-basin connections in Lyall street, between Lasell street and 266 feet southeasterly, in the West Roxbury district, at an estimated cost of \$3,290.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment:

John Patrick McCue, 32 Eastman street, Dorchester, as leather measurer (State License No. 1869) for term ending April 30, 1951.

Referred to Committee on Confirmations.

NAMING OF SQUARE IN HONOR OF SUMNER CALISH.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Secretary of the Committee to Memorialize Veterans, relative to your order of October 30, 1950, concerning the naming of the square at the corner of Chestnut Hill avenue and Commonwealth avenue, Ward 21, in honor of Lieut. Sumner Calish of the 406th Fighter Bomb 371 Air Force, who lost his life on August 24, 1944, in France while in the service of his country during World War II.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
November 7, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I acknowledge for the Chairman of the Committee to Memorialize Veterans receipt of Council order of October 30, introduced by Councilors Shanley and Lane, requesting that the intersection of Chestnut Hill avenue and Commonwealth avenue, Ward 21, be named in honor of Sumner Calish.

The next meeting of the committee will be held in April of 1951, and in this connection, would advise that meetings are held twice annually during April and October. The last meeting was held on October 28.

Very truly yours,
L. W. COSTELLO, Secretary.

Placed on file.

NAMING OF SQUARE IN HONOR OF JAMES MAGGIO.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Secretary of the Committee to Memorialize Veterans relative to your order of October 30,

1950, concerning the naming of the square at the intersection of Cambridge and Staniford streets, Ward 3, in honor of Pfc. James Maggio, of the United States Army, who was killed in action at Cassino, Italy, on October 25, 1944.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
November 7, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge for the Chairman of the Committee to Memorialize Veterans receipt of Council order of October 30, introduced by Councilor Lanigan, requesting that the intersection of Cambridge street and Staniford street, Ward 3, be named in honor of James Maggio.

The next meeting of the committee will be held in April of 1951, and in this connection, would advise that meetings are held twice annually during April and October. The last meeting was held on October 28.

Very truly yours,
L. W. COSTELLO, Secretary.

CATCH BASIN AT 283 OLD COLONY AVENUE.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Public Works Commissioner relative to your order of October 2, 1950, concerning the installation of a catch basin in front of 283 Old Colony avenue, Ward 7.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 8, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of October 2:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a catch basin in front of 283 Old Colony avenue, Ward 7."

It has been reported to me that previous to the removal of the edgestone in front of the above-referenced property, the water run off had an unrestricted flow to the catch basin at Jenkins street. Observations during rainfall showed that most of the run off followed the old gutter line to the catch basin but that a ponding condition is created in the area due to improper grading.

It is our intention, therefore, to establish proper grades at the gutter line in order to permit surface water to follow said gutter line to the catch basin at Jenkins street, therefore making it unnecessary to install a new catch basin in front of the above-referenced premises.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

NEW STREET SWEEPING MACHINES, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Public Works Commissioner relative to your order of October 23, 1950, concerning the putting on of new street sweeping machines in the Dorchester section.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 2, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Receipt is acknowledged of order in Council, request of Councilor Farin, under date of October 23, 1950, as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to put on a new street-sweeping machine in the Dorchester section, or, if this is not possible, to have the present sweeper operated on three shifts."

Within a few weeks, it is expected that it will be necessary to discontinue motor sweeping entirely, as these machines cannot be operated in freezing temperatures.

At the present time, it is not possible to have the sweeper operate on three shifts because we do not have sufficient operators to do so.

In the early spring of 1951, we hope to have an additional motor-sweeping machine and operators, which should bring about the improved conditions desired.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

LOUISE PARK IMPROVEMENTS.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 23, 1950, concerning the reconstruction of the roadway and sidewalks along Louise park, Ward 12.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 1, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works reconstruct the roadway and sidewalks along Louise park, Ward 12, and this will advise you that this street is a private way.

Before any work can be performed therein by the Bridge and Highway Division of the Public Works Department, this street will have to be accepted and laid out by the Board of Street Commissioners, Room 401, City Hall Annex, Boston.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 30, 1950, concerning the resurfacing of Gordon avenue, from River street to beyond Horton street, Ward 18.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 6, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works resurface Gordon avenue, from River street to beyond Horton street, Ward 18, and please be advised that this street is public from River street to approximately 100 feet westerly of Horton street. From that point on, it is a private way.

The public portion thereof will be put on the list of streets to be given consideration for construction during 1951. The private portion will have to be accepted and laid out by the Board of Street Commissioners, Room 401, City Hall Annex, before this division can perform any work therein.

Very truly yours,
GEORGE G. HYLAND,

SIDEWALKS ON STORY AND EAST FIFTH STREETS.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 30, 1950, concerning the installation of granolithic sidewalks on both sides of Story street and also on East Fifth street, between G and H streets, Ward 7.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 6, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on both sides of Story street and also on East Fifth street, between G and H streets, Ward 7, and this will advise you that the work mentioned in regard to East Fifth street is under contract and should be taken care of in the very near future. Insofar as Story street is concerned, same will be put on the sidewalk list for consideration for construction during 1951.

NEW WATER MAIN, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, November 13, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 30, 1950, concerning the delay in installing the new water main on Washington street, between Morton and River streets, Ward 17.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
November 10, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of October 30:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to immediately look into the reasons for the delay in installing the new water main on Washington street, between Morton and River streets, Ward 17, and to do everything possible to expedite this work, as it has been going on for the past several months and has become a hazard and interferes with the proper conduct of business by many merchants in the vicinity."

I presume that everyone knows the above-referenced work is under the jurisdiction and control of the Metropolitan District Commission. I talked with Chief Engineer Frederick Gow of the Construction Division of the M.D.C. concerning this matter, and he admitted that the contractor had been very slow, but that the work had reached a point where he felt it could be completed and the trench backfilled within the next ten days or two weeks. I informed him of the Council order and the necessity of completing the installation of the new water main as soon as possible, and he assured me that the M.D.C. would do everything possible to complete the work in the near future.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of October 30, 1950, concerning the development of the land, if possible, on Eden street, Charlestown.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, November 6, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting that the Mayor arrange for the appropriation of a sum sufficient for the development of land on Eden street, Charlestown, formerly occupied by the Winchester Home for the Aged, for the purpose of developing it into a children's play area. We have been given to understand that this land is in the custody of the Department of Foreclosed Real Estate.

It will be necessary for this department to make an investigation of this area to see whether or not it is suitable for play area purposes.

Upon receipt of this information we could then decide whether it should be turned over to this department from the Foreclosed Real Estate Division. In any event, if the land was turned over to this department, it would require funds which would have to be provided for in the 1951 budget.

Very truly yours,

FRANK R. KELLEY, Chairman.

Placed on file.

HUMPHREYS STREET, WARD 7, AS ONE-WAY STREET.

The following was received:

City of Boston.

Office of the Mayor, November 13, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of October 30, 1950, concerning the making of a survey of traffic conditions on Humphreys street, Ward 7, to determine whether this street should be made one way.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

November 10, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order of October 30, 1950, requesting consideration and report on making Humphreys street one way, I wish to report that at our meeting held on November 9 the Traffic Commission voted to make Ceylon street one way from Bird street to Columbia road, and we believe when this is done that much of the northbound traffic in Humphreys street will be eliminated and thus help to accomplish some of the relief which is desired in this area.

After observation of the effect of the making of Ceylon street one way, if the desired results are not obtained we shall be glad to consider making Humphreys street one way also.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston.

Office of the Mayor, November 13, 1950.
To the City Council.

Gentlemen:

I submit herewith ten orders for the naming of various intersections in the city in honor of veterans of World War II who were killed in action.

The Committee to Memorialize Veterans, after due consideration, has recommended the naming of the various sites as set forth in the accompanying orders.

In view of the fact that each site is to be named in memory of a veteran who sacrificed his life on the altar of liberty, I recommend that your Honorable Body give approval to the accompanying orders.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Board of Street Commissioners,
October 27, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Committee to Memorialize Veterans, held this day, it was voted to designate the following intersections in honor of the following-named veterans of World War II:

Howard avenue and Dudley street, Dorchester district—William M. Atkinson Square. (Seaman Second Class Atkinson was killed on the U.S.S. "Franklin," off Japan coast, March 19, 1945.)

Arcadia and Beethoven streets, West Roxbury district—Walter R. Botolinski Square. (Private Botolinski of the 45th Infantry Division of U.S. Army, was killed in Italy on December 15, 1943.)

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston.

Office of the Mayor, November 13, 1950.
To the City Council.

Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners, requesting the appropriation of \$40,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1950 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$189,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$40,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Park Department, November 3, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$40,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows: Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$40,000

When making up the budget estimates for the year 1950, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1950, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,

FRANK R. KELLEY, Chairman.

Ordered, That the sum of forty thousand dollars (\$40,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows: Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$40,000

Referred to the Committee on Parkman Fund.

APPROPRIATION FOR PURCHASE OF LAND IN WEST ROXBURY.

The following was received:

City of Boston.

Office of the Mayor, November 13, 1950.
To the Honorable City Council.

Gentlemen:

I submit herewith an order whereby the sum of \$11,000 may be appropriated from the Special Account, Sales of City Property, to be expended for the purpose of acquiring by purchase, by eminent domain, or otherwise for playground purposes, a parcel of land containing approximately 294,715 square feet situated in the West Roxbury district, bounded by Russett road, Bruce street, Veterans of Foreign Wars Parkway, and Weld street.

The City Planning Board in its report for the year 1948 recommended that this property be acquired by the city at an early date for future development as a playground area.

On March 6, 1950, an order was passed by your Honorable Body requesting that this property be acquired by the City of Boston for playground purposes. I therefore recommend the adoption of the accompanying order by your Honorable Body.

Very truly yours,
J. B. HYNES, Mayor.

City of Boston,
Park Department, November 6, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

On March 6, 1950, the City Council passed an order requesting the Board of Street Commissioners to purchase or take by eminent domain a certain parcel of land in West Roxbury, bounded by Russett road, Bruce street, Veterans of Foreign Wars Parkway, and Weld street, for the purpose of constructing a playground for the small children in the neighborhood. The Board of Street Commissioners has conferred with the owner of the property and believes that the property can be obtained for the sum of \$11,000.

At a meeting of the Board of Park Commissioners held on October 17, 1950, this Board voted to undertake the steps necessary for the acquisition of the land and now requests your Honor to bring to the City Council the appropriate order transferring to this department the necessary funds to acquire the land.

Very truly yours,
FRANK R. KELLEY, Chairman,
Board of Park Commissioners.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws the sum of eleven thousand dollars (\$11,000) be, and the same hereby is, appropriated from the Special Account, Sales of City Property, to be expended for the purpose of acquiring by purchase, by eminent domain, or otherwise, for playground purposes a parcel of land containing approximately 294,715 square feet situated in the West Roxbury district, bounded by Russett road, Bruce street, Veterans of Foreign Wars Parkway, and Weld street.

Referred to the Executive Committee.

POLICE DEPARTMENT ORDERS.

General Order No. 1,382.

Lieutenant-Detective Joseph B. Dawson, Detective Bureau, honorably discharged veteran of World War I, having arrived at the age of fifty-one years, having been in service of the Boston Police Department for twenty-five years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Lieutenant-Detective Joseph B. Dawson will be retired from active duty in the Police Department, effective Tuesday, November 21, 1950, at 5.45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,383.

A trial board, consisting of Captains Leo C. J. Masuret, Frank H. Sliney, and Francis W. Russell, having heard by reference a complaint made by Capt. James F. O'Neil, Division 17, against Patrolman Thomas J. Walsh, Division 17, charging him with violation of the rules and regulations of the Police Department, has reported to the commissioner a finding of guilty; therefore, it is

Ordered, That the said Patrolman Thomas J. Walsh perform three hundred hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

DAMAGES AWARDED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 20, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Colchester street, be, and the same hereby is, amended, by adding to said order the amount \$400, as an award to Catherine M. Grady and Margaret S. Stirzaker, as tenants in common; that

the amount \$400 be, and the same hereby is, awarded to Catherine M. Grady and Margaret S. Stirzaker, as tenants in common, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 22, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Faraday street, be, and the same hereby is, amended, by adding to said order the amount \$130, as an award to Roger T. Tierney; that the amount \$130 be, and the same hereby is, awarded to Roger T. Tierney for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 2, 1949, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Lombard street, be, and the same hereby is, amended, by adding to said order the amount \$50, as an award to Mary M. Dacey and Mary Claire Dacey, joint tenants; that the amount \$50 be, and the same hereby is, awarded to Mary M. Dacey and Mary Claire Dacey, joint tenants, for the damages so sustained.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Meshaka street, West Roxbury district, as a highway, from Washington street 188 feet southerly, thence easterly 70 feet, and westerly 110 feet, bounded and described as follows:

A highway named Meshaka street is hereby laid out, from Washington street approximately 185 feet southerly, thence easterly approximately 50 feet, and westerly approximately 90 feet, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Washington street, forty and 12-100 feet; easterly by the easterly line of said Meshaka street as hereby laid out, one hundred eighty-three and 21-100 feet; again northerly by the northerly line of said Meshaka street as hereby laid out, forty-nine and 33-100 feet; easterly by the easterly line of said Meshaka street as hereby laid out, forty and 12-100 feet; southerly by the southerly line of said Meshaka street as hereby laid out, one hundred fifty-eight and 21-100 feet; southwesterly by the southwesterly line of said Meshaka street as hereby laid out, forty-three and 40-100 feet; northerly by the northerly line of said Meshaka street as hereby laid out, ninety and 1-100 feet; and westerly by the westerly line of said Meshaka street as hereby laid out, one hundred eighty-three and 26-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of said Meshaka street, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of the said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

FIRE DEPARTMENT ORDERS.*General Order No. 65.***ANNUAL MEMORIAL MASS.**

The annual Solemn Requiem High Mass will be celebrated for all deceased members of the Boston Fire Department at 9 A.M., Tuesday, November 28, 1950, at the Cathedral of the Holy Cross, Washington street, Boston.

The Most Reverend Archbishop Richard J. Cushing will preside at the Mass and preach the sermon. Monsignor Henry J. O'Connell, Boston Fire Department chaplain, will be Celebrant; the Reverend Michael F. Costello and the Reverend James J. Manning of the Holy Cross Cathedral will be Deacon and Subdeacon, respectively.

All officers and members of the Fire Department and Fire Alarm Division who are off duty, also members of the Fire Prevention Division, Boston Protective Department, Maintenance, and the Electrical Inspection Division are requested to attend this Memorial Mass. District chiefs shall arrange to detail three members from their respective districts. The uniform for privates and officers will include sack coats and white gloves.

Members of the Fire Alarm, Fire Prevention, Maintenance, and Electrical Inspection Divisions, and the Boston Protective Department will march as separate units in the procession from Engine Company 3 quarters to the Cathedral.

All members of the department who attend should report to Captain-Drillmaster Augustus J. Beaupre at 8.30 A.M., Tuesday, November 28, at the quarters of Engine Company 3, 618 Harrison avenue, Boston. They will march from this point to the Cathedral of the Holy Cross. Deputy Chief James J. Kane, liaison officer to Chaplain O'Connell, will greet out-of-town chiefs attending the Mass.

Many members of the fire service are enrolled on the list of heroic dead. Some have died in defense of country, others as a result of injuries incurred in the line of duty. Others have passed on after illness or the natural course of years. All of these we remember in this religious service as we ourselves may wish to be remembered some day in years to come. The extent of the tribute and remembrance of our Fire Department dead in this instance rests squarely upon the department itself. By the response of members will be measured the depth of our respect for our departed fellow firemen. All persons, all groups, and all organizations should combine in this activity to make the attendance at this service as large as possible.

Families, relatives, and friends of members and former members are likewise cordially invited to attend our eighth annual memorial Mass.

At the conclusion of the services, members shall march from the church to Engine Company 3's quarters where they will be dismissed.

The following-named members will serve as ushers at the memorial services at the Holy Cross Cathedral. They shall report to District Chief James F. McFadden at 8.30 A.M., at the Cathedral.

Capt. John A. O'Neill, Engine Company 23.

Lieut. John F. H. Fox, Engine Company 49.

Lieut. Walter L. Sullivan, Ladder Company 1.

Lieut. John A. Rose, Engine Company 6.

Lieut. Edward W. Sharkey, Engine Company 30.

Hoseman John E. Burwell, Engine Company 15.

Ladderman Paul R. Harvey, Ladder Company 14.

Hoseman Frank Mayo, Headquarters, Operator Charles F. Connors, Fire Alarm.

All members of the band and color guard, whether on or off duty, shall report to Band Manager-District Chief James F. White at Engine Company 3 at 8.30 A.M. Members of the band and color guard working the day tour the 28th shall be excused until 12 noon.

The Superintendent of Maintenance shall arrange to deliver colors and rifles to the assembly point, Engine Company 3's quarters, and flag stand to the Holy Cross Cathedral.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN VARIOUS SCHOOLS, GROUP G-3.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in various schools, Group G-3.

Proposals will be received until 12 o'clock noon, Thursday, December 14, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, December 11, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1930.

PROPOSALS FOR REPAIRING TWO (2) SPARE MAIN TRUCKS FOR THE SUMMER STREET DRAWBRIDGES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing two (2) spare main trucks for the Summer Street Drawbridges. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairing Two (2) Spare Main Trucks for the Summer Street Drawbridges," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, DECEMBER 6, 1950, with a certified check for ONE HUNDRED AND FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. DEPARTMENT OF SCHOOL BUILDINGS.

TO ELECTRICAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING EMERGENCY LIGHTING WITH GENERATOR IN JEREMIAH E. BURKE SCHOOL, 60 WASHINGTON STREET, ROXBURY, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing emergency lighting with generator in the Jeremiah E. Burke School, 60 Washington street, Roxbury, Mass.

Proposals will be received until 12 o'clock noon, Thursday, December 7, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300 shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority on or after November 27, 1950.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, December 4, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful electrical contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

BOSTON CREDIT UNION AGAIN SHOWS YEAR OF PROGRESS AND SUCCESS IN AIDING CITY EMPLOYEES NEEDING FINANCIAL ASSISTANCE—MEMBERSHIP REACHED 7,711, WITH 718 DEPOSITORS AND 3,666 BORROWERS—LOANED A TOTAL OF \$1,193,048.48.

The City of Boston Credit Union has been shown to have had a most successful year, both from the viewpoint of the employees aided and from the financial rating. This was shown when the reports of the several committees were received at the annual meeting on Tuesday, November 21. The meeting was held in the Council Chamber.

From the report of the Credit Committee it was shown that the number of members in the system for the year ending October 31, 1950, was 7,711, the number of depositors 718, and the number of borrowers 3,666.

The total amount loaned during the year was \$1,193,048.48. The total amount loaned since the organization began busi-

MAYOR HYNES APPROVES RENEWAL OF CONTRACT WITH COLEMAN DISPOSAL COMPANY FOR DISPOSING OF GARBAGE AND REFUSE FROM INDICATED SECTIONS OF CITY—ACTION REQUESTED BY PUBLIC WORKS COMMISSIONER HYLAND IN LETTER OF EXPLANATION—COSTS THUS REDUCED ANNUALLY BY \$51,807 UNDER PLAN.

His Honor the Mayor has received the following communication from Commissioner Hyland:

The current contract with the Coleman Disposal Company for disposing of garbage and refuse from certain designated sections of the city will terminate on December 31, 1950.

The service performed by the above-referenced contractor is of vital importance from a public health point of view, and it is absolutely essential to provide for a similar contract for 1951. The only change in the proposed new contract will involve the garbage currently towed

MAYOR JOHN B. HYNES ISSUES PROTEST AGAINST COMPULSORY AUTOMOBILE INSURANCE RATES AS DISCLOSED BY STATE INSURANCE DEPARTMENT—BOSTON CAR OWNER WOULD BE COMPELLED TO PAY \$18.90 FOR ADMINISTRATIVE EXPENSES OF HANDLING HIS POLICY, WHILE OWNERS IN 175 CITIES AND TOWNS WOULD PAY BUT \$5.40 FOR SAME SERVICE—MAYOR TERMS THIS SETUP PATENTLY UNFAIR TO OWNERS IN BOSTON AND NEIGHBORING CITIES—CALLS FOR REVIEW AND RECOMPUTATION ON NEW BASIS OF DIFFERENT FORMULA.

Mayor Hynes, in a protest against the proposed 1951 compulsory automobile insurance rates, has disclosed that the State Insurance Department allows 36 per cent of the money collected in insurance from automobile owners to cover administrative expenses of the insurance companies and that only 64 per cent is allocated to cover accident claims.

He said this would mean that next year the Boston automobile owner would pay \$18.90 for the administrative expenses of handling his compulsory insurance policy, whereas the car owners in 175 cities and towns which enjoy the minimum rate would pay \$5.40 for the same service.

Hynes termed this setup patently unfair and unjust to car owners in Boston and a number of neighboring cities, pointing out that this phase of the expense is apart from the so-called accident factor.

Hynes called upon state insurance officials to withhold the tentative compulsory insurance rates for next year and to compute them anew on the basis of a different formula.

He insisted that the administrative expenses connected with the handling of compulsory automobile insurance should be assessed evenly against all the cities and towns of the Commonwealth and that the accident formula should apply only to the remaining 64 per cent of the costs which actually involve accident claims.

Letter of Protest.

Mayor Hynes sent the following letter of protest to state insurance officials, who are holding a public hearing today on the tentative rates:

CITY AUDITOR CHARLES J. FOX ISSUES INSTRUCTIONS TO DEPARTMENTS FOR END OF YEAR TRANSACTIONS TO FACILITATE CLOSING OF 1950 ACCOUNTS.

City Auditor Charles J. Fox has issued the following instructions to city departments relative to end of the year transactions:

In order to assure an early closing of 1950 accounts, the following schedule has been established:

DECEMBER 8, 1950—Last date for sending requisitions to Printing and Supply Departments covering work and purchases to be charged against 1950 appropriations.

DECEMBER 15, 1950—Last date for sending to the Auditing Department service orders covering work or services to be performed before December 31, 1950.

In the light of these deadlines, department heads should anticipate departmental requirements for the balance of the year and make certain that the necessary paper work is completed on or before the aforesaid dates. Printing and Supply requisitions and service orders initiated subsequent to these dates will be processed as charges against 1951 appropriations. Purchase and service orders not filled or completed on or before December 31 will be automatically canceled by this office. Notice of such action will be given to departments involved who may, if they so desire, take appropriate action to supersede the old commitments with 1951 orders.

PAYMENT OF 1950 OBLIGATIONS.

Under the provisions of section 56 of chapter 44 of the General Laws "the treasurer shall, until January 10, enter in his books all items for the payment of bills incurred and payrolls and wages earned during the previous year and expenditure therefore shall be deemed to be as of December 31 preceding." In order to comply with this provision, it is necessary that all receiving notices, departmental and nonorder invoices and payrolls relating to services rendered in 1950 be received in this office on or before January 8, 1951. In the event any 1950 obligation cannot be processed by this date, provision should be made for its inclusion in the 1950 Unliquidated Reserve. Encumbrances on 1950 uncompleted contracts will be carried forward by the City Auditor upon request.

RESERVE FOR 1950 UNLIQUIDATED OBLIGATIONS.

As in previous years, a special reserve account will be established in closing the accounts for 1950 to provide for all bill and payroll commitments of that year which, because of unusual circumstances, could not be processed on or before January 8, 1951. Under the new Standard Invoice System, this office will automatically provide in this Reserve for all completed purchase and service orders on which invoices have not been received from vendors. On commitments covered by departmental or nonorder invoices which cannot be processed within the time limit previously mentioned, department heads should request the City Auditor in writing to include in

the Reserve the amounts involved. This procedure should also be followed in the case of overtime work performed in the closing days of the year on which payrolls can not be submitted before January 8, 1951.

END OF THE YEAR PAYROLLS.

The calendar year 1950 ends on a Sunday. Because of this fact, the totals appearing on payrolls for the week ending January 2, 1951, will be divided as follows:

DECEMBER 31, 1950, DRAFT.
60%

JANUARY 2, 1951, DRAFT.
40%

Separate requisitions covering this division must be submitted with each payroll. Notations should be placed at the bottom of each payroll indicating how the total of the payroll has been divided between the two drafts.

END OF THE YEAR TRANSFERS.

No orders which are being held in this office because of lack or insufficiency of appropriations will be processed after December 15. Departments should anticipate their needs in such cases and make certain that requisitions for transfers of funds reach the Auditing Department on or before this date.

NEW CLASSIFICATION OF EXPENDITURES.

All requisitions and orders relating to 1951 must be coded in accordance with the standard classifications appearing in the Manual of Instructions prepared by the Budget Commissioner. Department officials associated with the ordering of services and supplies should obtain copies of this manual and familiarize themselves with the new classifications and code.

INCOME TAX REPORTS.

Requisitions for W-2 Forms may now be sent to the Printing Department. Deliveries will be made on or about December 15.

The following schedule should be observed in connection with the preparation and filing of W-2 Forms for the year 1950:

DECEMBER 26, 1950—End of last payroll week to be included in total compensation to be reported for weekly paid employees. Totals for semimonthly and monthly paid employees should include all payments through December 31. Complete as soon as possible grand totals at bottom of "Withholding Tax Payroll Summary" maintained for each individual employee during 1950.

JANUARY 5, 1951—Last day for submission to City Treasurer of fourth quarter report showing total deductions by payrolls. Following submission of this report, complete right-hand section of W-2 Forms by inserting actual amounts of compensation and deduc-

tions for 1950. When word is received from the City Treasurer that the fourth quarter report has been checked and verified, separate W-2 Forms into three packages. The first package, consisting of Forms 1 and 2, should be distributed as speedily as possible among the employees involved. All employees who received compensation during any part of the year must be furnished W-2 Forms even though no withholding deductions were made. For employees who have left the service, mail the forms to the last known address. Be sure that the left-hand section of all forms indicates post office division as well as name and street address.

JANUARY 19, 1951—Last day for sending to City Treasurer the second and third packages consisting of Forms 3 and 4, respectively. The second package, containing the No. 3 Forms, should be accompanied by an adding machine tape on which is listed all the forms contained in the package. At the top of this tape, indicate the name of the department, the particular payroll designation, and the number of form making up the package.

WITHHOLDING TAX PAYROLL SUMMARY FORMS.

Withholding Tax Payroll Summary Forms for use in 1951 may be obtained by requisition from the Printing Department. In making this requisition, it is suggested that a division be indicated between the number required for weekly paid employees and those paid semimonthly or monthly. The weekly forms will have printed in the "Payroll Period Ending" column the dates for each weekly payroll period, whereas the forms for the other two types of payment will be blank in this column.

CHARLES J. FOX,

City Auditor and Auditor of the County of Suffolk.

MAYOR HYNES' LETTER OF PROTEST ON COMPULSORY AUTOMOBILE INSURANCE RATES.

(Continued from page 1205.)

CHARLES F. J. HARRINGTON, Esq., *State Insurance Commissioner*, 100 Nashua Street, Boston.

DEAR COMMISSIONER:

Please record my official protest as Mayor of Boston against the tentative compulsory automobile insurance rates as promulgated by the State Insurance Department, on the ground that they are unfair to the car owners of Boston.

I object particularly to the system of assessing the so-called administrative or overhead expense in connection with the handling of compulsory insurance.

As I understand it, approximately 64 cents of each dollar paid for compulsory insurance is used to cover accident claims and about 36 cents of each dollar is allowed for what might be termed administrative costs and commissions.

This means that under your tentative schedule of rates a Boston car owner next year would pay about \$18.90 for the administrative expense of handling his compulsory insurance policy, whereas the automobile owners in the 175 cities and towns which enjoy the minimum rate would pay \$5.40 for the same service.

Obviously, this is patently unfair and is a situation which should be corrected immediately.

PART OF REAL STORY.

Over a period of years automobile owners in Boston and some of its neighboring cities and towns have been told repeatedly that the compulsory rates were computed on the basis of a formula determined by the accidents for which insurance claims had to be settled, with the accident costs assessed against the cities and towns where the motorists involved in those accidents registered their automobiles.

That, however, appears to be only part of the real story. An investigation made at my direction shows that the State Insurance Department, in determining the amount of money that should be paid for compulsory automobile insurance, allows about 36 per cent for administrative expenses and 64 per cent to cover accident claims.

On that basis it is impossible to justify a \$15 rate for more than half the cities and towns of Massachusetts and a \$52.50 rate for Boston.

Certainly, it costs no more for administrative expenses to handle a compulsory insurance policy for a car owner in Boston than it does for a motorist in Chilmark or Mount Washington.

It seems to me that the administrative costs connected with the handling of compulsory automobile insurance should be assessed evenly and equitably against all the cities and towns of the Commonwealth, and the accident formula should apply only to the remaining 64 per cent of the costs which actually involve the settlement of accident claims. This would mean a substantially lower rate for Boston and considerably higher rates for many other cities and towns.

I consider this a fair and reasonable recommendation, and I respectfully request that your department hold up the issuance of the official 1951 rates and compute them on the basis of the formula I have outlined.

Very truly yours,

JOHN B. HYNES,
Mayor of Boston.

GARBAGE AND REFUSE REMOVAL CONTRACT RENEWED AT ANNUAL REDUCTION OF \$51,807.

(Continued from page 1205.)

to Spectacle Island from the Victory Road Receiving Station. Under a new contract with Kennedy Brothers of Waltham, the garbage now delivered at Victory road from the two Dorchester districts and from Elm Hill will be purchased by said Kennedy Brothers for \$36,000 annually for the next three years, and it will be transferred to the trucks of the latter-referenced contractor at the Victory Road Receiving Station. Therefore, no arrangements will be made in the new garbage and refuse disposal contract for the transfer of the garbage from these districts to Spectacle Island.

I have negotiated with representatives of the Coleman Disposal Company for a new contract covering 1951, and we have reached an agreement whereby the latter-referenced contractor agrees to furnish, at an agreed price of \$530,000 per year, the same services as provided under the

terms of the present contract, except that no garbage will be hauled from the Victory Road Station to Spectacle Island. This represents an actual annual reduction of \$51,807 as compared with the cost of a similar contract entered into by the previous administration a year ago, and which provided for this garbage and refuse disposal service during the current year. The latter-referenced contract provided for an annual payment of \$581,807.

There would be absolutely no advantage in publicly advertising for proposals for this work, because the Coleman Disposal Company is the only contractor in this area who is equipped to perform the service and do the work required under the provisions of the contract. The price is exceptionally fair and reasonable and, as stated, is substantially less than the cost of the contract entered into a year ago, despite the fact that the Coleman Disposal Company is faced with an increase in labor charges approximating \$25,000.

I respectfully request your approval, therefore, to the awarding of a contract, without publicly advertising for proposals, at a monthly cost of \$44,166.66, to the Coleman Disposal Company of 40 Central street, Boston, for disposing of garbage and refuse collected in designated districts for the period commencing with January 1, 1951, and ending with the last day of the month in which the annual municipal budget of the City of Boston for 1951 becomes effective, but in no event, later than March 31, 1951, and in accordance with the following agreement:

"The parties to this contract hereby agree to renew this contract upon the same terms and conditions for the period commencing April 1, 1951, or the first day of the month next succeeding the month in which the annual municipal budget of the City of Boston becomes effective, whichever is earlier, and ending December 31, 1951, provided that, on or before April 3, 1951, there is available to the Commissioner an unencumbered appropriation sufficient for such renewal contract."

The above-referenced agreement is necessary due to the provisions of section 3A of the City Charter concerning liabilities that may be incurred before an annual appropriation is provided.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

STREET CONSTRUCTION ADMENDMENT.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

ASSESSING DEPARTMENT.

The Mayor has approved the request that a position as Chief of the Billing Division be created at \$4,300 a year, and that John M. Devine be promoted to fill the position.

FIRE DEPARTMENT.

Approval has been given to appoint the following-named as military substitute firemen at \$2,800 a year:

Philip C. LaCascia, 28 Harvard street, Charlestown; George F. Weadick, 10 Strandview road, Dorchester; Martin J. Earner, 193 D street, South Boston; Frank A. DeSisto, 63 Compton street, Boston; John F. Hasson, 26 Patterson Way, South Boston; Chester W. Eastman, 100 Alsen road, Dorchester; Robert J. Keyes, 49 Templeton street, Dorchester; Paul H. Lynch, 174 West Sixth street, South Boston; Frederick A. Poggie, 152 Cornell street, Roslindale; Thomas J. Heanue, 314 Savin Hill avenue, Boston; Joseph P. Fitzgerald, Jr., 370 Bunker Hill street, Charlestown; Ernest W. Clark, 72 Victory road, Dorchester; Edward J. Collins, Jr., 12 Blackwood street, Boston; Frederick J. Grenier, Jr., 17 Linwood street, Hyde Park; Frederick L. Coffey, 309 Chestnut avenue, Jamaica Plain; James J. Flynn, 9 Rock terrace, Dorchester.

HOSPITAL DEPARTMENT.

Main Division.

For the week ending November 7:

The following temporary doctor on the House Staff has been appointed:

Dr. Joseph N. Bonner, resident, Surgical I, \$1,680 a year.

South Division.

The following permanent employee has been appointed:

Joseph T. Earner, 193 D street, South Boston, hospital medical worker, \$30.74 a week.

For the week ending November 7:

The services of the following employee has been terminated:

Frank Klumparndt, 849 East Third street, South Boston, hospital medical worker, \$30.74 a week.

Sanatorium Division.

Approval has been given for the following appointments:

Mary P. Madden, 185 Park street, West Roxbury, registered graduate nurse, \$3,000 a year and meals. Miss Madden was employed at the Sanatorium on June 29, 1949, and therefore is reappointed at a salary which will include the \$300 general increase. Norita Healy Slattery, 27 Prescott street, Dorchester, registered graduate nurse, \$3,000 a year and meals. Mrs. Slattery was employed at the Sanatorium on June 29, 1949, and therefore is reappointed at a salary which will include the \$300 general increase. Mary Dwyer, 20 Easton street, Allston, hospital laundry worker, \$29.74 a week and meals. Stacia Grudinskas, 202 Athens street, South Boston, hospital laundry worker, \$29.74 a week and meals.

Permission has been given for the Sanatorium to fill the positions for patient male nurses with permanent hospital medical workers at a starting salary of \$30.74 a week and meals.

This permission was granted because many of the patients were physically unable to work forty hours a week and were unable to fill quota of patient male nurses.

Patient male nurses, \$31.35 a week and maintenance, present quota, 40, proposed quota 20; hospital medical workers (male), \$30.74 to \$41.49 a week and meals, present quota, 33, proposed quota, 53.

PUBLIC WORKS DEPARTMENT.

Approval has been given to continue the temporary transfer of the following

employees of the Highway Section, as inspectors at \$2,800 a year, for a period of 30 working days, from November 28:

Charles E. Dennehy, 25 Carney court, Charlestown, chauffeur-laborer, \$53.25 a week; Patrick J. Dillon, 96 Chandler street, Boston, laborer, \$50.25 a week.

Approval has been given for the temporary transfer of the following employees, within the Public Works Department, for a period from November 15, 1950, to January 7, 1951, inclusive, to be assigned during a trial period, to provide protective services and guards for all district yards and facilities that are under the jurisdiction of the department:

Highway Section.

Remarks.

United States Rubber Company.—Reels extra, returnable rail freight collect to Bristol, R. I., factory for credit. In the event an order is placed with us, the material will be billed at prices quoted at time of accepting order, subject to adjustment to the market price of all raw materials and existing labor rates at time of shipment.

Eagle Electric Supply Company.—If the order is received with cutting lengths for immediate manufacture or shipment within thirty days, it will be accepted on the basis that it will be invoiced at the prices in effect on the date of shipment but at no greater increase than 20 per cent of the original price.

Marshall & Co., Inc.—All reels are subject to full credit upon return, freight collect, to the United States Rubber Company at Bristol, R. I., in good condition within one year after shipment. In the event an order is placed with us, this material will be billed at the prices quoted at time of accepting order, subject to adjustment at the market price of all raw materials and existing labor rates at time of shipment.

The Okonite Company, Division Hazard Insulated Wire Works.—Prices quoted subject to change without notice. Orders are accepted at prices prevailing at time of quotation subject to adjustment covering actual increases or decreases in elements of cost, which will be correspondingly adjusted at time of shipment.

Westinghouse Electric Supply.—Reels returnable for full credit. F.o.b. point of shipment. Freight allowed to Boston including return freight on empty reels.

Prices quoted are subject to change without notice. Orders are accepted at prices prevailing at time of quotation subject to adjustment covering actual increase or decrease in elements of cost, which will be correspondingly adjusted at time of shipment.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOSTON HOUSING AUTHORITY.

BOSTON, November 16, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MAYOR HYNES:

A fire occurred at the Columbia Village Temporary Housing Development on August 12, 1950, causing considerable damage to building No. 9.

Because of the necessity of providing shelter immediately for the burned-out families, contractors were engaged to make the necessary repairs without following the usual procedure of public advertising.

Permission is now requested to approve an award of the following contracts without advertising:

Emerson Electric Manufacturing Company, \$2,285.85; Construction Units, Inc., \$1,793.73.

Very truly yours,

CORNELIUS T. KILEY, *Chairman.*

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, November 7, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

This is with further reference to a proposed contract for the erection and completion of an elementary school in the Henry Grew District, Millstone road, Hyde Park district, Boston, Mass.

Following your Honor's approval of November 1, 1950, of the selection of G. L. Rugo & Sons as general contractors by my letter of October 30, 1950, I decided to consider the subbids. The selected general contractor has agreed to the substitution of J. L. Sullivan & Co., 107 Massachusetts avenue, Boston, Mass., as heating and ventilating subcontractor in the place of R. E. Bettencourt, 63 Rush street, Somerville, Mass., named by me. This subbidder has caused a \$204 adjustment downward in the contract price. Hence, the contract price will be \$302,796, rather than \$303,000, as indicated by my letter of October 30, 1950.

Your Honor's approval of this subcontractor is respectfully requested.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.

(Sanatorium Division).

BOSTON, November 17, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

YOUR HONOR:

Your approval is respectfully requested to award a contract to the McDonald Company in the amount of eight thousand three hundred and eighty-eight dollars and twenty-five cents (\$8,388.25), without

advertising, for furnishing and installing kitchen equipment at the Sanatorium Division.

The present kettles are leaking badly, and the escaping steam creates a hazard. As a result of the leaks, the floor tiles under the kettles are entirely worn out, and seepage of long duration has now resulted in leakage into our grocery store-room.

Controls have already been established for this type of material, and this price is in effect only until November 20.

The awarding of this contract will ultimately result in financial savings, and give us an opportunity to obtain seriously needed replacements which we may be unable to obtain if the present war situation continues.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President of Trustees.

PUBLIC WORKS DEPARTMENT.

BOSTON, November 16, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of Wednesday, August 23, publicly advertised bids were opened in this office for the removal of brick sidewalks in designated streets in the East Boston section, and for the replacing of them with cement concrete walks. The contract was awarded to the low bidder, Charles Todesca, 100 Roslindale avenue, Roslindale, in the total bid price of \$18,277.

The work provided under the terms of this contract is practically completed, but I think it would be desirable to extend the brick sidewalk removal work and have the above-referenced contractor remove the brick from the sidewalks on that section of White street, from Monmouth square to Meridian street, and provide a new cement concrete surface. The contractor has agreed to do the work on White street at the same unit prices that are in effect in his present contract and which, as stated above, were obtained as the result of publicly advertising for bids.

The contractor further has informed me that he can start work on the new contract on next Monday, November 20, and will finish it during the current construction season, weather permitting.

In that the current prices included in this contractor's present contract were obtained as the result of publicly advertising for proposals, I do not feel that any advantage would accrue to the city if we now publicly advertised for bids for this work. Aside from this point, of course, there is not sufficient time to publicly advertise for proposals and have the work completed this year.

I respectfully request, therefore, that you approve the awarding of a contract, without publicly advertising for bids, in an estimated amount of \$6,500, to Charles Todesca, 100 Roslindale avenue, Roslindale, for laying artificial stone sidewalks in White street, East Boston, from Monmouth square to Meridian street.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 14, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from Deer Island for shoe-

making machines and equipment for the machines to be installed in the shoe shops.

It is respectfully requested that authority be granted me to award a contract, without public advertisement, to Singer Sewing Machine Company, manufacturer of the equipment requested. In my opinion, no advantage could be gained by publicly advertising for prices owing to the fact that Singer Sewing Machine Company is the manufacturer and also the sole agent.

Total amount of contract will be \$2,821.95, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, November 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On October 11, 1950, your Honor approved my written request dated October 5, 1950, copy of which is attached, for authority to award a contract for shoe machines to the United Shoe Machinery Corporation without public advertisement.

The proposed contract's approximate total amount was stated in my letter as \$9,454.31. However, this figure is particularly inaccurate since it inadvertently includes charges for still other machinery which is contemplated as being the subject of a lease. Therefore, I now wish to amend the above referred to letter by striking therefrom the figure \$9,454.31 and inserting in place thereof, the figure \$7,049.84.

For your additional information, the machines furnished by this firm in the past have always been highly satisfactory. Furthermore, in my opinion, the machines designated in the requisition as manufactured by this corporation, of which preferred design they are the sole producers, are best suited for their intended purposes. Thus, it appears that advantage would not accrue to the city by publicly advertising for bids.

Also, I would like to clearly point out that it is not possible at this time to determine the final total amount of the contract, since the unit price of each machine at the time of shipment will prevail; however, under the contract terms, the city will be authorized, if it so elects, to decline to accept and pay for any machine the price of which, at the time of shipment, exceeds its unit price as stated in the contract.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, CITY OF BOSTON.

BOSTON, November 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with the provisions of chapter 216 of the Acts of 1950, I respectfully request permission to award a contract for traffic violation slips to Henry Rosnosky of 167 Oliver street, Boston, Mass., without advertising.

Mr. Rosnosky has furnished these violation slips to this court over a long period of years and expects to be able to deliver them on quick notice when slips are needed.

I am estimating at the present time that there will be at least one hundred fifty thousand (150,000) slips used in

1951, comprising six thousand (6,000) books. These books are to cost twenty-six cents (\$0.26) each, or a total of one thousand five hundred sixty dollars (\$1,560).

Respectfully yours,

DANIEL J. LYNCH,
Clerk of the Court.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Donato Antonellis for installation of structural lintels and beams over four window openings, rear elevation, tenth floor, School Administration Building, 15 Beacon street, Boston, from November 1, 1950, to December 15, 1950. Contract approved September 29, 1950, amendment approved November 9, 1950. This extension was requested because of additional work on side of building, as covered by amendment.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, for repairs to the Fairmount Avenue Bridge, over the New York, New Haven & Hartford Railroad to November 24, 1950. This extension was requested for the reason that the contractor has been delayed in getting steel for guard rail.

Approval has been given for the extension of the time of completion of the contract with Marinucci Brothers & Co., Inc., dated June 15, 1950, for deepening Fens Pond at Gate Houses, Roxbury, from September 15, 1950, to October 20, 1950. This extension was requested for the reason that the contractor was delayed in getting material to erect chain-link fence near Stony Brook Gate House at Fens Pond.

Approval has been given for the extension of the time of completion of the contract with General Ship and Engine Works, Inc., 336 Border street, East Boston, for general repairs to ferryboat "Charles C. Donoghue," to November 30, 1950. This extension was requested for the reason that it was found necessary to renew large condenser pipe, which work necessitated the contractor asking for additional time to complete the entire work.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John J. Amara has been directed to omit and substitute the following work under the contract for artificial stone sidewalks in Boyle street, Cordis Street avenue, Edgeworth street, Frothingham avenue, Henley street, Ludlow street, Medford street, South Eden street and Sullivan street, dated September 29, 1950.

Items ordered: In Medford street, omit the laying of approximately 28,000 square feet of artificial stone sidewalks and substitute approximately 2,700 square yards of bituminous concrete sidewalks at \$2.50 per square yard. Estimated cost of omitted work, \$8,680; estimated cost of substituted work, \$6,750; estimated decrease in cost, \$1,930.

Chief of Department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of John Alden road, West Roxbury district, as a highway, from La Grange street to Cottage avenue, bounded and described as follows:

A highway named John Alden road is hereby laid out, from La Grange street to Cottage avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by La Grange street, forty feet; southeasterly by the southeasterly line of said John Alden road as hereby laid out, three hundred sixty-two

and 13-100 feet; southwesterly by Cottage avenue, forty-one and 5-100 feet on a curve of three hundred and sixty-four feet radius; and northwesterly by the northwesterly line of said John Alden road as hereby laid out, three hundred fifty-two and 81-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of John Alden road, West Roxbury district, from La Grange street to Cottage avenue, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of John Alden road, West Roxbury district, from La Grange street to Cottage avenue, under the order of the Board of November 16, 1950, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Cranston road, West Roxbury district, as a highway, from Church street to the Brookline boundary line, with the name of Courtney road or some other distinctive name, bounded and described as follows:

An extension of the highway named Courtney road is hereby laid out, from Church street to the Brookline boundary line, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Church street and Bonad road:

Easterly by Church street, seventy and 8-100 feet; southerly by the southerly line of said extension of said Courtney road as hereby laid out, by two measurements, twenty-two and 61-100

feet on a curve of fifteen feet radius and one hundred eighty-two and 61-100 feet; easterly by the easterly line of said extension of said Courtney road as hereby laid out, thirty-two and 71-100 feet on a curve of twenty feet radius; westerly by Bonad road, eighty and 17-100 feet; northerly by the northerly line of said extension of said Courtney road as hereby laid out, by two measurements, thirty and 12-100 feet on a curve of twenty feet radius and one hundred eighty-three and 39-100 feet; and westerly by the westerly line of said extension of said Courtney road as hereby laid out, twenty-four and 46-100 feet on a curve of fifteen feet radius.

Part between Bonad road and Brookline boundary line:

Easterly by Bonad road, eighty and 17-100 feet; southerly by the southerly line of said extension of said Courtney road as hereby laid out, by three measurements, thirty and 12-100 feet on a curve of twenty feet radius, two hundred fifty-three and 49-100 feet, and two and 39-100 feet on a curve of twenty feet radius; northwesterly by Brookline boundary line, one hundred two and 65-100 feet; northerly by the northerly line of said extension of said Courtney road as hereby laid out, one hundred fifty-six and 22-100 feet; and westerly by the westerly line of said extension of said Courtney road as hereby laid out, thirty-two and 71-100 feet on a curve of twenty feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northerly and southerly sides of Courtney road (formerly Cranston road), from Church street to Brookline boundary line, West Roxbury district, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out of an extension of Courtney road (formerly Cranston road), from Church street to Russett road, West Roxbury district, under the order of the Board of November 21, 1950, and awards no damages therefor.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 20, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Colchester street, be, and the same hereby is, amended, by adding to said order the amount \$100 as an award to Mary C. McDonough; that the amount \$100 be, and the same hereby is, awarded to Mary C. McDonough for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 8, 1949, determining that no person sustains damages by the making of the public improvement, consisting of the extension of Linwood street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Bertha M. Shute \$105. That the amount \$105 be, and the same hereby is, awarded to Bertha M. Shute for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of July 25, 1949, determining that no person sustains damages by the making of the public improvement, consisting of the laying out of Gloria road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Ursula Russo Catino \$375. That the amount \$375 be, and the same hereby is, awarded to Ursula Russo Catino for the damages sustained by the making of the said improvement.

REPAIRS TO AMERICAN LEGION HIGHWAY.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published October 27, 28, 30, and 31, 1950, in the Boston *Globe* and Boston *Post*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in American Legion Highway, West Roxbury district, consisting of the construction of a cross-over in the existing divisional island approximately 100 feet southwest of Canterbury street, as shown on a plan marked "City of Boston, American Legion Highway, West Roxbury, November 21, 1950, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

Proposals will be received until 12 o'clock noon, Thursday, December 14, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work hid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, December 11, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 42

SATURDAY, DECEMBER 9, 1950.

No. 49

MAYOR JOHN B. HYNES CASTS A BACKWARD GLANCE OVER HIS YEAR'S ADMINISTRATION OF THE CITY'S AFFAIRS AND CITES HIS ACCOMPLISHMENTS—AMONG CHIEF FEATURES HAVE BEEN THE NEW ATTITUDE TOWARD CITIZENS IN THE MATTER OF PROPERTY ASSESSMENTS, THE ELIMINATION OF WASTE, THE EFFORTS TOWARD IMPROVING TRAFFIC CONDITIONS, AND SEVERAL IMPROVEMENTS IN FINANCIAL OUTLAYS, ALL GIVING TAXPAYERS A BETTER BREAK.

MAYOR HYNES' LEGISLATIVE PROGRAM SUBMITTED TO THE GENERAL COURT CALLS FOR ACTION ON 31 MEASURES LOOKING TO IMPROVING OPERATIONS OF CITY'S BUSINESS—OFF-STREET PARKING FUNDS SOUGHT TO FURTHER TRAFFIC RELEASE—OTHER AIDS INCLUDED.

Following approval by Mayor John B. Hynes, the Law Department has filed with the Legislature 31 measures looking to the enabling of the city to conduct its business with more efficiency and lessening expense. Wednesday, December 6, was the final day for filing. The list in the city's legislative program reads as follows:

1. AN ACT Providing for the Construction, Operation and Maintenance in the City of Boston of a Municipally Owned Auditorium.

(Continued on page 1231.)

MAYOR HYNES APPROVES PLANS OF BOARD OF REAL ESTATE COMMISSIONERS TO TAKE LAND IN POST OFFICE SQUARE VICINITY FOR OFF-STREET PARKING FACILITY—ANOTHER PLANNED AT WINTHROP SQUARE—ALSO APPROVES OTHER PLANS OF BOARD LOOKING TO RELIEF OF TRAFFIC CONDITIONS.

The office of the Mayor on November 30 issued the following report of the chairman of the Board of Real Estate Commissioners:

The Board of Real Estate Commissioners has this day taken by eminent domain a site at Post Office square for the purpose of erecting thereon an off-street parking facility that will eventually

(Continued on page 1231.)

In a special interview with John G. Harris of the Boston *Globe* Mayor John B. Hynes summarized the chief accomplishments of his administration in the year just ending. The interview was published in the issue of the Sunday *Globe* of December 3. One of the chief improvements in which the Mayor takes great pride, as he outlined it to the *Globe*, was the fact that the Assessing Department is no longer an auction room.

"We opened the first off-street parking structure. . . . More will follow. . . . We hope to break ground this spring for the garage under the Common.

"The policy of this administration has been to be as fair as possible with everybody and eliminate political consideration as far as possible. This gives the people of Boston a run for their money.

"I think we have accomplished that to some extent. The atmosphere at City Hall at present is a lot different from when I took office. We want to keep it that way."

He summarized the achievements of his administration under the following items:

Waste. "I have just signed contracts that will save \$128,368 on removal of city waste, ashes, refuse, etc. Recently I signed a contract under which a Waltham firm will pay the city \$36,000 a year to take garbage from the Dorchester district. The city is to be paid for this for the first time."

Assessing. "The present board has discouraged the professional abatement seeker. Property owners now don't have to hire political go-betweens to get fair treatment."

New Traffic Patterns.

Traffic. "There are several new traffic patterns—like one-way streets around the Public Garden—to speed the flow. We are installing 3,000 parking meters. Fifty new automatic signal lights are to be installed at dangerous intersections.

"The first off-street parking has been opened at Lincoln and Essex streets. The city gets a \$32,000 annual rental. We now have plans for two more—at Winthrop square and Post Office square. We plan another in the Park square area.

"By next year, with these facilities, and work beginning on the underground garage through a \$12,000,000 RFC loan, we hope to see daylight on solving our traffic."

Park Department. "One playground costing \$40,000 has been built on city-owned land at Gallivan Boulevard, and, at a cost of \$60,000, the Barry Playground in Charlestown, destroyed by the Mystic River Bridge, has been reconstructed."

White Fund. "Plans have just been approved for a \$300,000 swimming pool at North End Park, a project talked about for more than a half dozen years. If we can get materials, this should be ready this summer."

Health Department. "By ordinance we have reorganized this department in line with the Finance Commission survey. Most important, medical men are now in charge full time of the most vital functions."

City Hospital. "A new diabetic clinic."

(Continued on page 1232.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE

MAYOR HYNES APPROVES LAND-TAKINGS FOR OFF- STREET PARKING.

(Continued from page 1229.)

hold between 600 and 700 short-term parkers for the purpose of alleviating the congested parking conditions that exist in the downtown area.

The Post Office square site contains approximately 67,000 square feet, 45,000 square feet of which is at the present time vacant land used temporarily as a parking space for about 200-odd cars, and the balance, five buildings which will be razed to make place for the contemplated parking facility building.

The vacant land and the building numbered 146-150 Congress street, comprising altogether 50,000 square feet, is assessed for \$2,519,600, and is formerly

the site of the New England Mutual Life Insurance Company building, prior to the construction of the new home office on Boylston street, at which time the buildings were torn down on Milk, Congress, and Pearl streets.

The Board of Real Estate Commissioners has been able to obtain this property from the New England Mutual Life Insurance Company for \$750,000, or about one third of its assessed valuation. The New England Mutual Life Insurance Company in its communication to the Board of Real Estate Commissioners dated November 6, 1950, stated as follows: "Having in mind the urgent need of the city for off-street parking, we hereby confirm the stated price of \$750,000, although this is much below the present assessed value.

"Our willingness to continue this offer is largely the result of our desire to cooperate in every way possible with the city in providing badly-needed services and facilities for its citizens, and our feeling that at the same time the addition of such off-street parking in the downtown banking and insurance section of the city will help to stabilize values in that area."

Due in no small measure to the cooperation of the New England Mutual Life Insurance Company, the department is taking over one of the most centrally located areas in the city for parking, with access from four different streets.

Hearings concerning the taking of the Post Office square site were held during the summer. Services of architects and engineers will be retained immediately, and the Board of Real Estate Commissioners expects to commence construction as soon as feasible in the early spring.

Architectural and engineering plans for the erection of a parking facility at Winthrop square, which will hold over 600 cars, are practically completed, and construction will commence shortly.

All of the \$5,000,000 originally allowed by the Legislature for off-street parking has been allocated, and, upon completion of the present planned construction program, approximately 2,500 cars presently cluttering up the streets of Boston and impeding the progress of motor transportation will be accommodated in these off-street parking structures.

Then, with the completion of the Boston Common underground garage, which will hold between 3,500 and 4,000 cars, slightly better than 50 per cent of the city's parking problems have been solved.

The Board of Real Estate Commissioners has plans for other takings in various parts of the city where parking facilities are urgently needed, and with the meeting of the new Legislature will seek additional funds with which to complete its constructive program.

MAYOR HYNES REVIEWS
ACCOMPLISHMENTS OF
HIS FIRST YEAR AS BOS-
TON'S CHIEF EXECUTIVE.

(Continued from page 1229.)

BRIDGE TO LONG ISLAND.

Long Island Hospital. "A new bridge, costing \$2,600,000, is under construction. It will bring savings and save visitors taking all day on a trip there. Facilities for aged and chronic ill are being expanded."

Personnel. "To remove personnel matters as much as possible from the political sphere, we are making a study on salaries and functions to eliminate inequalities."

Budget Department. "Being reorganized. We are asking the Legislature to make the Budget Commissioner director of personnel and give him a ten-year term to remove him from any domination by the Mayor."

Capital Outlay. "The City Planning Board is developing a five-year program for a flexible plan to build according to need. We have a new fire headquarters and new traffic building. Both were needed, but the question was whether other improvements weren't needed more."

Finance Commission Survey. "Reports on this \$150,000 survey are being analyzed to see what can and should be adopted."

Borrowing. "We have reversed the trend. Last year \$2,300,000 was borrowed for current welfare expenses. We have had no such borrowing for current expenses this year. This helps the city's debt structure."

Highways. "This year we have obtained more state money than in the past. Five main thoroughfares have benefited. Three are finished—Columbia road, Blue Hill avenue, Western avenue, Brighton. Two are to be done—Centre street, West Roxbury, and River street, Mattapan. We got \$1,000,000 in state money for a new Meridian Street Bridge. We have set up a new system in the Public Works Department to see that specifications are lived up to. This follows the state's system of double checking."

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, December 4, 1950.

To All Department Heads.

It is customary for his Honor the Mayor to deliver an Annual Message the first Monday of the new year.

In order to present all of the activities and accomplishments of the current year, it is desirable that you send to me, forthwith, a brief resume of the outstanding activities of your department during the year 1950.

Very truly yours,

J. B. HYNES, Mayor.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time from December 31, 1949, to September 1, 1950, on the contract of John T. Bradley, for painting, etc., Division II, Boston City Hospital, said contract having been executed on May 20, 1949. This further extension was requested because of conditions encountered by contractor which were not contemplated at the time the work was begun.

PUBLIC WORKS DEPARTMENT.

Upon November 16 the Mayor approved a contract as requested in the following letter:

BOSTON, November 2, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Publicly advertised proposals were opened in this office on Wednesday, October 25, for the purchase of garbage accumulating at the Victory Road Receiving Station, Dorchester. The following bids were received:

Bid for One Year.—Kennedy Brothers, \$10,000.

Bid for Three Years.—Kennedy Brothers, \$108,000; Jablonski Brothers, Inc., \$33,384.

Bid for Five Years.—Kennedy Brothers, \$175,000; Max Garelick, Inc., \$138,000.

At the present time, the garbage in the Dorchester and Elm Hill districts is collected and hauled to Victory road where it is dumped into scows for towing to Spectacle Island. Under the proposed new system, the garbage would still be hauled to Victory road, but it would be dumped into large-sized trucks, which would proceed directly to hog farms after being loaded. Under the present system, the garbage remains in the station overnight, whereas, under the new system, the garbage would be removed daily and none would remain overnight. The new system would require no change in the present method of collection, and it would, in my opinion, provide for more sanitary disposal than under the present system.

The proposed system not only will result in additional revenue to the city, but it will, in time, reduce the disposal expenses, because, under the present system, the city pays for having the garbage hauled to Spectacle Island.

I discussed all phases of this matter with the Health Commissioner, and he is of the opinion that the proposed new system which provides for the sale of garbage to hog farmers will be satisfactory from the point of view of public health, if the contractor provides metal covers for the trucks used to convey the garbage to the hog farms. The high bidder has agreed to comply with such a requirement.

I respectfully request your approval, therefore, to the award of a contract to Kennedy Brothers of Waltham, for a period of three years, starting January 1, 1951, at the total bid price for the

three-year period of \$108,000, for the purchase of garbage accumulating at the Victory Road Receiving Station, Dorchester.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Upon November 29 the Mayor approved a contract with D. A. Rossano Construction Company, Inc., for redecking sections of Spans 1 and 2, Charlestown Bridge, over Charles River, at an estimated cost of \$11,043. The work shall commence on a date to be specified in a written order from the commissioner and shall be fully completed within one month from that date. The following bids were received November 22:

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and commercial houses for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, November 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to issue four (4) service orders to four different contractors to do emergency roofing work at Long Island Hospital. This damage was caused by the recent storm.

The total estimated cost is \$3,670.

Because of danger and discomfort to the patients, this work must be done immediately. The delay in issuing all the work to one person on a contract would impose hardship on the patients.

I have been advised in this matter by City Auditor Charles J. Fox.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

PARK DEPARTMENT.

BOSTON, November 21, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For at least two generations, if not longer, one of the outstanding features of the City of Boston has been the Public Garden swan boats. This unusual type of entertainment is exclusively Boston's and does not exist in any other city in this country. In fact, favorable comment is received about the swan boats from all sections of the world.

The privilege of operating the swan boats and row boats on the Public Garden Pond has always been held by the Paget family of Brighton. The current lease is held by Mr. John J. Paget and expires on December 31, 1950. These leases have always been made for a five-year period.

Mr. Paget called at this office and stated that there is considerable repair work to be done on the boats before the start of next season and as there is a particular shortage of materials, he desires to start repairs at once. As he has exclusive patent on these boats and the department would be unable to engage anyone else who has the equipment to operate this concession, we believe it is for the best interests of the city to award the lease to Mr. Paget. We feel that nothing would be gained by advertising for bids.

For several years Mr. Paget has been paying an annual license fee of \$600 for the swan boat privilege. We are interested in obtaining additional revenue for the city and have so informed Mr. Paget, and he has agreed to pay us \$800 per year. This concession depends entirely on the weather. If we have an inclement spring and summer, then the revenue is very low. We believe that \$800 is a fair rental.

Accordingly, we ask that a license be awarded to Mr. John J. Paget, 16 Mapleton street, Brighton, for the privilege of operating the swan boat and rowboat concession on the Public Garden Pond for a five-year period beginning January 1, 1951, and ending December 31, 1955, at a rental of \$800 per year.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

PRINTING DEPARTMENT.

BOSTON, November 27, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to the Moore Business Forms, Inc., 38 Chauncy street, Boston, Mass., for furnishing 642,000 continuous carbon interleaved tax bills and 47,500 continuous carbon interleaved tax lists for the 1951 tax requirements for the Collecting and Assessing Departments. Total cost of these forms will be approximately \$15,002.33.

These forms are to be lithographed and are designed for use with automatic pin feed devices and form detaching and recollating machinery now in use in the Assessing Department. This equipment was purchased from the Moore Business Forms, Inc.

The above-named company has furnished the city with tax bill forms and tax bill lists for many years and its product has always been highly satisfactory.

In view of the satisfactory performance continually rendered on the part of this contractor during so many years and because of the special type of devices purchased by the Assessing Department applicable for use on these forms, in my opinion nothing would be gained by public advertising, and, therefore, I respectfully request your permission for the awarding of a contract, without advertising, to the Moore Business Forms, Inc., for the furnishing of these tax bills and tax lists to the city at an estimated cost of \$15,002.33.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

CHANGE IN CONTRACT.

INSTITUTIONS DEPARTMENT.

Construction Units, Inc., has been ordered to make the following change in the contract dated December 23, 1949, for the Laundry Building, Long Island Hospital:

Addition.—Furnish and install wire glass in the large monitor in the center of the main roof, in place of the plain, double thick glass called for originally. This is in accordance with proposal dated October 31, 1950, attached hereto. Subcontractor's price, Beacon Plate Glass Company, \$400; general contractor's profit, 10 per cent, \$40; total, \$440.

EXTRA WORK UNDER CONTRACTS.

LIBRARY DEPARTMENT.

John F. Griffin Company has been directed to do the following work in connection with the contract dated April 6, 1950, and as amended under date of June 26, 1950, for the erection and completion of a branch library building on the lot bounded by Adams street, Delmont street, and Oakton avenue, Dorchester.

The work to be done will consist of the following items:

1. Furnish and erect new standard type woven wire fence, to match that on the site, along easterly lot line from Delmont street to Oakton avenue, without openings and according to newly revised lot line.

2. Furnish and erect new standard type chain link fence to match that on the site, along westerly lot line from Delmont street to Oakton avenue, turning in to building at south side and following outside line of path to building at north side; area between porch and inside line of path to be supplied with bushes as selected.

3. Recondition chain link fence, finish in aluminum paint, along northerly lot line, providing new sections where necessary; also along southerly lot line, providing standard gates at southerly path and piecing out with new sections wherever old are beyond repair.

4. Break off and remove concrete curbing at easterly driveway where it encroaches inside lot line, down to a point 6 inches below new finished grade line.

5. Provide rip-rap field stone or concrete retainer along lot line at driveway where needed to retain earth fill on portion of driveway to be abandoned.

6. Fill, loam, and seed discontinued area of driveway to approximately the center line of building and remove edgestone turn ins at Oakton avenue and Adams street, replacing with new continuous edgestone.

Contract price, \$57,300; total additions, amendment of June 26, 1950, \$13,511; extra order No. 1, \$2,425; amount of contract, \$73,236.

PUBLIC WORKS DEPARTMENT.

James D'Amico, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Capen place, Hendry street, Hesston terrace, and Wenlock road, dated July 17, 1950.

Items ordered: In Wenlock road, on the easterly side, from Gallivan Boulevard for about 300 linear feet, excavate and remove by hand digging approximately 21 cubic yards of earth in sidewalk area due to change in street line. Price to be paid, \$4.50 per cubic yard. Estimated cost of extra work, \$94.50.

Atlantic Roads Company, Inc., has been directed to perform the following extra work under the contract for sheet asphalt pavement in St. James avenue, Ward 5, from Arlington street to Berkeley street, dated November 1, 1950.

Items ordered: Remove and dispose of approximately 2,000 square feet of existing 8-inch reinforced concrete sidewalk in front of the Park Square Building entrance, including labor, material, and equipment, at 60 cents per square foot. Estimated cost of extra work, \$1,200.

M. & R. Construction Company have been directed to perform the following extra work under the contract for removing the drawspan, approach sections, etc., of the Meridian Street Bridge, dated June 9, 1950.

Items ordered: Furnish all necessary equipment, labor and materials, to place four 7-pile dolphins and one single pile dolphin, with spur, including all cable fastenings, reflectors, etc., as shown on plan approved by the U. S. Army Engineers. Agreed price, four 7-pile dolphins at \$1,700, \$6,800; one 2-pile dolphin, \$400; total, \$7,200.

James D'Amico, Inc., has been directed to perform the following extra work under the contract for bituminous concrete pavement in Capen place, Hendry street, Hesston terrace, and Wenlock road, dated July 17, 1950.

Items ordered: In Hesston terrace, because of roadway widening of an additional 3 feet, remove and relocate 65 linear feet of existing edgestone; excavate approximately 25 cubic yards of earth by hand; construct one drop inlet with connections, including all labor, material and equipment for the above work. Price to be paid, the lump sum of \$300. Estimated cost of extra work, \$300.

At Nos. 14 to 24 Medford street perform the following work: Remove 132 linear feet of existing edgestone at \$1 per linear foot; remove 24 linear feet of granite bulkhead abutments at 75 cents per linear foot; remove and dispose of 27 cubic yards of existing sidewalk and driveway by hand excavation at \$4 per cubic yard. Estimated cost of extra work, \$399.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Argus Electric Service Company for installing new A. C. service at Brandeis Vocational High School, from November 30, 1950, to January 31, 1951. This extension was requested due to difficulty in securing material.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time from December 31, 1949, to September 1, 1950, on the contract of John T. Bradley, for painting Pathological Building, Boston City Hospital, said contract having been executed on May 20, 1949. This further extension was requested because of conditions encountered by contractor which were not contemplated at the time the work was begun.

POLICE DEPARTMENT ORDERS.

General Order No. 1,386.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability the following-named police officer, effective at the close of business, Thursday, November 30, 1950.

In view of this operation of law, after November 30, 1950, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Edward J. Gately, Division 14.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,387.

The following promotion and assignment is hereby ordered, to take effect Friday, December 1, 1950, at 7.45 o'clock A.M.:

To the Grade of Lieutenant.

Sergt. William J. Reilly, from Division 2 to Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,388.

A Board of Merit, consisting of Superintendent Edward W. Fallon, Deputy Superintendents James F. Daley, James J. Hinchey, and James T. Sheehan, has brought to the attention of the Police Commissioner the following outstanding cases in which police officers of this department have especially distinguished themselves in the performance of their duty during the year 1950.

The commissioner therefore makes the following awards:

THE WALTER SCOTT MEDAL FOR VALOR
AND A DEPARTMENT MEDAL OF HONOR
TO PATROLMAN BENJAMIN H. WHITE
OF DIVISION 4.

Patrolman Benjamin H. White of Division 4 is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for distinguished and meritorious service performed on March 16, 1950.

Patrolman White, while on patrol duty that evening, heard several revolver shots and in his investigation, while proceeding through an alley, was set upon by a man who pressed a gun against his side and threatened to kill him. The officer grappled with the man and after a struggle succeeded in wresting the revolver from him and placed him under arrest. Patrolman White, by his prompt action without regard for his own safety, showed exceptional courage in pursuing and apprehending this dangerous criminal who is now serving time in a penal institution.

DEPARTMENT MEDALS OF HONOR.

Patrolman James W. Moar of Division 17 is hereby awarded a Department Medal of Honor for distinguished and meritorious service performed on September 28, 1950.

Patrolman Moar responded to a radio message that a boy had been struck by a train in West Roxbury and upon arrival at the scene removed his uniform tie and with his baton improvised a tourniquet placing it above the knee of the left leg which had been partly severed. The boy was removed to the hospital where his leg was amputated. The prompt action of Patrolman Moar in rendering first aid undoubtedly saved the boy's life.

Patrolman Patrick J. Spillane and Edward L. Donahue of Division 18 each are awarded a Department Medal of Honor for distinguished and meritorious service performed on February 9, 1950.

While cruising, these officers received a message to be on the lookout for an automobile containing several young men who had kidnapped a young woman near her home in Dedham. Shortly after, an auto came to a sudden stop as the police car approached and the three occupants fled in different directions. The officers gave chase and captured two of them who were identified by the victim. These men and three others later arrested had been involved in a series of criminal attacks on women.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,389.

The following is a copy of chapter 323, Acts of 1950, providing for a five-day work week for police officers of the City of Boston:

AN ACT PROVIDING FOR A FIVE-DAY
WORK WEEK FOR POLICE OFFICERS OF
THE CITY OF BOSTON.

Be it enacted, etc., as follows:

SECTION 1. Notwithstanding any other provisions of general or special laws, the services of all police officers of the City of Boston shall be restricted to five days in any one week; provided, that, in case of any public emergency, or of any unusual demand for the services of said police, service in excess of five days may be authorized by the police commissioner, and such additional services shall be compensated for as overtime. The compensation payable to any police officer shall not be reduced by reason of acceptance of this act.

SECT. 2. This act shall be submitted to the registered voters of the city of Boston at the biennial state election in the current year in the form of the following question which shall be placed upon the official ballot to be used in said city at said election: "Shall an act passed by the General Court in the year nineteen hundred and fifty, entitled 'An Act providing for a five day work week for police officers of the city of Boston', be accepted?" If a majority of votes in answer to said question is in the affirmative, this act shall take full effect on January first, nineteen hundred and fifty-one, but not otherwise.

Approved April 10, 1950.

A majority of the votes cast at the State Election, on Tuesday, November 7, 1950, by the citizens of Boston, were in the affirmative, as certified to this department by the Secretary of State.

In order to put the five-day work week for police officers into effect in this department, it is hereby ordered that the following procedure for days of relief for members of the Force shall be complied with:

Commanding officers of divisions and units shall take Sundays as one of their days of relief, and the second day of relief will be taken in accordance with a day off schedule, to be arranged by the superintendent, which schedule will be forwarded at a later date. Commanding officers of the several units will take their second day of relief at such time as will not interfere with the proper functioning of their unit.

During the absence of a division captain on a day of relief, the senior lieutenant will be in command of the division. Arrangements shall be made for lieutenants to be on their days of relief on a morning watch. During the absence of a lieutenant on a day of relief, a sergeant shall be in charge of the division during the morning watch.

Division commanders shall apportion the sergeants and patrolmen into three platoons, namely, day platoon and two night platoons, in such a manner as to properly provide adequate police protection and functioning of the Force under their control during the day and nighttime.

The complement of each platoon shall be evenly divided into seven squads and

each member of the platoon shall be assigned to duty in either Squad 1, 2, 3, 4, 5, 6, or 7 as the case may be.

Division commanders shall select at least seven patrolmen to perform first half duty for a period of one month, when other patrolmen from each night squad shall be selected for first half duty. This method of selection for first half duty shall rotate, giving all night officers, in turn, one month of first half duty. These men will be assigned a squad number and will take their days of relief as provided for each squad. Officers may volunteer for first half duty on a permanent basis if they so desire.

All officers attached to the Traffic Division shall take one day of relief on Sunday. The second day of relief shall be assigned by the commanding officer so as to operate the division in the most efficient manner.

The responsibility for traffic control on Sundays in Divisions 1, 2, 3, 4, 14, and 16 shall rest with the respective commanding officers.

Commanding officers of the various units at Headquarters shall give as many men as possible their days of relief on Sundays and stagger the remaining days off during the week.

Forwarded with this order are two copies of a "Day of Relief Schedule Plan" for the year 1951. One copy shall be posted on the bulletin board for the information of all officers. Day of relief plan shall become effective beginning with the day platoons on duty at 7.45 o'clock A.M., Sunday, December 31, 1950.

Division commanders shall provide that the sergeants of each platoon, and the officers assigned as partners in radio cars in each platoon are not assigned the same squad number, in order that they will not be on days off at the same time. They will be assigned to Squads 1, 3 or 5, or 2, 4 or 6.

The five-day work week shall be put into effect with the present number of officers attached to the several divisions. Division commission shall make an immediate survey of their personnel and make preliminary plans to allot a sufficient number of officers to the day and night platoons in order to provide adequate police protection when the five-day work week goes into effect.

Division commanders shall forward reports to the superintendent, as soon as possible, giving the result of their personnel survey and they shall state whether or not they can spare sergeants or patrolmen for duty in other divisions, until such time as new appointments can be made.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective December 7, 1950:

Article V, Section 1 (One-Way Streets), is amended by striking out the following:

St. James Avenue, Boston Proper.

From Arlington street to Berkeley street.

PROCEEDINGS OF CITY COUNCIL.

Monday, November 20, 1950.

FLAT RATE AUTOMOBILE INSURANCE.

The following was received:

City of Boston,
Office of the Mayor, November 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Assistant Attorney General relative to your order of October 30, 1950, concerning an investigation and ascertaining the reasons why insurance companies throughout the state are so strongly opposed to referendum No. 5, namely, a flat rate automobile insurance.

Respectfully,
J. B. HYNES, Mayor.

The Commonwealth of Massachusetts,
Department of the Attorney General,
State House, Boston,
November 13, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge receipt of your note of November 2, 1950, referring to an order of the City Council, enclosed with your communication, which provided that through his Honor the Mayor, the Attorney General be requested to make certain investigations.

The first subject of investigation proposed relates to the method of fixing rates under the compulsory automobile insurance law and impliedly raises the question of whether insurance companies licensed to write such insurance in Massachusetts have such an interest in the fixing of those rates according to the zone method as to entitle them to expend money in opposing the measure proposed under the initiative provision of the Constitution, which would have prohibited the fixing of the rates by zones.

General Laws, chapter 55, section 7, as amended, permits corporations carrying on the business of insurance to expend or contribute

money to influence or affect the vote on a question submitted to the voters, which is one "materially affecting any of the property, business or assets of the corporation." The present law relating to the fixing of automobile insurance rates permits, but does not require, that the rates be fixed by zones. Over the years, succeeding commissioners of insurance to whom the fixing of the rates is committed by statute have fixed the rates annually by zones according to the alleged accident frequency of insured cars in the zone. The rates so determined by the provisions of the statute cannot go into effect until the Commissioner has given a public hearing on the rates proposed.

Since it must be assumed that the various insurance commissioners have considered the zone system of fixing rates they have adopted to bear some relation to the carrying on of the business of insuring cars under the compulsory automobile insurance law, it is most unlikely that it would be held that the measure to forbid rate fixing by zones was not a question "materially affecting any of the property, business or assets of the corporation" within G. L. (Ter. Ed.), chapter 55, paragraph 7, as amended, and, consequently, it is unlikely that an insurance company would be held to have no right to expend or contribute money to influence the vote on the question. However, if as is implied from the wording of the order the Council believes the present zone system is unfair or that the zoning thereunder for the City of Boston is improper, the Council could provide for a study of the matter with a view to presenting the findings and arguments against the zone system or the particular method of zoning adopted to the Commissioner of Insurance at a hearing on proposed rates under the compulsory automobile insurance law, and if it is deemed proper, could provide that the proper city officials seek such judicial review of the commissioner's determination as might be open to them.

The second subject of investigation proposed refers to an anticipated event which does not seem to have taken place, and impliedly raises the same question as to the right of the insurance company to oppose a measure proposed by an initiative petition previously discussed. The statute I have already referred to, which allows the insurance company to oppose a question submitted to the voters "materially affecting any of the property, business or assets of the corporation" permits a company to contribute money "or other valuable thing" for the purpose of such opposition. The contribution of the services of an employee paid by an insurance company would be within the last quoted words of the statute and absent coercion, which is not claimed in the order, and provided the provisions of the statutes relative to the reporting of contributions by corporations and of receipts and expenditures by committees are complied with, it would appear such contribution would not be legally objectionable.

Very truly yours,
TIMOTHY J. MURPHY,
Assistant Attorney General.

REMOVAL OF OLD AGE ASSISTANCE AND CHILDREN'S AID DIVISIONS.

The following was received:

City of Boston,
Office of the Mayor, November 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Overseers of the Public Welfare relative to your orders of October 9, 1950, concerning the removing of the Old Age Assistance Division from Hawkins street; also the removing of the Aid to Dependent Children Division from Hawkins street.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
November 2, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

The Overseers of the Public Welfare in the City of Boston have received notification of the following orders of the City Council, which were passed October 9, 1950:

"Ordered, That his Honor the Mayor be requested to confer with the Overseers of the Public Welfare for the purpose of removing the Old Age Assistance Division from Hawkins street and setting it up in City Hall, if possible, as a separate department to be known as the Old Age Assistance Department."

"Ordered, That his Honor the Mayor be requested to confer with the Overseers of the Public Welfare for the purpose of removing the Aid to Dependent Children Division from Hawkins street to City Hall, if possible, as a separate department to be known as the Aid to Dependent Children Department."

The Overseers of the Public Welfare in the City of Boston would be pleased to meet with your Honor at your convenience, to confer on this matter, if you so desire.

For such an order to become effective would mean the passing of a city ordinance and considerable changes in the laws of the Commonwealth of Massachusetts pertinent to the powers and duties of Boards of Public Welfare.

Very truly yours,
HENRY E. FOLEY, Chairman.

CLEANING OF SCHOOL-OWNED PROPERTY, WARD 22.

The following was received:

City of Boston,
Office of the Mayor, November 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of Construction relative to your order of October 23, 1950, concerning cleaning up and macadam surfacing the school-owned property adjacent to the James J. Storrow School, Ward 22.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Department of School Buildings,
November 16, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

Replying to your communication of October 25, 1950, subject—City Council order of October 23, 1950, concerning cleaning up and macadam surfacing the school-owned property adjacent to the James J. Storrow School, Ward 22, said property located at Lothrop street, because of the unsightly and unhealthy condition existing there at the present time, please be informed that an inspection was made of the premises, a lot adjoining the James J. Storrow School, formerly the site of the Auburn School, and it is agreed that there is a thick growth of weeds and brush on it.

The approximate cost for regrading and paving the entire lot and enclosing same with a chain link fence would be \$5,500, and inasmuch as there are not funds in that amount for such an expenditure in the 1950 budget I will recommend that a sum approximating that amount be set aside in the 1951 budget so that the work can be done in the spring of next year.

Very truly yours,
JAMES H. MOONEY,
Superintendent of Construction.

ICE SKATING IN PUBLIC GARDEN.

The following was received:

City of Boston,

Office of the Mayor, November 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of November 13, 1950, concerning the possibility of piping the Boston Public Garden for ice skating, independent of the weather, so that Boston may offer some winter-long pleasure and recreation in the form of ice skating to Bostonians and visitors, as is offered in Radio City, New York.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, November 17, 1950.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order of November 13, requesting that the Park Commission look into the possibility of piping the Boston Public Garden for ice skating so that we might have skating during the spring and fall months as well as the winter.

I will have an investigation made of this by the Chief Engineer to ascertain whether it will be possible for Boston to be on a program similar to that which is offered in Radio City, New York.

Very truly yours,

FRANK R. KELLEY, Chairman.

"STOP" SIGNS ON WAYLAND STREET, WARD 13.

The following was received:

City of Boston,

Office of the Mayor, November 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of September 25, 1950, concerning the placing of "Stop" signs to be erected on Wayland street, at Magnolia street, Ward 13.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

November 14, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

With reference to Council order dated September 25, 1950, requesting that "Stop" signs be erected on Wayland street, at Magnolia street, Ward 12, it is the opinion of our engineers that traffic at this intersection does not warrant the erection of "Stop" signs. However, orders have been issued to erect "Slow" signs in this area.

The installation of isolated "Stop" signs frequently results in making a speedway out of one of the streets involved. "Stop" signs are customarily installed on a series of side streets connected with a through way. Experience has shown that where a single "Stop" street is established, those who use the street

become familiar with the fact and take chances which result in additional hazards. For this reason there is a state-wide trend to minimize the number of isolated "Stop" streets.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

"STOP" SIGNS ON CERTAIN WARD 16 STREETS.

The following was received:

City of Boston,

Office of the Mayor, November 20, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of October 2, 1950, concerning the requesting of "Stop" signs on Wrentham street, Templeton street, Lonsdale street, and St. Marks road, at the intersection of Florida street, Ward 16.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

November 13, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Re: City Council Order Dated October 2, 1950, Requesting "Stop" Signs on Wrentham Street, Templeton Street, Lonsdale Street, and St. Marks Road, at the Intersection of Florida Street, Ward 16.

Dear Sir:

A survey has been made at these intersections and it was observed that Florida street is a divided roadway and that practically all of the traffic using this is of local origin and accordingly drivers are familiar with the hazards of the section.

The installation of "Stop" signs frequently results in the speeding up of traffic due to the fact the persons knowing that there are "Stop" signs on the approaching streets feel that they are on a through street so that increased hazards frequently result. "Stop" signs are effective for the establishment of through ways on main streets but seldom solve local problems such as the one described in this City Council order.

For the above reasons this commission, at a meeting held November 9, voted to reject the request contained in the Council order.

Respectfully submitted,

WM. ARTHUR REILLY, Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 69.

I. JAMES R. POLLARD.

It is with deep regret that the Fire Commissioner announces the death, on November 22, 1950, of Elevatorman James R. Pollard of the Headquarters Division. Elevatorman Pollard was appointed to the department July 25, 1933.

The funeral was private was held from the J. S. Waterman & Sons Funeral Home, 497 Commonwealth avenue, Boston, on Saturday, November 25, 1950.

II. JOHN J. FRAZIER.

It is with deep regret that the Fire Commissioner announces the death, on November 23, 1950, of Apparatus Operator John J. Frazier of Engine Company 22. Apparatus Operator Frazier was appointed to the department September 20, 1918.

The funeral was held from his late home, 30 Iona street, Roslindale, at 10.15 A.M., Monday, November 27, followed by services in the Holy Name Church, Centre street, West Roxbury, at 11 A.M.

The chief of department made the customary detail to act as funeral escort and the members of Engine Company 22 were excused from duty to attend the services.

III. ACTING DISTRICT CHIEF.

Capt. Gerald L. Cremin of Ladder Company 28 is hereby designated as Acting District Chief of District 15, effective as of September 20, 1950.

IV. INCREASE IN ANNUITIES.

The following order which was passed by the City Council, November 20, 1950, and approved by his Honor, Mayor John B. Hynes, on November 21, 1950, is hereby published for the information of the Department:

"City of Boston.

In City Council.

Ordered, That, effective as of November 8, 1950, the amount of all annuities paid by the City of Boston under section 89a of chapter 32 of the General Laws to beneficiaries of police-men, firemen or other employees, heretofore determined to have been killed, or to have died from injuries received or hazards undergone in the performance of duty, shall be the maximum amount authorized by said section, as amended by chapter 757 of the Acts of 1950, for the particular case."

Chapter 757 of the Acts of 1950 authorizes an increase in Widow's Pensions from \$1,200 to \$1,500 per annum, and an increase for dependent children from \$260 to \$312 per annum, total amount not to exceed compensation paid to member of department at time of his death.

V. DISCONTINUANCE OF AUXILIARY FIRE ALARM SYSTEM.

The Fairmount School in Hyde Park has been abandoned and the Auxiliary Fire Alarm System has been permanently cut out of service.

Company commanders shall delete the words "Aux., Fairmount School" from the assignment card for Box 3773.

VI. HIGH COMMENDATION.

At 7.55 A.M., November 27, 1950, Ladder Company 12 responded to the dwelling at 42 Cunard street, Roxbury, on a still alarm which was followed by an alarm from Box 2213 at 7.56 A.M.

Upon the arrival of Ladder Company 12 at the scene, fire was issuing from three front windows on the fourth floor and the members were informed that there was a man trapped on this floor. Ladderman Lloyd C. Phillips of Ladder Company 12 entered the building through the front door and went over the front stairs to the fourth floor, forced an entrance to the apartment, crawled along the hallway to the rear of the building and into a room where he found a man in a semiconscious condition on a bed. He removed the man by the front stairway to the street. At the time of the rescue, the building was involved with a heavy concentration of fire, heat, and smoke.

By his prompt action and total disregard for his own safety, it appears that Ladderman Phillips was responsible for saving the man's life.

The Fire Commissioner is pleased to highly commend Ladderman Phillips for his fine act and his case is referred to the Board of Merit for further consideration.

VII. COMMENDATIONS.

The following-named members of the Fire Alarm Division are hereby commended for reporting to work at 10 P.M., Saturday, November 25, 1950, during the severe storm and remaining on duty until 10 A.M., Sunday, November 26, 1950, in order to repair any damage to the Fire Alarm Signal System caused by the severe weather conditions:

Assistant Superintendent Earl F. Lyons.

Supervisor James F. McMahon.

Working Foreman Timothy J. Cadigan.

Working Foreman James R. Lowell.

Working Foreman Charles T. Donovan.

Lineman Walter J. Murray.

All the foregoing named were on an off-duty period at the time.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 30, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Acadia road, be, and the same hereby is, amended, by adding to said order the amount \$189, as an award to Mabel C. Harding; that the amount \$189 be, and the same hereby is, awarded to Mabel C. Harding for the damages so sustained.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner, as follows:

To enter the building or other structure, or the abutting land or buildings, at 368 Athens street, rear, Ward 6, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 32 Sterling street, Ward 9, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 99 Tyler street, Ward 3, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

ABANDONS CLAIM TO LAND.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board hereby discontinues all right, title, and interest which the City of Boston may have in a certain parcel of land situated in the City of Woburn, Middlesex County, by virtue of a taking made by the City of Boston, July 31, 1877, for the construction of the Mystic Valley sewer system; said parcel being bounded as follows: Land situated in Middlesex County, Massachusetts, and bounded by a line beginning at a point eight and 25/100 feet north of a branch sewer line from the Mystic Valley sewer line in the easterly line of the location of the Woburn Branch Railroad; thence northerly, eighty-nine degrees, twenty-seven feet easterly, parallel with and eight and 25-100 feet from the said branch sewer line by land formerly of Lewis Shaw and Henry Taylor, about two hundred fifty and 4-10 feet; thence southeasterly on a curve parallel with and eight and 25-100 feet from the said branch sewer line by the said Shaw and Taylor land, about sixteen and 5-10 feet; thence northerly, thirteen degrees, forty-three feet easterly, parallel with and eight and 25-100 feet from the said branch sewer line by the said Shaw and Taylor land, about one hundred feet; thence northwesterly on a curve parallel with and eight and 25-100 feet from the said branch sewer line by the said Shaw and Taylor land, about thirty-four feet; thence southerly, eighty-nine degrees, twenty-seven feet westerly, parallel with and eight and 25-100 feet from the said branch sewer line by the said Shaw and Taylor land, about two hundred forty-seven and 8-10 feet to the said easterly line of the location of the said Woburn Branch Railroad; thence northerly, nine degrees, thirty-three feet westerly, on the said easterly line of the location of the said Woburn Branch Railroad across the said branch sewer line about sixteen and 8-10 feet to the point of beginning, containing about six thousand, five hundred seven square feet.

The following is the report of Superintendent Dennis C. Haley and Chairman Joseph C. White at meeting of Superintendents of Schools in Major Cities, held in New York, October 20, 21, and 22:

Superintendent Dennis C. Haley and Chairman Joseph C. White represented the Boston public schools at the meeting

(Continued on page 1251.)

The following is the statement delivered by Mayor John B. Hynes of Boston before the Armed Services Committee of the House of Representatives in Congress on civilian defense:

Last week it was my privilege to make known my views before the Senate Sub-Committee on the Armed Services relative to civilian defense. At that time I congratulated the Congress for its prompt consideration of this most vital problem, and I again reiterate today the appreciation of municipal officials throughout the nation for the present consideration Congress is giving to this problem.

I think it is admitted by all of us that the present international situation is very grave. I think it may also be admitted that there is no large city in America which, up to the present time, is adequately prepared to withstand a sudden or violent bombing whether it be an atomic bomb or otherwise.

Seek Uniformity of Preparation.

Responsible municipal officials have been searching for some time for a formula which might be followed so that a uniformity of preparation might be followed, especially in those cities which are regarded as target cities, so called.

In the minds of many mayors there has been a hope that the federal government would, from alpha to omega, do everything necessary to be done for adequate civilian defense.

On the other hand, other mayors, of which I am one, have believed and do believe at the present time that the federal government, if faced with an all-out war, with little expectancy of substantial assistance from any other nation, would be unable to do much more than protect our nation from without and protect our interests wherever they may be overseas.

Four Proposals Offered.

Consequently, before the Senate Sub-Committee I proposed the following:

1. That the federal government establish communications and control centers to provide adequate warning of approaching enemy air attacks. That this warning equipment be of uniform nature, purchased and installed by the federal government primarily because only by this method can we have uniformity in the type of warning signal used and only by this method can we be certain that a high priority be obtained.

MAYOR HYNES ADDRESSES ARMED SERVICES COMMITTEE OF THE HOUSE OF REPRESENTATIVES ON CIVILIAN DEFENSE.

(Continued from page 1249.)

2. That the federal government forthwith set up definite requirements for the type of bomb shelter necessary in the chief target areas in our country, and that the federal government determine what areas should be provided with bomb shelters.

3. That stock pilings of medical, surgical, and other critical materials be set up by the federal government in locations readily available and in locations where quick transportation to one or another area of attack is possible.

4. That the federal government make available to any area which has been under attack whatever resources and manpower may be necessary to assist that area immediately after the full effects of an attack have been felt.

It is my belief that the major matters of civilian defense, such as military and naval protection, such as uniform warning devices, such as proper stock piling of critical materials, such as making available prompt aid to any area which has been under attack, are responsibilities of the federal government, and are aspects of civilian defense which can best be handled from the federal level.

In the matter of payment for civilian defense, I have said to the Senate Subcommittee that Boston is willing to go down to the very bottom of the barrel to protect its population and to help in the security of our nation. Nevertheless, there is a limit to the financial abilities of our various cities in this extraordinary and unexpected expense involved in civilian defense. Therefore, I strongly urge that the bill before you will carry a provision for the bearing of the expenses of warning devices, bombing shelters, stock pilings of critical materials by the federal government to a major extent, and that the state and the local government share in that expense also.

It is obvious that the average city government, today, cannot face the problem of constructing bomb shelters without some hope that the extraordinary cost would be shared by the federal government and perhaps the state government.

FEDERAL AID NEEDED.

It is my recommendation that in all major aspects of civilian defense, the federal government give aid to the cities which will help various municipal governments to sustain what might prove to be a heavy burden of expense.

I think it is a matter of common sense to state, as I did before the Senate Subcommittee, that an all-out war with the forces that we might have to contend with makes any discussion of who will bear the expense appear to be untimely and inappropriate. If we must fight such a war, with its horrible implications and with its drain upon the manpower and the resources of our entire nation, the objective will be survival, and not who is to pay what and how much.

To sum up generally what my recommendations are and what the attitude of the mayors of our principal target cities may be, may I say that we expect from the federal government a broad outline of policy. We expect expert advice and guidance so that there may be a uniformity and a harmony of effort. We

expect financial help in all the major aspects of civilian defense.

If your Congress will give prompt action to the bill now before you, and if your Congress will provide for the expert advice and the financial assistance that our municipal governments need, I can assure you, gentlemen, that in all other details of civilian defense your municipal governments will assume their full share of responsibility.

NERVE CENTER ESSENTIAL.

What is needed more than anything else this sudden problem which has been thrust upon municipal governments is a focal point, a nerve center, an information outlet, whereby municipal governments may move with speed and with assurance that whatever they are doing today will not be undone tomorrow. My final recommendation, gentlemen, is this, that the final enactment of this bill shall provide a flexibility within its provisions so that the responsible head of the civilian defense department may not be hemmed in by rigid regulations, which might very well defeat the very purposes of the bill. And once again, gentlemen, may I state that the quicker this bill is enacted, the quicker may we, in our various cities, make ready for what all of us hope and pray will never come.

CONTRACT FOR CLASSIFICATION AND COMPENSATION PLAN FOR CITY EMPLOYEES APPROVED BY MAYOR.

(Continued from page 1249.)

of Boston and the County of Suffolk. This company was selected by the Mayor's Executive Committee on Administration after a canvass of proposals received from several qualified consultants engaged in this type of service.

The project is expected to start about December 15 and will be completed in approximately seven to eight months. Conferences will be held to explain the purpose of the classification and compensation plan and the procedure to be followed. One conference will be held with department heads at which time questionnaires will be distributed for further distribution to their employees. Another conference will be held with employees' representatives so that they can relay the information to other employees. In this way, all concerned will be informed of the purpose for establishing a classification and compensation plan.

The proposed classification and compensation plan is actually two separate functions. The first function "position classification" to be effective must have the approval of the Director of Civil Service. Therefore, Mr. Thomas Greehan, Director of Civil Service, will sit in on these conferences. The compensation plan is the responsibility of the city administration to establish.

The survey will include the positions occupied by employees of all city and county agencies, except the School Department, the uniformed forces of the Police and Fire Departments, county employees exempt under the provisions of section 49, chapter 35 of the General Laws and chapter 455 of the Acts of 1950 from the County Classification and Compensation Plan, bibliothecal employees of the Library Department and printing trade employees of the Printing Department.

Approximately 12,000 questionnaires will be distributed, the purpose of which is to secure pertinent facts as to current actual duties and responsibilities and organization relationships of the positions. Extensive field audits of the work of individual positions will be conducted discussing the duties and work requirements of positions with individual employees and their supervisors at their places of work and with departmental officials.

Class specifications for all classes will be prepared and each individual position will be assigned to the proper class. Classifications and allocations will be reviewed not only by designated city officials but also by the Director of Civil Service. If the plan is found to be acceptable to the Director of Civil Service as meeting the requirements of the Civil Service and other applicable laws, the Director of Civil Service will proceed to put the plan into effect.

Salary and wage information for positions in comparable public jurisdictions and private employment in the Boston area will be corrected and analyzed in order to prepare a comprehensive compensation plan with ranges of pay for all classes included in the position classification.

The completed plan when put into effect will be administered by the personnel division of the Budget Department. Selected personnel of the Budget Department will be assigned for training during the course of this survey so that they will have the knowledge to assist in administering the plan after its final adoption.

J. L. Jacobs & Co. have recently completed position classification and salary surveys and installations for such governmental organizations as the City and County of Los Angeles; City of Memphis, Tennessee; City of Springfield, Massachusetts; City of Richmond, Virginia; City of El Paso, Texas, and others.

REPORT OF MEETING OF SUPERINTENDENTS IN NEW YORK CITY.

(Continued from page 1249.)

of Superintendents of Schools in Major Cities, held in New York on October 20, 21 and 22, 1950. In attendance at the various sessions, which were held at the Hotel Statler, were superintendents and other administrative officials of public schools from 50 cities with population of 200,000 or over.

New items appearing on the agenda as the result of the Korean conflict were war mobilization, school defense, and loyalty oaths. Problems of evacuation and relocation of pupils and school personnel and the establishment of special programs to train civilian defense workers were major topics. Acceleration of all school defense programs now in the planning stage will come with the publication of the government report of practice drills in Washington, Chicago, and Seattle.

Also discussed was the dismissal of teachers for Communistic activity or for failure to take the loyalty oath, now required in 17 cities represented at the conference. In one city a special trial examiner has been named to handle such cases. In another city the school department has enlisted the cooperation of the Federal Bureau of Investigation, the police department, and military intelli-

gence. Under the oath law teachers have already been dismissed in three large cities.

In view of the continuing upward trend in teachers' salaries and in building costs, school finances received special attention. Bond issues for new construction were reported as under way in 14 cities, with one city raising \$30,000,000; one, \$25,000,000; one, \$20,000,000; one, \$15,000,000; and one, \$9,000,000. Delegates were in agreement that no bids on new buildings should be accepted with escalator clauses. They also concurred in the belief that multistory buildings are more economical than one-story buildings and that, in planning construction, provisions must be made for evening community activities in the schools. State aid in excess of 40 per cent of the annual school budgets was reported for 14 cities, with only 6 favoring federal aid.

A shortage of elementary teachers and an oversupply of secondary teachers continues to persist throughout the country in spite of the single salary schedule. Conversion by special in-service training was generally accepted as the best present solution.

In conferences on curriculum a definite trend away from progressive education was reported in 24 cities. Representatives of 15 cities favored less emphasis on core curriculum, and 9 recommended increased stress on general education. More guidance work was urged, particularly in the elementary schools, where 12 cities reported full-time elementary guidance counselors, and the majority approved class memberships of 25 to 30. A new plan, now in effect in one western city, received approbation as a means of improving the coordination of instruction. This plan provides for the assignment of specially qualified classroom teachers to serve as instructional consultants for periods up to three years.

In addition to these special topics, many other matters of mutual interest and importance were considered. Out of the exchange of experiences and the sharing of experiences which featured this conference will come a greater commonality of effort and achievement by administrative officials, their school departments, and the children of America, to whose health, safety, education, and happiness our public schools are dedicated.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, business firms, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

BUDGET DEPARTMENT.

BOSTON, December 8, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

I respectfully request your permission to award a contract in the sum of \$46,000, without publicly advertising for bids, to J. L. Jacobs & Co., of 53 West Jackson Boulevard, Chicago, Illinois, consultants in public administration and finance, providing for the development and in-

stallation of a classification and compensation plan for certain positions in the service of the City of Boston and the County of Suffolk.

The J. L. Jacobs Company was selected by the Mayor's Executive Committee on Administration after a canvass of proposals received from several qualified consultants engaged in this type of service as the consultant submitting the proposal to the best interests of the City of Boston.

It is considered that, because of the nature of the professional services involved, nothing is to be gained by publicly advertising for bids for this work.

Respectfully,

JOHN A. SULLIVAN,
Budget Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of March 9, 1950, your Honor approved a contract with the Hersey Manufacturing Company, upon a negotiated contract without publicly advertising for bids, for furnishing labor and material necessary to repair or rebuild and test Hersey water meters for the Public Works Department (Water Division).

This firm has completed that contract which called for the repair of 6,000 $\frac{3}{4}$ -inch water meters at a unit cost of \$8.10 each.

As the meters involved are Hersey meters, there would be no advantage in publicly advertising for bids, because no other company could furnish the parts unless they were obtained from the Hersey Company.

Because of all the factors involved, as outlined in my communication to you under date of February 14, 1950, requesting permission to dispense with advertising at the time, I respectfully request your permission to dispense with advertising and award a contract for the balance of the year 1950 to the Hersey Manufacturing Company for the repair of 400 $\frac{3}{4}$ -inch Hersey meters at a unit cost of \$8.10 each and a total cost of \$3,210.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, December 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Because of the unusual conditions which often arise following snowstorms and the prolonged periods during which the equipment and necessary labor provided by contractors must be kept at work, the cost in some instances will be more than \$1,000, necessitating, under the provisions of the Charter, written contracts with the firms which have been engaged.

I consider it to the city's advantage to have the department in a position to call upon contractors to furnish labor and equipment, when and where required, when emergency occasions arise, and I respectfully request the authority of your Honor to dispense with advertising and to award contracts to the following-named firms and individuals to furnish labor and equipment when considered necessary during the current winter to supplement the regular forces of the Pub-

lic Works Department engaged in snow removal activities:

Allied Engineering Corporation, 71 Proctor street, Roxbury; V. Barletta Company, 10 Whipple avenue, Roslindale; Carriere Construction Company, 21 Glendower road, Roslindale; Cronin & Horrigan, Inc., 111 Woodhaven street, Mattapan; John Deveney, 17 St. Ann street, Jamaica Plain; M. DeMatteo Construction Company, 200 Hancock street, Quincy; Dooley Brothers, Inc., 39 George street, Roxbury; James A. Freaney, Inc., 1 West street, Hyde Park; Anthony J. Ryan, Inc., 942 Washington street, Dorchester; Veneto Construction Company, 101 West Cedar street, Boston; J. F. White Contracting Company, 201 Alewife Brook Parkway, Cambridge; Walker Brothers, 281 Hyde Park avenue, Jamaica Plain; J. A. Singarella Company, 15 Bay street, Dorchester; Central Construction Company, 228 Southampton street, Roxbury; J. F. Stack & Co., 1340 River street, Hyde Park; D. A. Rossano Construction Co., Inc., 401 Border street, East Boston.

From a canvass conducted by this department, it has been ascertained that the firms named can furnish the equipment necessary to do the required snow removal work. Furthermore, advertising for bids would not, in my opinion, be practicable on account of the uncertainty of the amount of work to be done and also because the contract is mainly for equipment and the rates as established are, in my opinion, the standard rates in this area.

In the event this work becomes necessary, payment will be made in accordance with the schedule of rates established by this department as will be specifically set forth in the contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for the following:

One (1) Model A. Presto, or equal, tire changer.

Requests for prices were solicited among eight vendors but only three responded. Permission is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Standard Auto Gear Company, inasmuch as this company submitted the lowest price on the informal quotations.

Approximate total amount of contract will be \$1,165.50, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

EUGENE K. WELSH,
Acting Superintendent of Supplies.

BOSTON, November 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for the following:

Seven (7) utensil sterilizers.

The sterilizers requested are manufactured by Wilnot Castle Company, and it is therefore requested that I be granted authority to dispense with public adver-

tisement at this time and award a contract, without public advertisement, to the above company.

Total amount of contract will be \$2,905, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department publicly advertised for bids on paper products which were to be publicly opened in this office on November 27, 1950, but no bids were submitted.

It is therefore requested that permission be granted me to purchase the necessary paper products for the various city departments in the open market until December 31, 1950.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Institutions Department for furnishing one (1) complete exercise unit to Long Island Hospital as per specifications submitted.

Bids on this equipment were to be publicly opened in this office on November 24, 1950, but none were received. It is therefore requested that authority be granted me to dispense with further public advertisement and award a contract, without public advertisement, to Elgin Exercise Appliance Company, P. O. Box 132, Elgin, Illinois, manufacturer of the above.

Approximate total amount of contract will be \$1,500, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Street Laying-Out Department for the following:

Two (2) Friden fully automatic calculators.

The Friden Calculating Machine Agency who manufactures these calculators has quoted the City of Boston a net price of \$1,395 for the two machines.

In view of the foregoing fact, it is requested that I be granted authority to dispense with public advertisement for bids and award a contract, without public advertisement, to Friden Calculating Machine Agency.

Approximate total amount of contract will be \$1,395, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On November 16, 1950, your Honor approved the award of a contract, without public advertising, in the sum of \$2,821.95 to Singer Sewing Machine Company for

the furnishing of certain shoemaking machines to the Penal Institutions Commissioner for use in the shoe industry at the House of Correction.

However, the prices originally quoted are subject to change and will be prices prevailing at time of delivery, and it is therefore requested that I be allowed to amend my original communication to include the foregoing and insert the word "approximate" relative to the amount of contract which is \$2,821.95.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On October 11, 1950, your Honor approved the award of a contract, without public advertising, in the approximate sum of \$9,454.31 to the United Shoe Machinery Corporation for the furnishing of certain shoe machinery to the Penal Institutions Commissioner for use in the shoe industry at the House of Correction.

Subsequently, on November 20, 1950, you further approved the award of the proposed contract at the revised approximate sum of \$7,049.84. This was necessary because the original estimate had erroneously included some machinery which was to be leased.

However, it has now been determined that one of the machines originally requisitioned by the department involved is no longer needed, and therefore may I now further amend my original communication by substituting in place of the figure now appearing therein, namely, \$7,049.84, the new figure of \$6,760.70.

Respectfully yours,

EUGENE K. WELSH,
Acting Superintendent of Supplies.

ADDITION TO AND DEDUCTION FROM CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

H. A. Johnson Company has been ordered to make the following deduction from the contract for various schools:

Reduce the length of each drainboard 6 inches. For this work deduct \$50, making the account as follows: Contract price, \$4,760; total deductions, \$80; amount of contract, \$4,680.

PUBLIC WORKS DEPARTMENT.

Martin J. Kelly Company, Inc., has been directed to make the following addition to and deduction from the contract for redecking and guniting the Belgrade Avenue Bridge over the New York, New Haven & Hartford Railroad, dated November 20, 1950.

Items ordered: Item 7, reduce from 250 bags of cement at \$24 per bag to 100 bags of cement at \$24 per bag. \$3,600; additional work to consist of removing all defective concrete from under side of bridge, approximately 2,400 square feet, including all stripping, removing and disposing of old concrete and wire mesh, cleaning up site and doing all incidental work, at agreed price of \$1.40 per square foot, \$3,360; net total reduction, \$240. Estimated cost of addition to and deduction from contract \$240.

EXTENSION OF CONTRACTS.**HOSPITAL DEPARTMENT.**

Approval has been given for a further extension of time from December 31, 1949, to September 1, 1950, on the contract of John T. Bradley, for painting, etc., Division 1, Boston City Hospital, said contract having been executed on May 20, 1949. This further extension was requested because of conditions encountered by contractor which were not contemplated at the time the work was begun.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with M. & R. Construction Company, 139 Coleridge street, East Boston, for removing the drawspan, approach sections, etc., of the Meridian Street Bridge, over the Chelsea River, to December 31, 1950. This extension was requested for the reason that the contractor has been delayed in completing the work, due to an extra work order for dolphins, ordered by the United States Army Engineers.

Approval has been given for the extension of the time of completion of the contract made with James D'Amico Incorporated, 49 Ellison avenue, Dorchester, for laying bituminous concrete pavement in Capen place, Hendry street, Hesston terrace and Wenlock road, from October 31, 1950, to June 30, 1951. Contract dated July 17, 1950. This extension was requested for the reason that the contractor has been delayed by inability to secure delivery of edgestone on time.

Approval has been given for the extension of the time of completion of the contract made with John F. Shea Company, Incorporated, 41 Hollingsworth street, Mattapan, for redecking the Boylston Street Bridge, over the Boston & Albany Railroad, to June 15, 1951. This extension was requested for the reason that, due to hurricane and storm conditions in the south, the cutting of lumber has been delayed and it has been impossible to fill orders for yellow pine. The cold weather will also prevent the proper placing of asphalt.

Approval has been given for the extension of the time of completion of the contract with Thomas Worcester, Inc., for conducting investigation and study, etc., covering disposal of garbage and refuse for entire city, from December 1, 1950, to January 15, 1951. This extension was requested for the reason that the weighing and observation period of the various collecting zones was of longer duration than had been anticipated by either party to the contract at the time the completion date was set.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

James D'Amico, Inc., has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Capen place, Hendry street, Hesston terrace, and Wenlock road, dated July 17, 1950.

Items ordered: In Hesston terrace, because of roadway widening, omit 810 square feet of artificial stone sidewalks at 30 cents per foot and substitute the following items: 30 square yards of bituminous concrete sidewalk 24 inches thick at \$2.75 per square yard; 14 tons of 4-inch bituminous concrete base at \$8.25 per ton; 4 tons of 1-inch bituminous concrete wearing surface at \$3.25 per ton. Estimated cost of omitted work, \$243; estimated cost of substituted work, \$231; estimated decrease in cost, \$12.

Brighton Construction Company, Inc., has been directed to omit and substitute the following work under the contract for artificial stone sidewalks in East Fifth street, East Second street, and East Sixth street, dated September 14, 1950.

Items ordered: In front of First Street Playground, on East Second street, omit the laying of approximately 2,000 square feet of artificial stone sidewalks at 32 cents per square foot and substitute approximately 220 square yards of bituminous concrete sidewalks at \$2.50 per square yard. Estimated cost of omitted work, \$640; estimated cost of substituted work, \$550; estimated decrease in cost, \$90.

CHANGE IN CONTRACT.**DEPARTMENT OF SCHOOL BUILDINGS.**

P. J. Cantwell & Son have been ordered to make the following changes in the contract for various schools, Group H-1:

Addition: Lewis School, cut through new opening in glazed tile wall, Room 109, rebuild jambs, install lintels and marble threshold, patch flooring; install new metal door and frame, including all necessary hardware, and do all patch plastering; remove section of slate blackboard in new cooking room and sewing room and plaster out where blackboard has been removed, including grounds and wood trims, \$1,191.

Deduction: Lewis School, omit furnishing and erecting kalamein partition, Item 16; omit door opening, Item 15, \$650.

Net addition, \$541, and the amount of \$541 will be added therefor, making the account as follows: Contract price, \$44,742; total additions, \$541; amount of contract, \$45,283.

ORDER FOR CHANGES IN CONTRACTS.**HOSPITAL DEPARTMENT.**

M. Spinelli & Sons Company, Inc., have been ordered to make the following changes in the contract for alterations to Out-Patient Building, Boston City Hospital:

Addition: Furnish and install special electrical controls and connections to Johnson Service, for the sum of \$180; furnish and install metal vents and louvers in supply room and machinery room, for the sum of \$130; furnish and install additional electrical connections to X-ray units and vacuum pump as requested by Doctor Mallett, for the sum of \$160; furnish and install time clock connection for outside yard lights, for the sum of \$35; total, \$505.

Deduction (Allowances carried in contract): Toilet and rest room fixtures, \$500; special connections to air-conditioning apparatus, \$300 — \$800; addition noted above, \$505; total deduction, this change order, \$295.

Summary of Contract: Original contract, \$92,300; change order No. 1, deduct, \$656.36; change order No. 2, deduct, \$319.35; change order No. 2, deduct, \$1,382.71; change order No. 4, add, \$425 — \$90,366.58; this change order, deduct, \$295; total amount of contract to date, \$90,071.58.

John T. Bradley has been ordered to make the following change in the contract for painting under Division 2:

Deduction: Omit all work in connection with linoleum, for the sum of \$500.

Summary of Contract: Original contract, \$15,623; change order No. 1, deduct \$50 — \$15,573; this change order No. 2, deduct, \$500; total amount of contract to date, \$15,073.

John T. Bradley has been ordered to make the following changes in the contract for painting of Pathological Building, Boston City Hospital, dated May 20, 1949:

Deduction: Omit painting in storeroom, for the sum of \$200; omit repairs to iron railing at front of building at first floor, for the sum of \$75; total deductions, \$275.

Summary of Contract: Original contract, \$11,513; change order No. 1, deduct, \$900 — \$10,613; this change order No. 2, deduct, \$275; total amount of contract to date, \$10,338.

John T. Bradley has been ordered to make the following changes in the contract for painting under Division 1:

Deduction: Omit painting of window grilles in Children's Building, for the sum of \$200; omit repairs to linoleum in the Pavilion Building, for the sum of \$150; omit painting of kitchen and utility room in Ward F, for the sum of \$100; total deductions, \$450.

Summary of Contract: Original contract, \$45,192; change order No. 1, add, \$2,678.50; change order No. 3, add, \$1,758.20 — \$49,628.70; change order No. 2, deduct, \$20 — \$49,608.70; this change order No. 4, deduct, \$450; total amount of contract to date, \$49,158.70.

REDUCTION OF SIDEWALK WIDTHS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published September 1, 2, 5, 6, 1950, in the *Boston Globe* and *Boston Herald*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in Belgrade avenue, West Roxbury district, consisting of a reduction of sidewalk widths from Robert street to Centre street, as shown on a plan marked "City of Boston, Belgrade Avenue, West Roxbury, September 13, 1950, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 4, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., Senior Member WENZLER in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

APPEARANCE OF ASSISTANT CORPORATION COUNSEL WOLK.

MODERN FIELD HOUSE, BARRY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Park Department relative to your order of November 20, 1950, concerning the inclusion in the Park Department budget for 1951 a sum sufficient for the construction of a modern field house in Barry Playground, Medford and Chelsea streets, Charlestown, Ward 2.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, November 29, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure, City Council order requesting that it be included in the Park Department budget for 1951, a sum sufficient for the construction of a modern field house in the Barry Playground, Medford and Chelsea streets, Charlestown.

This department has done considerable work on the Barry Playground this year in excavating, grading and seeding this area, and we hope that it

will be possible for us to place in next year's budget (if the city's finances permit) sufficient funds for the construction of a modern field house.

Very truly yours,

FRANK R. KELLEY, Chairman.

SAFETY PATROLS IN ELEMENTARY SCHOOLS.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the assistant secretary of the School Committee relative to your order of September 11, 1950, concerning the organizing of safety patrols in all of the elementary schools in the city.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
School Committee, November 27, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am enclosing herewith report of the Board of Superintendents to the superintendent, in triplicate, on the order of the City Council, September 11, 1950, relative to organizing safety patrols in all of the elementary schools in the city as there are not enough police officers in any one station to cover all crosswalks while children are going to and coming from schools, which was duly presented to the School Committee in conference on November 21, 1950, and approved for transmission to the City Council.

Very truly yours,

AGNES E. REYNOLDS,
Assistant Secretary.

City of Boston,
School Committee, November 8, 1950.
To the Superintendent:

The Board of Superintendents respectfully reports as follows on City Council order of September 13, 1950, requesting the establishment of an organization of safety patrols in all of the elementary schools in the city as there are not enough police officers in any one station to cover all crosswalks while children are going to and coming from school:

1. Safety patrols have been in operation for more than twenty years in the elementary schools.
2. Superintendent's circulars entitled "School Safety Patrols" are issued annually.
3. A pamphlet entitled "Suggestions for School Safety Patrols" now being revised, has been forwarded to all schools.
4. All schools report annually on blanks calling for a list of Safety Counselors, Fire Counselors, Safety Patrol Supervisors, and Qualified First Aiders.

Respectfully submitted,

AGNES E. REYNOLDS,
Assistant Secretary.

CHECKS FOR OLD AGE ASSISTANCE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Secretary of the Overseers of the Public Welfare relative to your order of November 20, 1950, concerning the reason why checks were not forwarded to Old Age recipients last week.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
November 27, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

The Overseers of the City of Boston have received notification of the following order of the City Council, which was passed November 20, 1950: "Ordered, That the Old Age Assistance Division be requested, through his Honor the Mayor, to look into the reason why checks were not forwarded to Old Age recipients last week. This order is put in mainly to prevent recurrence of this condition."

We have looked into the matter very thoroughly and the checks due and payable on November 15, 1950, were delivered to the South Station Annex of the Post Office, which handles them regularly, at 12:30 noon on November 14, 1950.

Undoubtedly, the delay in the receipt of the checks is due to the new post office regulation limiting mail deliveries in residential sections to one a day.

Sincerely yours,

WILLIAM G. O'HARE, Secretary.

FIVE-CENT FARE FOR CHILDREN DURING CHRISTMAS VACATION.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of October 23, 1950, concerning the possibility of extending to children of school age a five-cent fare privilege during the Christmas vacation.

Respectfully,

J. B. HYNES, Mayor.

Metropolitan Transit Authority.

November 29, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

The Board of Trustees have considered the request with regard to the Christmas-week fare for school children.

This has not been in effect since 1947 as conditions have been entirely different than they were at that time.

The Board does not have, on its own initiative, the authority under the law, as the fare schedule approved by the Department of Public Utilities does not include this privilege. The Board has, however, done much by keeping the five-cent fare for school children throughout the year, which is less than one half of the average fare, and also by extending it to children under 14 years of age during the long summer vacation months, both of which do create substantial financial burden in the operating results.

Under the circumstances the Board does not feel justified in any further action.

Very truly yours,

EDWARD DANA,
General Manager.

CLOSING OF BEALE STREET ENTRANCE TO ASHMONT STATION.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of November 20, 1950, concerning the requesting of a conference with a view to prevent the closing of the Beale Street entrance to the Ashmont Station.

Respectfully,

J. B. HYNES, Mayor.

Metropolitan Transit Authority.

November 29, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reply to order of November 20, the trustees at their meeting today considered the matter of closing of certain entrances for certain periods, and directed me to reply that it is the practice on Sundays and during certain hours of the day not to increase operating expenses by keeping entrances open when the traffic is exceedingly light. If this practice were not followed, very substantial sums of money would have to be included in cost of operation.

In this particular case counts have been carefully taken and the entrance kept open at such times as the counts disclosed it was necessary. When, at no time in the counts taken, more than 18 passengers enter a station in four hours, it is evidence of the need for not increasing operating costs.

Very truly yours,

EDWARD DANA,

RECENT CHANGES IN SOCIAL SECURITY LAWS.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary and Executive Officer of the Boston Retirement Board relative to your order of October 23, 1950, concerning the Retirement Board studying the recent changes made in the Social Security Law.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Boston Retirement Board,
December 1, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

With reference to the City Council order of October 23, 1950, which is as follows:
"Ordered, That his Honor the Mayor be directed to instruct the members of the Boston

Retirement Board to study the recent changes made in the Social Security Law for the purpose of including in the coverage of that law those employees of the City of Boston who, because they were over the age limit set by the Boston Retirement System at the time of their employment cannot join the retirement system, and are therefore left without any retirement benefits."

I submit the attached for their perusal.

Very truly yours,

W. D. KENNEY,
Secretary and Executive Officer.

November 3, 1950.

Miss Angela C. O'Brien, Manager, Field Office,
Social Security Administration, 161 Devonshire Street, Boston, Mass.

Dear Miss O'Brien:

Chapter 32 of the General Laws is a general pension law in effect throughout the state and also the City of Boston. Sections 1 to 28 is a contributory system with survivorship benefits in effect in Boston and in most of the cities and towns in Massachusetts. An employee of any of these governmental units is not eligible for membership if his employment begins after he is fifty-five years of age.

Is an employee who is not eligible to membership in this system because of age entitled to Social Security benefits under any conditions?

Do any of the recent changes permit of any plan whereby these people can be covered?

Very truly yours,

WILLIAM D. KENNEY,
Secretary and Executive Officer.

Federal Security Agency,
Social Security Administration,

November 28, 1950.

Mr. William D. Kenney, Secretary and Executive Officer, Boston Retirement Board, Room, 63 City Hall.

Dear Mr. Kenney:

This is in reply to your inquiry of November 3, 1950. Public Law 734, Social Security Act Amendments of 1950, provides as follows:

"No agreement with any State may be made applicable (either in the original agreement or by any modification thereof) to any service performed by employees as members of any coverage group in positions covered by a retirement system on the date such agreement is made applicable to such coverage group."

This has been interpreted to mean that if the position is eligible for coverage in an existing retirement system, but the incumbent of the position has not elected to be covered, the incumbent therefore, is mandatorily exempt from coverage under Old Age and Survivors Insurance.

Therefore, the position is the controlling factor and not the individual who is either presently occupying the position or who may occupy the position at a later date. This would seem to be true even though the employee was not eligible for membership in the system by reason of his age. This employee could, of course, be entitled to social security benefits if he established a wage record in covered employment as an employee. Also after 1950 he could establish a wage record as a self-employed person and thus become eligible for benefits.

Sincerely yours,

ANGELA C. O'BRIEN,
Manager.

TRAFFIC LIGHTS, FIRE STATION, CENTRE STREET, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of November 13, 1950, concerning the installation of traffic lights in front of Engine Company 14, Rescue 3, Centre street, Roxbury.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

November 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to the Council order dated November 13, requesting the installation of traffic lights in front of Engine Company 14, Rescue 3, Centre street, Roxbury, our engineers have viewed this location and report that a traffic signal installation at this point would require also the signalization of the entire intersection of Centre street and Highland avenue, in addition to the firehouse, in order to be effective.

The problem at this firehouse is similar to that which exists at all other fire stations of the city which were built years ago and is met in most cases in the evening hours by the installation of a floodlight which is operated when the firehouse doors are open. During the daytime a member of the company usually goes to the street and stops traffic while the apparatus comes out of the firehouse.

To signalize each of the firehouses of the city would require a special appropriation of at least \$175,000. To select one or two fire stations for a traffic light installation each year would be found difficult as several fire stations are of equal merit in considering the need for such installations and diversion of the appropriation for traffic lights to the fire station locations would eliminate the possibility of installing traffic lights at various dangerous major intersections which are still in need of signal installations.

Fire apparatus, at least by the use of sirens and bells, can command attention so that the Fire Department is not entirely without means of meeting this problem even though the means is inadequate and unsatisfactory in many cases.

The question, therefore, resolves itself to one of priority of needs and in that view we are of the opinion that the present appropriation is being best administered in the public interest by the placement of signal lights in locations where the greatest hazards exist. These hazards are determined by actual accident records, traffic volume counts, and known danger points. There are hundreds of such areas and by establishing a graduated list of such locations the appropriation for traffic lights has been immediately exhausted.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

PAINTING OF CROSSWALKS, CODMAN SQUARE.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of November 13, 1950, concerning the painting of crosswalks on Washington street in the business section of Codman square, Ward 17.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

November 17, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order dated November 13, 1950, requesting this commission to paint crosswalks on Washington street in the business section of Codman square in Ward 17, I wish to report that the labor force of painters hired annually from May until November has completed its term and their services are no longer available to us.

Under normal circumstances at this time of the year weather conditions prevent satisfactory roadway painting work so that during the winter months we are able to do only emergency work of this nature.

If we are able to devise some way of doing what may be considered extra hazardous locations in Codman square we shall be able to conform to this Council order. However, we shall not be able to paint a large number of crosswalks with our present force.

We have painted the crosswalks on Washington street as part of our regular program this year and shall do so again next year, but shall try to arrange next year so that if repainting is necessary it will be accomplished before the term of the painters has expired.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

November 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated November 20, 1950, Requesting That "Stop" Signs Be Placed at Sanford and Old Morton Streets, Ward 17.

Dear Sir:

As result of petitions received from residents of this area, conditions in Old Morton street and Sanford street have been under objective study by this office for some time.

These studies revealed that extraordinary traffic conditions obtain in both streets due to the fact that water main construction by the M.D.C.

in Morton street has caused many vehicles ordinarily using Morton street to detour via Old Morton and Sanford streets.

It is the intention of this commission to adopt a traffic regulation making Old Morton street one way from River street to Morton street. It is felt that the operation of this rule will go a long way toward remedying the conditions which have annoyed the residents of this area.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

SALE OF SURPLUS PIGS, DEER ISLAND.

The following was received:

City of Boston,

Office of the Mayor, December 1, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Penal Institutions Commissioner requesting authority to sell one hundred pigs at a price of approximately two thousand (2,000) dollars.

I am in favor of the sale of these surplus pigs to the highest bidder, and respectfully request approval of the accompanying order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Penal Institutions Department,

November 29, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

We have a surplus of one hundred (100) pigs at the House of Correction, Deer Island, which we would like to sell. These pigs weigh about one hundred (100) pounds each, a total of ten thousand (10,000) pounds.

At the present market price this Department should receive approximately two thousand dollars (\$2,000) from this sale. If approved, it is our intention to advertise this sale in the *City Record* and sell to the highest bidder, with a representative of the Sealer of Weights and Measures Department to supervise the weighing.

Authority by the City Council and your Honor's approval of this public sale is respectfully requested.

Very truly yours,

ALBERT E. DESAULNIERS,
Deputy Penal Institutions Commissioner.

Ordered, That the Penal Institutions Commissioner is hereby authorized to sell to the highest bidder one hundred (100) surplus pigs at the House of Correction, Deer Island.

PAYMENT OF SUM OF MONEY TO ARTHUR GENUALDO.

The following was received:

City of Boston,

Office of the Mayor, November 29, 1950.

To the City Council.

Gentlemen:

I have today approved the order passed by your Honorable Body on November 13, 1950, accepting chapter 788 of the Acts of 1950, entitled "An Act Authorizing the City of Boston to Pay a Sum of Money to Arthur Genualdo."

As your Honorable Body knows, on October 5, 1923, Arthur Genualdo, then a nine-year-old boy, was playing on the sidewalk near the corner of Chelsea and Porter streets, East Boston, when a fire engine, in order to avoid striking a woman crossing the street, was driven up on the sidewalk hitting Arthur Genualdo a glancing blow.

The purpose of the above-mentioned act is to authorize the city to compensate Mr. Genualdo for the permanent injury to his leg resulting from the accident. A review of the case by the office of the Corporation Counsel has resulted in a recommendation that the compensation be fixed at five thousand dollars. Before such amount may be paid, however, the order transmitted herewith must be adopted by your Honorable Body specifically directing the payment.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with and subject to the provisions of chapter 788 of the Acts of 1950 there be allowed and paid the sum of five thousand dollars to Arthur Genualdo in compensation for injuries sustained by him on October 5, 1923, due to operation of a certain piece of fire apparatus operated by the City of Boston, its agents or servants, said sum to be charged to the Special Appropriation, Executions of Court, Damage Claims and Reimbursements.

Referred to the Executive Committee.

NOTICES OF INTEREST IN CONTRACT.

Notice was received from Thomas F. McDonough, member of City Planning Board, of interest in contract for plans and specifications of elementary school in Elihu Greenwood District, Hyde Park, for School Buildings Department.

Notice was received from Daniel M. Driscoll, Chairman of Board of Assessors, that he is President of Eighteen Oliver Street Company, Incorporated, which has signed a lease between said corporation and Public Buildings Department, effective November 1, 1950, for one year.

Severally placed on file.

LOUD SPEAKERS IN OUT-PATIENT
DEPARTMENT CLINICS.

Coun. BEADES offered the following:

Ordered, That his Honor the Mayor request the trustees of the Boston City Hospital to immediately take steps to install loud speaking systems in all of the clinics of the Out-Patient Department in order that the people waiting there for treatment will be able to hear their name when it is called.

Passed under suspension of the rules.

CITY EMPLOYEES' VACATIONS.

Coun. BEADES offered the following:

Ordered, That his Honor the Mayor be requested to amend the now existing vacation periods granted to city employees so that a three-week annual vacation will be given to all employees with five to ten years service and a four-week annual vacation to all employees with more than ten years service.

Passed under suspension of the rules.

REQUESTED INCREASE OF \$300 TO
CITY EMPLOYEES.

Coun. BEADES offered the following:

Ordered, That his Honor the Mayor immediately instruct all department heads when they are preparing their budgets to include in their A-1, money sufficient to pay an increase of \$300 to all city employees effective January 1.

Passed under suspension of the rules.

IMMEDIATE INSTALLATION OF
TRAFFIC LIGHTS.

Coun. F. P. TRACEY and BEADES offered the following:

Ordered, That his Honor the Mayor instruct the Traffic Commissioner to immediately construct traffic lights in the City of Boston without further delay since the money for this work has been appropriated for a long period of time and no traffic lights have been installed as yet. Any further delay on the installation of these lights will only mean additional serious injuries to pedestrians and drivers at the various locations.

Passed under suspension of the rules.

COMPLETION OF WORK ON COLUMBIA
ROAD AND BLUE HILL AVENUE.

Coun. ANSEL offered the following:

Ordered, That through his Honor the Mayor the Public Works Commissioner request immediate completion of Columbia road and Blue Hill avenue, being done under chapter 90 by the State Public Works Department.

Passed under suspension of the rules.

FINANCIAL ASSISTANCE TO CERTAIN
FOREIGN COUNTRIES.

Coun. ANSEL and F. P. TRACEY offered the following:

Resolved, That the members of the Boston City Council record themselves as against any financial or any other assistance being given to foreign countries now working in collusion against the best interests of the United States of America.

On motion of Councilor Hannon the resolution was referred to the Committee on Rules.

NEW ELECTRIC LIGHTS IN ELECTION
DEPARTMENT.

Coun. SULLIVAN offered the following:

Ordered, That the Public Buildings Superintendent be requested, through his Honor the Mayor, to place in his 1951 budget sufficient moneys to install new electric lights in the Election Department.

Passed under suspension of the rules.

EMERGENCY LIGHTING FOR CITY
BUILDINGS.

Coun. RAMSEY offered the following:

Ordered, That the Fire Commissioner, City Hospital Trustees, Institutions Commissioner, and Superintendent of Public Buildings be requested, through his Honor the Mayor, to purchase adequate emergency lighting for all city buildings as there were no emergency lights in the recent electric light failure in any firehouse in the city and possibly in other city buildings, whereas other buildings throughout the city are required by law to have them.

Passed under suspension of the rules.

APPROPRIATION FOR SOCIAL LAW
LIBRARY.

Coun. HANNON offered the following:

Ordered, That there be allowed and paid to the proprietors of the Social Law Library the sum of one thousand dollars (\$1,000) for the maintenance and enlargement of said library, said sum to be charged to the appropriation for County of Suffolk, Social Law Library.

Passed under suspension of the rules.

MCBRIDE STREET AS ONE-WAY STREET.

Coun. P. A. TRACY offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to investigate the feasibility of making McBride street, Ward 11, one way, for the purpose of protecting the lives and safety of people living in that vicinity.

Passed under suspension of the rules.

RESTRICTING PARKING TO ONE SIDE OF
STREETS.

Coun. F. P. TRACEY offered the following:

Ordered, That the Traffic Commissioner be instructed, through his Honor the Mayor, to consider the feasibility of instituting a system of restricting the parking of vehicles to one side of the street, in certain areas throughout the City of Boston, on certain days of each week as an important sanitary measure, sorely needed at the present time.

As is evident to all, proper street cleaning by our sanitary department, is now hindered by the present system of parking vehicles on both sides of our streets in certain areas. If one side parking is effected, sanitation workers will be able to complete sweeping side of a street, returning the next day to clean the other side.

Tests conducted along these lines in New York City have been eminently successful, bringing the praise of civic-minded groups as well as the approval of the general public.

Under the system effected in New York and several other major cities, a special police force has enforced the new regulations concerned. All vehicles found parked in well-marked areas specified in this plan are towed to a public pound; subsequently vehicles are released only after payment of a fee which effectively discourages the violators of the new regulation.

It is about time that some drastic step be taken to correct the unsightly conditions of our streets which are daily bringing unfavorable criticism from our own citizens as well as visitors from outside.

Passed under suspension of the rules.

FLUORIDATION TREATMENT OF
BOSTON WATER.

Coun. F. P. TRACEY offered the following:

Ordered, That the Health Commissioner be instructed, through his Honor the Mayor, to appoint a special committee to study the possible benefits of treating the Boston water supply with sodium fluoridation, the highly regarded process for reduction of tooth decay.

On the advice of competent and medical research authorities, many communities throughout the country have already availed themselves of this step in protecting the general health of their citizens, especially the children.

It is therefore advisable that the City of Boston avail itself of the fluoridation process, available at a negligible cost, if the results of a committee investigation verify the facts which have already come to public attention.

Passed under suspension of the rules.

PUBLICIZING OF G. I. EDUCATIONAL
BENEFITS.

Coun. F. P. TRACEY offered the following:

Ordered, That the Director of Veterans' Services be instructed, through his Honor the Mayor, to take necessary steps relative to the proper publicizing of the educational benefits of the G. I.

Bill of Rights still available to all our veterans. It is of great importance that all Boston veterans be advised that the educational benefits under the G. I. Bill will not be available after July 25, 1951, unless training or schooling begins before that date.

Over 60 per cent of our eligible veterans have not as yet availed themselves of this important part of their government benefits. Investigation has shown that many veterans do not realize that July 25, 1951, is the deadline for such benefits. It is advisable that the Boston City Council take effective steps to assure our Boston veterans of this important information.

Passed under suspension of the rules.

FREE UNIFORMS FOR MTA EMPLOYEES.

Coun. F. P. TRACEY offered the following:

Ordered, That the Metropolitan Transit Authority be requested, through his Honor the Mayor, to supply free uniforms to uniformed employees of the Metropolitan Transit Authority.

A competent survey has shown that the vast majority of such employees are supporters of large families, who have found it increasingly difficult to maintain economic stability in face of the spiraling cost of living. It is a well-known fact that the uniforms used by these employees are very costly, and must be replaced more often than ordinary uniforms, due to the particular duties of their work.

It is advisable that the Boston City Council favor this proposal as an important step in lessening this financial strain on these employees of the Transit Authority.

Passed under suspension of the rules.

RELIEF OF ANDREW SQUARE TRAFFIC CONGESTION.

Coun. McCOLGAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to temporarily relieve the traffic congestion at Andrew square by removing the rotary circle and installing traffic lights, or by using traffic policemen, whichever is deemed better.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to confer with the State Public Works Commissioner with a view to having the state construct an overpass, underpass, or any other improvement at Andrew square, South Boston, which will eliminate the present traffic congestion at this point.

Severally passed under suspension of the rules.

RELIEF OF TRAFFIC CONGESTION, DORCHESTER STREET.

Coun. McCOLGAN and WENZLER offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to remove all heavy traffic from Dorchester street, Ward 7, there being five churches, a chapel, and three schools on this street, and a continuation of this heavy traffic will result in a serious hazard to the lives and safety of children and other pedestrians.

Passed under suspension of the rules.

CONGRATULATIONS TO STEPHEN V. WHITE.

Coun. McCOLGAN offered the following:

Resolved, That the members of the Boston City Council, in meeting assembled, desire to congratulate Stephen V. White on his twenty-fifth anniversary as coach of the football, baseball, and track teams at South Boston High School. His many years as athletic coach at this school have been a great inspiration to the youth who have received physical education under his guidance.

Passed under suspension of the rules.

LOAN TO SPAIN.

Coun. McCOLGAN offered the following:

Whereas, In making appropriations for the support of the government for the fiscal year ending June 30, 1951, and for other purposes, Congress voted to include a directive for a loan by the Government of the United States to the Government of Spain to assist the economic betterment of that country; and

Whereas, There is no valid reason for maintaining the arbitrary, discriminatory, and even punitive policy which has marked our official relations with Spain, but, on the contrary, there are substantial and compelling reasons emphasized by the imminent peril of Communist aggression in Europe and elsewhere for assistance to a nation which has demonstrated its determination to resist and its power to defeat such aggression; therefore be it

Resolved, That it is the conviction of this Body that the directive of Congress for a loan to Spain

ought to be carried out by the President of the United States; and be it further

Resolved, That a copy of this resolution be forwarded to the President of the United States.

The resolution was adopted under suspension of the rules.

KENMORE SQUARE IMPROVEMENTS.

Coun. YERXA, LANE, and BRYAN offered the following:

Ordered, That the Traffic Commissioner be requested through his Honor the Mayor, to install pedestrian traffic lights at Kenmore square and to paint all the crosswalks at this location.

Passed under suspension of the rules.

RESURFACING AT BROADWAY AND DORCHESTER STREET.

Coun. WENZLER offered the following:

Ordered, That the Metropolitan Transit Authority be requested, through his Honor the Mayor, to place a smooth surface on the cobblestones at the junction of Broadway and Dorchester street, Ward 6.

Passed under suspension of the rules.

ARC LIGHTS ON WEST THIRD STREET.

Coun. WENZLER offered the following:

Ordered, That the Commissioner of Public Works be requested through his Honor the Mayor, to install arc lights on West Third street, between B and D streets, Ward 6.

Passed under suspension of the rules.

ARC LIGHT AT EAST FOURTH AND JAY STREETS.

Coun. WENZLER offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the corner of East Fourth and Jay streets, Ward 6.

Passed under suspension of the rules.

REPORT ON REPLACING GAS-LIT LAMPS.

Coun. COOK offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to report to the Council the proposed plan for 1951 with reference to replacement of gas-lit lamps with electric lamps, said report to be given not later than December 11, 1950.

Passed under suspension of the rules.

HOSPITAL AMBULANCE TO BE STATIONED IN BRIGHTON.

Coun. SHANLEY offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to include in the 1951 budget money for the purchase of a hospital ambulance to be stationed in Brighton; also, that the Board of Trustees or Doctor Manary be requested to appear before the Executive Committee of the Boston City Council on Monday, December 11, at 3 P.M.

Passed under suspension of the rules.

EXPEDITE REPAIRS ON WASHINGTON STREET, WARD 17.

Coun. FARIN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to look into the condition now existing on Washington street, from Codman square to Bowdoin street, Ward 17, namely, the washboard surface and loose manhole covers, and to immediately have this condition remedied by the contractor who did the work several months ago.

Passed under suspension of the rules.

PAYROLL DEDUCTIONS FOR UNION DUES.

Coun. BEADES offered the following:

Ordered, That chapter 740 of the Acts of 1950, entitled "An Act Authorizing Payroll Deductions on Account of Union Dues in the Case of Certain State, County or Municipal Employees," be, and the same hereby is, accepted.

Referred to the Executive Committee.

INVESTIGATION OF RECENT GARBAGE CONTRACT BY FINANCE COMMISSION.

Coun. RAMSEY offered the following:

Ordered, That the Boston Finance Commission be requested, through his Honor the Mayor, to investigate the recent garbage contract and the persons therein as to the legitimacy of their farming and piggery business.

Passed under suspension of the rules.

DEATH OF JOHN J. DONOVAN.

Coun. ANSEL offered the following:

Resolved, That the members of the Boston City Council in meeting assembled, hereby mourn the loss of the late beloved John J. Donovan, who during his lifetime gave of his energies and talent in the field of journalism, and was loved by all who knew him; be it further

Resolved, That a copy of this resolution be forwarded to the family of the late John J. Donovan.

The resolution was adopted under suspension of the rules.

STATIONING OF FIRE APPARATUS ON PARKER HILL.

Coun. F. P. TRACEY offered the following:

Ordered, That the Fire Commissioner, through his Honor the Mayor, be instructed to station a piece of fire apparatus at Parker Hill in cases of emergency such as existed a few weeks ago when a major power breakdown occurred in the City of Boston. From this vantage point, firemen could observe most of the Mission Hill and Jamaica Plain areas in the event of fire or some other disaster.

During the recent power breakdown the Roxbury-Jamaica Plain areas were without any type of communication.

Passed under suspension of the rules.

SALARIES OF CITY COUNCIL OFFICERS.

Coun. HURLEY offered the following:

City of Boston,
In the Year Nineteen Hundred and Fifty.
An Ordinance Concerning Salaries of Officers Connected with the City Council.
Be it ordained by the City Council of Boston, as follows:

Section five of chapter three of the Revised Ordinances of 1947, as most recently amended by chapter six of the Ordinances of 1949, is hereby further amended by striking out in the clause determining the salaries of officers connected with the City Council the words "two stenographer-clerks, each thirty-six hundred dollars," and inserting in place thereof the words "two secretaries, each forty-five hundred dollars," and by striking out the words "two stenographer-clerks, each thirty-three hundred dollars," and inserting in place thereof the words "two stenographer-clerks, each thirty-eight hundred dollars."

On motion of Councilor Hannon the ordinance was passed under suspension of the rules.

RECESS.

On motion of Councilor Ramsey the Council voted at 3.50 P.M. to take a recess subject to the call of the Chair. The members reassembled and were called to order by Chairman WENZLER at 4.51 P.M.

PROPOSALS FOR REPAIRING TWO (2) SPARE MAIN TRUCKS FOR THE SUMMER STREET DRAWBRIDGES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing two (2) spare main trucks for the Summer Street Drawbridges. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairing Two (2) Spare Main Trucks for the Summer Street Drawbridges," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, DECEMBER 27, 1950, with a certified check for ONE HUNDRED AND FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR FURNISHING SURGICAL DRESSINGS FOR CITY DEPARTMENTS.

Proposals may be obtained at Room 1001, City Hall Annex. At this room the bids will be opened and read Tuesday, December 26, 1950, at 12 M. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Surgical Dressings." The successful bidder must furnish a faithful performance bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Superintendent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

JOHN V. MORAN,

(Dec. 16.) Superintendent of Supplies.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the cleaning of windows during the year 1951 at the Central Library Building and at 30 other buildings as specified in the specifications.

The work is to be done by either of the following means: (1) ladders; (2) scaffold. The applicable revised rules and regulations appearing in Industrial Bulletin No. 21, established by Department of Labor and Industries, Division of Industrial Safety, are to be in effect. The Contractor must indicate which of the above-mentioned means he proposes to use.

Proposals will be received until 12 o'clock noon, Thursday, December 28, 1950, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Copley square, Boston. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A certified check in the sum of \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, shall be submitted with the copy of the proposal filed with the Awarding Authority. The certified check shall be in a separate envelope, properly marked.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, December 18, 1950, at the Business Office of the Boston Public Library.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

MAYOR JOHN B. HYNES GIVES ORDER ALERTING ALL CITY DEPARTMENTS FOR CIVIL DEFENSE — ORDER GIVEN TO DIRECTOR OF CIVIL DEFENSE TO PASS ALONG, FOLLOWING EMERGENCY PROCLAMATION BY PRESIDENT TRUMAN AND GOVERNOR DEVER — WORK OF ORGANIZATION QUICKLY UNDER WAY.

Mayor John B. Hynes, following Emergency proclamation by President Truman, issued instructions for safeguarding Boston, in the following letter:

MR. JOSEPH L. MALONE, *Director of Civil Defense*, 14 Somerset Street, Boston, Mass.

DEAR DIRECTOR:

In view of the proclamation by the President of the United States of December 16, 1950, proclaiming a national emergency and directing that the "civilian defenses of this country be strengthened as speedily as possible to the end that we may be able to repel any and all threats against our national security," I desire to transmit these instructions to you and through you to the leaders and other personnel of all the Civil Defense agencies of the City of Boston.

In order that we may cooperate more effectively with the President of these United States and the Governor of the Commonwealth of Massachusetts in this crisis, I am authorizing you to issue the necessary instructions to place on a 24-hour alert basis the chiefs of such city departments and the heads of such other agencies of the City of Boston as you may deem appropriate.

Very truly yours,

JOHN B. HYNES, *Mayor*.

Civil Defense Director Joseph L. Malone issued the following instructions:

To Heads of all Civil Defense Divisions, City Department Heads, and Key Personnel in Boston Civil Defense.

In view of the recent proclamation by the President of the United States and the subsequent proclamation by Paul A. Dever, Governor of the Commonwealth of Massachusetts, and in accordance with specified directions from Mayor John B. Hynes, I am hereby requesting and requiring that certain city departments be placed on a 24-hour alert basis and that the heads of departments and their chiefs of divisions list their telephone numbers with the alerting facilities of each department so that key personnel may be instantly reached at all times. These departments are: City Planning Board, Boston Traffic Commission, Communications Division, Public Works Department,

MAYOR HYNES LIGHTS FOURTH ADVENT CANDLE —BIDS ALL TO PRAY TO PRINCE OF PEACE.

(Continued from page 1277.)

The bandstand has been enclosed and lighted for the night festivities for the comfort of the participants, and with all the singing and participating people on the grounds sharing in the exercises, the Festival will close on such a plane that it will be the talk of the state and community for years to come. Mayor Hynes will take a leading part in the final exercises, as he has in all the events to date.

The fourth candle lighted at City Hall by his Honor on Friday afternoon was greeted by thousands of singers and citizens, a large proportion of which were City Hall employees who had been invited to take part by Mayor Hynes and who had been released from work at 4 o'clock so that they might share in the program.

The first of the four candles was lighted on December 1 by Mayor Hynes and Governor Dever before a crowd that filled the yard in front of the hall and overflowed into the streets. Friday's group was far larger, more enthusiastic, and more devout.

From the exercises at City Hall visitors thronged the Common and Public Garden where many Nativity attractions have been eliciting enthusiastic praise from thousands of visitors since the Festival began. At the Common Mayor Hynes also lighted the fourth Advent candle at the bandstand where thousands of visitors and choral groups assembled and shared in the exercises.

The entire Festival program has been planned and executed under the guidance of Harry J. Blake, Chairman of the Boston Chamber of Commerce, who also gave to the city the Hammond organ installed in the bandstand, for use of the city and its citizens in all future celebrations. It is estimated that more than a million persons have visited the Common and Public Garden and viewed the Nativity scenes that have been placed there, and the reindeer for Santa Claus which have proven an especial delight to the children.

In lighting the fourth candle at City Hall and at the bandstand, Mayor Hynes called on all citizens everywhere to fill their hearts with prayers for peace to the end that all the world may return to sanity, and that the spirit of brotherhood shall again prevail.

MAYOR HYNES ALERTS ALL CITY DEPARTMENTS.

(Continued from page 1277.)

Police Department, Fire Department, Building Department, Health, Hospital, District Coordinators, Transportation Division, Public Relations Division.

I am further requesting that, until a complete signal alert system has been installed, a recall system by telephone alert be established; that the numbers be listed and sent to the office of the Boston Director of Civil Defense, 14 Somerset street, Boston, for emergency listing with the Telephone Company; and that alternate numbers be included wherever necessary in such a listing.

I am further requesting that all Civil Defense division heads, department heads, and leaders in industry take additional precautions to safeguard life, property, vital installations and all other facilities essential to the welfare, health, and security of the people who live, work, shop, and visit our city. I am therefore requesting immediate assignment of additional personnel as auxiliary forces in industry, stores, public buildings, office buildings and all transportation and communications systems and other public utilities and wherever people are gathered to insure adequate personnel to meet any emergency situation.

These auxiliaries should be enrolled where they work as building, store and industrial wardens, members of industrial fire brigades, plant security officers and auxiliary police; and their enlistment should be recorded immediately in one of the several branches of Civil Defense in the City of Boston.

Auxiliary police enlistments should be recorded at the nearest police station; auxiliary firemen, at the nearest fire station; and all others may enroll at the Volunteer Office of Boston Civil Defense at 14 Somerset street, Boston. Nurses' aides, stretcher bearers, and first aiders may enroll at Red Cross Headquarters, Gloucester street, Boston, or at the Volunteer Office of Civil Defense, 14 Somerset street, Boston.

JOSEPH L. MALONE,
Division of Civil Defense.

MAYOR PRAISED FOR SYMPATHY AND UNDERSTANDING MAN- IFESTED TOWARD MENTALLY- RETARDED CHILDREN.

A committee representing "The Association for Exceptional Children, Inc.," was overwhelmed at the sympathy and understanding tendered to them by our Mayor, John B. Hynes, when they had a meeting with him at his office regarding a party for these mentally retarded children.

Without hesitation the Mayor gave the money to sponsor a Christmas party to be held December 16 at 2 P.M. at the Abraham Lincoln School, 152 Arlington street, Boston, Mass.

The permission to use the school was given by the Boston School Committee and a wonderful party, including moving pictures, will be given under the sponsorship of Teachers College. Chairman of the School Committee Michael J. Ward has donated the ice cream, and all the children will receive presents contributed through Mayor Hynes' generosity. Anybody who has such a child will be welcome. It is the first time a party was ever held for these children in a group. The committee is lead by Mrs. George W. Muttart, Chairman; Mrs. Julia Darcy, Treasurer; Mrs. Mary Mix, Secretary; Mrs. George Stoddard, Publicity Chairman.

The Mayor's interest has given new hope to mothers, and anybody with such a child will find much help and comfort by seeking aid from this organization. They have great plans for the future for these children both in health and education and, with the sympathy and help from sincere people like Mayor Hynes and Mr. White, the City Treasurer, they cannot help but succeed.

G I IN SEOUL, KOREA, SENDS MESSAGE OF THANKS TO MAYOR HYNES FOR CHRIST- MAS BASKET.

The following communication was received at the office of the Mayor on December 18:

Hdqrs., 8th Army,
Seoul, Korea,
December 7, 1950.

DEAR MAYOR HYNES:

I have just received the package which you have sent me as your personal gift for Christmas. I cannot tell you how grateful I am to you for this wonderful expression of fellowship and kindness. I have just returned from the North Korean capital of Pyongyang a few days ago, and this package will come in very handy. As it takes a while for letters to get back to the United States from here I think you will know what I mean.

The day after we left Pyongyang the city fell into enemy action again. I could not think who was sending me the package as there was not a return address on the outside. I had just received one about a week ago from my mother. I have another tossing around somewhere with a few things I ordered from home. Don't be surprised if you get applications from some of the boys over here for citizenship to our fair city. It makes me feel pompous and grateful to think that someone who is not known personally to me thinks of me at a time like this. I think I shall close now as I have to get back to my work. Thank you again and God bless you, Mayor Hynes.

Sincerely yours,

JOSEPH K. GRAHAM,
Corporal, RA11157187.

MAYOR HYNES CALLS ON ALL BOSTON CITIZENS TO UNITE AND WORK IN HARMONY WITH NATIONAL OFFICIALS IN SAFEGUARDING CITY IN ANY EMERGENCY.

On December 14 Mayor Hynes issued the following statement:

The proclamation by the President of the United States of a national state of emergency leaves no doubt of the seriousness of the present world situation. Neither can there be any doubt that our country is delicately balanced on the precipice of war.

I assured the President that official Boston will cooperate with the national government in its attempt to avoid war, and will cooperate in every possible way if war is unavoidable. We are entering a crucial period in the life of our nation. All of us might well be called upon to make superhuman efforts to preserve the freedoms we enjoy.

I, therefore, call upon all the citizens of Boston to unite and to work in harmony with our national authorities. God is in His heaven. All can be right in the world if freedom-loving peoples will band together in a great effort to save the world from the menace of pagan, ruthless ungodliness.

MAYOR HYNES WIRES GENERAL EISENHOWER CONGRATULATIONS AND PLEDGE OF SUPPORT FOLLOWING CHOICE AS EUROPEAN ARMY LEADER.

The Mayor, on December 20, addressed the following telegram to General Eisenhower:

General Dwight D. Eisenhower,
Columbia University,
New York City, N.Y.

HISTORY WILL RECORD THAT AMERICA IN THIS CRISIS TURNED TO YOU FOR MILITARY LEADERSHIP IN EUROPE, WISE COUNSEL, AND OUTSTANDING SKILL AND ABILITY IN DEALING WITH FRIENDS AND FOE ALIKE. AS YOU PREPARE TO ASSUME THE ARDUOUS DUTIES AND GRAVE RESPONSIBILITIES WHICH LIE AHEAD PLEASE BE ASSURED THAT THE PEOPLE OF BOSTON HAVE COMPLETE FAITH AND CONFIDENCE IN YOU. WE TRUST THAT ALMIGHTY GOD WILL BLESS YOUR EVERY EFFORT IN THE DIRECTION OF MILITARY PREPAREDNESS AND WORLD PEACE.

John B. Hynes,
Mayor of Boston.

CIRCULAR LETTER.

City of Boston,
Mayor's Office, December 19, 1950.
Memorandum to Department Heads.

The lighting of the fourth and last candle in the City of Boston Advent Wreath on the front of City Hall will take place Friday afternoon, December 22, at five o'clock. The occasion will be attendant with a two-hour program of Christmas hymns and carols presented by the members of leading Boston church choirs and other musical organizations. It is my hope that all city employees will attend the ceremonies and join with the group in singing the Christmas music. Competent directors will be present to give leadership.

As City Hall will be closed at four o'clock, attendance should not cause anyone inconvenience.

Kindly bring this matter to the attention of all members of your department.

Respectfully,

JOHN B. HYNES,
Mayor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the vote of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Eastwood Circuit, West Roxbury district, as a highway, from Laurie avenue to Prospect street, bounded and described as follows:

A highway named Eastwood Circuit is hereby laid out, from Laurie avenue to Prospect street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Laurie avenue, forty feet; northeasterly by the northeasterly line of said Eastwood Circuit as hereby laid out, six hundred and five feet; northerly by the northerly line of said Eastwood Circuit as hereby laid out, one hundred seventeen and 81-100 feet on a curve of seventy-five feet radius; westerly by the westerly line of said

Eastwood Circuit as hereby laid out, by four measurements, two hundred seventy-eight and 43-100 feet on a curve of five hundred feet radius, three hundred forty-nine and 87-100 feet on a curve of sixteen hundred and thirteen feet radius, three hundred thirty-three and 50-100 feet on a curve of four hundred eighteen and 43-100 feet radius, and eighty-nine and 61-100 feet; northerly by Prospect street, forty feet; easterly by the easterly line of said Eastwood Circuit as hereby laid out, by five measurements, eighty-nine and 61-100 feet, three hundred sixty-five and 38-100 feet on a curve of four hundred fifty-eight and 43-100 feet radius, three hundred fifty-eight and 56-100 feet on a curve of sixteen hundred and fifty-three feet radius, three hundred and 70-100 feet on a curve of five hundred and forty feet radius, and one hundred and fifteen feet; and southwesterly by the southwesterly line of said Eastwood Circuit as hereby laid out, seven hundred and twenty feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Eastwood Circuit, from Laurie avenue to Prospect street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, and business firms for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, September 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Permission is respectfully requested to enter into a contract, without public advertising, with J. P. O'Hearn & Co., 9 Columbia place, Dorchester, Mass., for furnishing all the labor and material necessary for repairing leaks in water mains, Power House yard, Boston City Hospital, at a cost not to exceed \$8,150.

Because of the emergency nature of the work, and because of the fact that the above-named company has the necessary personnel and materials available to perform this work in the shortest possible time, the Trustees are of the opinion that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President.

BOSTON, November 27, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your permission is respectfully requested to enter into a contract, without public advertising, with the Dorchester Plate and Window Glass Company, 270 Adams street, Dorchester, Mass., for furnishing all the labor and material necessary for repairing windows and skylights in the Maternity Building, Boston City Hospital, at a cost not to exceed \$1,931; said damage having been caused by the recent high wind and rain storm.

The above-named company has the necessary personnel and materials available to perform this work in the shortest possible time, therefore, the Trustees are of the opinion that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President.

PUBLIC WORKS DEPARTMENT.

BOSTON, November 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The current contract with the Coleman Disposal Company for disposing of garbage and refuse from certain designated sections of the city will terminate on December 31, 1950.

The service performed by the above-referenced contractor is of vital importance from a public health point of view, and it is absolutely essential to provide for a similar contract for 1951. The only change in the proposed new contract will involve the garbage currently towed to Spectacle Island from the Victory Road Receiving Station. Under a new contract with Kennedy Brothers of Waltham, the garbage now delivered at Victory road from the two Dorchester districts and from Elm Hill will be purchased by said Kennedy Brothers for \$36,000 annually for the next three years, and it will be transferred to the trucks of the latter-referenced contractor at the Victory Road Receiving Station. Therefore, no arrangements will be made in the new garbage and refuse disposal contract for the transfer of the garbage from these districts to Spectacle Island.

I have negotiated with representatives of the Coleman Disposal Company for a new contract covering 1951, and we have reached an agreement whereby the latter-referenced contractor agrees to furnish, at an agreed price of \$530,000 per year, the same services as provided under the terms of the present contract, except that no garbage will be hauled from the Victory Road Station to Spectacle Island. This represents an actual annual reduction of \$51,807, as compared with the cost of a similar contract entered into by the previous administration a year ago and which provided for this garbage and refuse disposal service during the current year. The latter-referenced contract provided for an annual payment of \$581,807.

There would be absolutely no advantage in publicly advertising for proposals for this work, because the Coleman Disposal Company is the only contractor in this area who is equipped to perform the service and do the work required under the provisions of the contract. The price is exceptionally fair and reasonable and, as stated, is substantially less than the cost of the contract entered into a year ago, despite the fact that the Coleman Disposal Company is faced with an increase in labor charges approximating \$25,000.

I respectfully request your approval, therefore, to the awarding of a contract, without publicly advertising for proposals, at a monthly cost of \$44,166.66, to the Coleman Disposal Company of 40 Central street, Boston, for disposing of garbage and refuse collected in designated districts for the period commencing with January 1, 1951, and ending with the last day of the month in which the annual municipal budget of the City of Boston for 1951 becomes effective, but, in no event, later than March 31, 1951, and in accordance with the following agreement:

"The parties to this contract hereby agree to renew this contract upon the same terms and conditions for the period commencing April 1, 1951, or the first day of the month next succeeding the month in which the annual municipal budget of the City of Boston becomes effective, whichever is earlier, and ending December 31, 1951; provided, that, on or before April 3, 1951,

there is available to the Commissioner an unencumbered appropriation sufficient for such renewal contract."

The above-referenced agreement is necessary due to the provisions of section 3A of the City Charter concerning liabilities that may be incurred before an annual appropriation is provided.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, November 8, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of several requisitions for clothing for Long Island Hospital Division of the Institutions Department on which the Department of Correction, Commonwealth of Massachusetts, has issued a release to this department to purchase same in the open market inasmuch as they are unable to furnish.

Under the provisions of a letter approved by you on February 2, 1950, all clothing for the Child Welfare Division of the Institutions Department has been purchased, without public advertisement, up to the present time in order to take advantage of spot offerings resulting in savings to the city.

It is now requested that authority also be granted me to dispense with publicly advertising for bids on the clothing for Long Island Hospital and award a contract, without public advertisement, to Bradbury Trading Company, Inc.

Approximate amount of contract will be \$3,692.50, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 6, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The City Auditor has issued a notice stating that the last date for submitting requisitions to this department is December 8, 1950, and the final date for submitting orders on 1950 purchases will be December 15, 1950.

In order to complete all orders within the specified time for delivery in 1950, authority is requested to dispense with public advertisement on all materials until December 31, 1950, and purchase them in the open market.

Contracts will be required on all awards of \$1,000, or more, which will be based on your approval of letters submitted from this department.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for the following:

60 each Kardex Book Units as per specification submitted.

On December 8, 1950, your Honor approved a letter authorizing me to dispense with public advertisement on all materials to be delivered before December 31, 1950. It is therefore requested that authority be granted me to award a

contract, without public advertisement, to Remington Rand, Inc., the only company that can promise an early delivery date.

Total amount of contract will be approximately \$1,131, net. Prices quoted are subject to change without notice; however, the city will be authorized, if it so elects, to decline to accept and pay for any machine the price of which, at the time of delivery, exceeds its unit price as stated in the contract.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Automotive Division of the Public Works Department has submitted a requisition to this office for two (2) 1951 Ford two-door sedans, Deluxe Model, to be delivered before December 31, 1950.

On December 8, 1950, your Honor approved the letter authorizing me to dispense with any public advertisement for bids on equipment to be delivered in 1950. It is therefore requested that authority be granted me to award a contract, without public advertisement, to Bowers Motor Sales Company, in the amount of \$2,110, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for books for the Medical Library as per list submitted.

Your Honor approved a letter on December 8, 1950, authorizing me to dispense with publicly advertising for prices on all materials to be delivered before December 31, 1950. It is therefore requested that authority be granted me to award a contract, without public advertisement, to T. J. Noonan Company in the amount of \$1,583.05, less a cash discount of 2 per cent for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, November 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department for one (1) Wagnermobile Duo Scoop bucket-type loading machine.

The Hedge & Mattheis Company who was awarded a contract for a similar type of machine a few months ago has offered to furnish the above machine to the city at the same price as that of their contract despite the fact that there has been a 10 per cent increase.

Inasmuch as this company has the machine available for immediate delivery and also owing to the fact that the awarding of a contract to Hedge & Mattheis Company will result in a saving to the City, it is respectfully requested that authority be granted me to dispense with public advertisement and award a

contract, without public advertisement, to the aforementioned company.

Total amount of contract will be \$7,325, less a cash discount of 2 per cent for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 15, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for delivery of the following before December 31, 1950:

Twenty-four, only, E-42043 harness for Model A all service canisters (MSA); Three hundred, only, all service canisters, Model A.

On December 8, 1950, your Honor approved a letter authorizing me to dispense with public advertising for prices on all equipment to be delivered before December 31, 1950. It is, therefore, requested that authority be granted me to award a contract, without public advertisement, to American-LaFrance-Foamite Corporation.

Total amount of contract will be \$1,908, less 2 per cent cash discount for payment within thirty days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

COURT HOUSE.

BOSTON, December 12, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES,

Your approval is hereby requested for the award of a contract, without public advertising, to the Otis Elevator Company for the complete maintenance and servicing of the ten control passenger elevators in the Suffolk County Court House, in service continuously during Court House hours at a monthly cost of \$1,144, exclusive of an added charge of \$4.15 per man hour for any ordered overtime work, for the period commencing with January 1, 1951, and ending with the last day of the month in which the annual budget of the City of Boston, including the County of Suffolk, for 1951, becomes effective, but in no event later than March 31, 1951, and which proposed contract shall contain a provision reading as follows:

"The parties to this contract hereby agree to renew this contract upon the same terms and conditions for the period commencing April 1, 1951, or the first day of the month next succeeding the month in which the annual budget of the City of Boston, including the County of Suffolk, becomes effective, whichever is earlier and ending December 31, 1951, provided that, on or before April 3, 1951, there is available to the Court House Commission an unencumbered appropriation sufficient for such renewal contract."

The contract shall include provision for the required annual drop test and the replacement of all parts; and in addition, to include monthly supervisory inspection of the three intermittently operated passenger elevators at the Court House and of the two electric book lifts, including also the annual drop test for foregoing apparatus. The approximate total amount contemplated for expenditure under the proposed contract, as renewed, is \$13,728.

The above-described proposed contract is made necessary in view of the limitations imposed upon city and county officers by Statutes of 1909, chapter 486, section 3A, as inserted by Acts of 1941, chapter 604, section 1, relative to the incurring of liabilities without an appropriation, prior to the date upon which the annual municipal budget takes effect.

All of the ten continuously operated signal control passenger elevators, the three other elevators used intermittently for passengers, and the two electric book lifts, were manufactured and installed by the Otis Elevator Company, and the Court House Commission believes that nothing will be gained by advertising for the foregoing service, particularly with the existing and increasing difficulties in procuring mechanical parts for repair and replacement to complicated mechanism unless in stock by the manufacturer of the particular machines.

There has been no increase in the charge for this service since 1942, but owing to the steady increase of costs of labor and repair parts they are obliged to increase the charge for this service this year.

Respectfully yours,

THOMAS P. McDAVITT,
Chairman.

BOSTON, December 12, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Because of the satisfactory service rendered over a period of years by the W. C. Holmes Cleaning Company, of Boston, in supplying window cleaning service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interest of the City of Boston and the County of Suffolk to continue this service with the W. C. Holmes Cleaning Company, and requests your authority for awarding the contract, without advertising, to the W. C. Holmes Cleaning Company, for the period commencing with January 1, 1951, and ending with the last day of the month in which the annual budget of the City of Boston, including the County of Suffolk, for 1951, becomes effective, but in no event later than March 31, 1951, and at a cost of \$650 for such period, and which proposed contract shall contain a provision reading as follows:

"The parties to this contract hereby agree to renew this contract upon the same terms and conditions for the period commencing April 1, 1951, or the first day of the month next succeeding the month in which the annual budget of the City of Boston, including the County of Suffolk, becomes effective, whichever is earlier and ending December 31, 1951, provided that, on or before April 3, 1951, there is available to the Court House Commission an unencumbered appropriation sufficient for such renewal contract."

The total amount contemplated for expenditure under the proposed contract, as renewed, is \$2,600.

The above-described proposed contract is made necessary in view of the limitations imposed upon city and county officers by Statutes of 1909, chapter 486, section 3A, as inserted by Acts of 1941, chapter 604, section 1, relative to the incurring of liabilities, without an appropriation, prior to the date upon which the annual municipal budget takes effect.

The aforesaid company carries the required Public Liability and Workmen's Compensation with the Employers Liability Assurance Company, Limited, of Boston.

The W. C. Holmes Cleaning Company has the necessary equipment and the know-how to perform this service with the least possible disturbance to the daily functions at the Court House.

Respectfully yours,

THOMAS P. McDAVITT,
Chairman.

BOSTON, December 12, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Because of the satisfactory service rendered over a period of years by the Federal National Linen Service Company, Inc., of Boston, in supplying towel service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interest of the City of Boston and the County of Suffolk to continue this service with the Federal National Linen Service Company, Inc., and request your authority for awarding a contract, without advertising, to the Federal National Linen Service Company, Inc., on the basis of supplying one thousand (1,000) towels weekly at a monthly cost of \$150 for the period commencing with January 1, 1951, and ending with the last day of the month in which the annual budget of the City of Boston, including the County of Suffolk, for 1951, becomes effective, but in no event later than March 31, 1951, and which proposed contract shall contain a provision reading as follows:

"The parties to this contract hereby agree to renew this contract upon the same terms and conditions for the period commencing April 1, 1951, or the first day of the month next succeeding the month in which the annual budget of the City of Boston, including the County of Suffolk, becomes effective, whichever is earlier and ending December 31, 1951, provided that, on or before April 3, 1951, there is available to the Court House Commission an unencumbered appropriation sufficient for such renewal contract."

The total amount contemplated for expenditure under the proposed contract, as renewed, is \$1,800.

The above-described proposed contract is made necessary in view of the limitations imposed upon the city and county officers by Statutes of 1909, chapter 486, section 3A, as inserted by Acts of 1941, chapter 604, section 1, relative to the incurring of liabilities, without an appropriation, prior to the date upon which the annual municipal budget takes effect.

The deliveries and collections of towels at the Suffolk County Court House have been made without bickering with employees as to replacements. The Federal National Linen Service Company, Inc., owns the towels, bears the losses and replacements, and guarantees the suitability of the towels furnished and undertakes to save the owner from any claims arising through the performance of the service.

Respectfully yours,

THOMAS P. McDAVITT,
Chairman.

On Fridays, Saturdays, and the day immediately preceding a legal holiday, vehicles are excluded from the following street, between the hours of 2 P.M. and 11 P.M.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the form of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

Signal 793, Recording and Statistical Corporation, 55 Old Colony Parkway. (Fire Alarm Service.) Apparatus to respond: Engine 21, Ladder 20, District Chief 10. Nearest box is 3228.

IV. G. A. C. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the General Alarm Corporation in this department:

Signal 386, building, 11-15 Stillings street. (Dry system.) Apparatus to respond: Engine 39, Ladder 18, District Chief 6. Nearest box is 7112.

V. HIGH COMMENDATION.

At 12.59 A.M., December 9, 1950, the department responded to a fire in a dwelling house at 47 Lynde street, West End.

Upon arrival of department at the scene, fire had already involved two attic rooms of the three and one-half story building and, while members were laying hose lines, raising ladders, and assisting occupants to the street, they were informed that the occupant of the attic room was not accounted for. Lieut. John C. Reardon and Hoseman William J. Desmond of Rescue Company 3, after

three attempts, reached the attic rooms and a quick search by Lieutenant Reardon revealed a man in the attic, unconscious and badly burned. Lieutenant Reardon removed the unconscious victim to the attic doorway where Hoseman Desmond assisted him in carrying the victim down a very narrow stairway to the street. The rescue work was carried out at great risk of life to the two members inasmuch as the heat, fire and smoke were very severe, and it was only through the prompt action and almost superhuman efforts of Lieutenant Reardon and Hoseman Desmond that the man was saved.

The Fire Commissioner is pleased to highly commend Lieutenant Reardon and Hoseman Desmond for their fine action and their cases are referred to the Board of Merit for further consideration.

VI. COMMENDATION.

Hoseman Grant J. MacDonald of Engine Company 34 is hereby commended for responding to and working at fire, Box 2385, November 24, 1950, while off duty.

By order of Fire Commissioner
MICHAEL T. KELLEHER,

JOHN V. STAPLETON,
Chief of Department.

General Order No. 71.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 11, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., Senior Member Wenzler in the chair. Absent, Councilors Coffey, Hurley, and Yexxa.

The meeting was opened with the salute to the Flag.

VETO OF ORDINANCES INCREASING SALARIES OF CITY COUNCIL OFFICERS.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1950.
To the City Council.
Gentlemen:

I return herewith, without my signature and disapproved, two ordinances adopted by your Honorable Body at your meeting of December 4, 1950, concerning salaries of officers connected with the City Council.

At the present time it is impossible to forecast the full extent of financial problems which will confront the city in 1951. We know now that they will be of alarming proportions and we know that there is a prospect of increased costs for municipal services because of conditions beyond our control. Therefore, until the city's financial picture is much clearer than it is at this moment, all requests for salary increases, general in nature, will be held in abeyance.

Respectfully,
J. B. HYNES, Mayor.

Placed on file.

MAGNOLIA AND ALEXANDER STREETS AS ONE-WAY STREETS.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of November 13, 1950, concerning the advisability of making Magnolia street and Alexander street in Ward 13 one way.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 5, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated November 13, 1950, Requesting Consideration of the Advisability of Making Magnolia Street and Alexander Street in Ward 13 One Way.

Dear Sir:

In further reply to above Council order please be advised that at a meeting of the Boston Traffic Commission held on November 30, 1950, it was voted to make the following streets one way in the direction indicated:

Alexander street, Dorchester, from Bird street to Dudley street.

Ceylon street, Dorchester, from Quincy street to Columbia road.

Magnolia street, Dorchester, from Dudley street to Bird street.

These rules will become effective in the very near future, at which time the necessary signs will be erected.

Respectfully submitted,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

CHRISTMAS TREE IN CENTRAL SQUARE PARK.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the chairman of the Park Department relative to your order of November 20, 1950, concerning the erection of a Christmas tree in Central Square Park in East Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, December 1, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order of Councilor Coffey, requesting the erection of a Christmas tree in Central Square Park in East Boston.

I am pleased to report that I have made arrangements for a tree to be erected in Central Square Park, East Boston.

Very truly yours,
FRANK R. KELLEY, Chairman.

FENCE ENCLOSING PARK AT GALLIVAN BOULEVARD AND WASHINGTON STREET.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the chairman of the Park Department relative to your order of December 4, 1950, concerning the inclusion in his budget of sufficient money to put up a fence enclosing the entire park on the corner of Gallivan Boulevard and Washington street.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, December 8, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order of December 4, introduced by Councilor Farin, requesting us to include in the budget sufficient money to put up a fence enclosing the entire park on the corner of Gallivan Boulevard and Washington street.

We will be glad to place this matter under consideration when preparing our budget for next year.

Very truly yours,
FRANK R. KELLEY, Chairman.

REPLACEMENT OF GAS LAMPS BY ELECTRICITY.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 4, 1950, concerning the reporting to the Council of the proposed plan for 1951 with reference to replacement of gas-lit lamps with electric lamps, said report to be given not later than December 11, 1950.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 8, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of December 4:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to report to the Council the proposed plan for 1951 with reference to replacement of gas-lit lamps with electric lamps, said report to be given not later than December 11, 1950."

By December 31 of the current year, we shall have removed approximately 1,500 gas lamps from the streets of this city and replaced them with electric street lights. This is the largest program of gas lamp replacements undertaken in any one-year period in the history of the department. The previous high was in the vicinity of 950 lamps.

It is our intention to continue with this program for the year 1951, unless we are prevented from so doing due to restrictions on materials and parts that might be invoked by the Federal Government in connection with the defense program.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

NEW ELECTRIC LIGHTS IN ELECTION DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of Public Buildings relative to your order of December 4, 1950, concerning the placing in the 1951 budget of sufficient moneys to install new electric lights in the Election Department.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Buildings Department,
December 8, 1950.

Thomas J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reference to attached correspondence regarding City Council order of December 4, 1950, concerning installation of new electric lights in the Election Department. This department will make adequate provisions for the above in next year's budget. It will be necessary for us to request the Edison Electric Company to bring alternating current lines into the building before we can start

to do the work. After this is accomplished, we will commence to install the new electric lights at the earliest opportunity.

Very truly,
GEORGE P. DONOVAN, Superintendent.
Placed on file.

EMERGENCY LIGHTING FOR ALL CITY BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of Public Buildings relative to your order of December 4, 1950, concerning the purchase of adequate emergency lighting for all city buildings.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Buildings Department,
December 8, 1950.

Thomas J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Relative to recent City Council order of December 4, 1950, requesting the purchase of adequate emergency lighting for all city buildings.

All the buildings which are under the care and custody of this department are now covered by emergency lighting.

Very truly,
GEORGE P. DONOVAN, Superintendent.

RELEASE BY CITY OF INTEREST IN LAND IN WOBURN.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith a petition brought by William A. Waldron, attorney for General Motors Corporation, requesting the passage of an order whereby the City of Boston may release to the corporation all its right, title, and interest acquired by the city under an eminent domain taking dated July 31, 1877, of certain interests in land in the City of Woburn in connection with the construction of the Mystic Valley Sewer System. On November 24, 1950, the Board of Street Commissioners of the City of Boston voted to discontinue said order of taking.

The petition filed in behalf of the General Motors Corporation is self-explanatory. I transmit herewith an order whereby the interest of the City of Boston in this parcel of land may be released and recommend its adoption by your Honorable Body.

Yours very truly,
J. B. HYNES, Mayor.

Choate, Hall & Stewart,
30 State Street, Boston, Mass.,
October 16, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

Over seventy years ago, we believe, the City of Boston released to certain landowners in Woburn the right it had previously acquired to lay a branch sewer line on their property as part of the Mystic Valley Sewer System. The owners, however, failed to record the release — and at the time Boston was under no duty to do so. So today on the record Boston still has this right.

Our client, the present owner, has contracted to sell the property and is therefore anxious to clear the record. Accordingly, as is explained in detail in the attached memorandum, we respectfully request that Boston grant a second release of its interest in the property.

Because of uncertainty as to the precise nature of that interest, we have, at the suggestion of William A. McDermott, Esq., of the Boston Law Department, also requested the Board of Street Commissioners to issue an order of discontinuance; and today we have learned that such action by the Board can be expected shortly.

We shall appreciate your consideration of this matter and reference of it to the City Council. We stand ready to supply any additional information and answer any questions we can.

Yours sincerely,
WILLIAM A. WALDRON.

Memorandum.

This is a request that the City of Boston (hereinafter referred to as Boston) and its Board of Street Commissioners release and discontinue, respectively, all right, title, and interest which it may have in a certain parcel of land (hereinafter referred to as the Locus), formerly of Lewis Shaw and Henry Taylor, in the City of Woburn (hereinafter referred to as Woburn), Middlesex County, by virtue of a taking Boston made July 31, 1877 (hereinafter referred to as the 1877 Taking; Middlesex South Registry District Deeds, Execution Book 27, page 491)*, for the construction of the

* The 1877 taking was made pursuant to Acts 1875, c. 202, as amended by Acts 1877, c. 11.

Mystic Valley Sewer System (hereinafter referred to as the System) and the branches thereof.

This request is made for the purpose of removing a cloud on the present owner's title to the Locus so that the same may be sold. The present owner, General Motors Corporation, a Delaware corporation with its principal place of business in Detroit, Michigan, is represented by the undersigned.

The cloud involves the right to construct a branch sewer line on the Locus—a branch which, so far as we can determine, was never laid and never existed except on the plans of the System. The cloud arose because of a discrepancy between the branch's description in the 1877 Taking and the branch's description in a January 1, 1898, taking by the Commonwealth (hereinafter referred to as the 1898 Taking, † Record Book 2635, page 1†) made to confirm Boston's transfer of the System to the Commonwealth in 1893 (Book 2242, page 5).

This discrepancy is shown on Exhibit A attached hereto. Exhibit A is a certified photostatic enlargement of a part of Exhibit B, which in turn is a certified photostatic copy of the plan entitled "Commonwealth of Massachusetts, Metropolitan Water Works, Mystic Valley Sewer Land Plans," by Desmond Fitzgerald, Engineer, dated December 31, 1897, and recorded with the 1898 Taking (Book of Plans 301, Plan 16). In the 1877 Taking the branch was described by metes and bounds as the area which appears on Exhibit A as that on the Shaw and Taylor parcel enclosed by broken lines and marked "Released." In the 1898 Taking, on the other hand, the branch was described as the area enclosed by solid lines on Exhibit A.

In 1921 the Commonwealth conveyed its interest in the Locus to Woburn (Book 4485, page 58); and on May 9, 1949, Woburn conveyed its interest to the present owner's immediate predecessor in title (Book 7435, page 21). Today, therefore, the right to construct the branch has, except for the cloud, ceased to exist.

The following appears to be the reason for the discrepancy:

Soon after the 1877 Taking the Boston Water Board was authorized by an ordinance of February 6, 1879, to arrange relocations of various branch sewer lines of the System (City Council, Printed Minutes, pages 52, 82). Such a relocation was accordingly planned for the branch on the Locus, the area of the 1877 Taking not required for the relocation being released by Boston and the new area needed for the relocation being taken instead. Thus, as a consequence of the exchange, Boston's interest became that described in the 1898 Taking and shown within the solid lines on Exhibit A, and most of what had initially been taken in 1877 (shown within the broken lines on Exhibit A and marked "Released") was returned to the owners. But, unlike some of their neighbors affected by similar exchanges (Book 1519, page 74; Book 1533, page 185; Book 1538, page 470; Book 1539, pages 361, 362, 364; Book 1547, page 436), the then owners of the Locus failed to record their release from Boston; and Boston in turn—as indeed at the time it was under no obligation to do—failed to record its new taking. So no positive proof of the exchange can be found at the Registry, and the discontinuance and release here requested are required to remove the resulting cloud.

In May, 1949, we made an unsuccessful attempt to find proof of the exchange in the records of the Boston Water Board. At that time Daniel M. Sullivan, Division Engineer, Water Division, Boston Department of Public Works, had an unavailing search made of the files of his division. He also advised us that practically all the old records of the Water Board had been destroyed in the early 1930's when a fire swept the warehouse at 710 Albany street where they had been stored. In addition we were informed by John J. Tobin, Esq., now of the Land Court and formerly of the Boston Law Department, that if such records existed, only the Water Division would have them.

It is respectfully submitted, therefore, that neither Boston nor its Board of Street Commissioners has any practical interest in the Locus, that only an appropriate release from Boston and order of discontinuance from the Board will remove the cloud, and that the same may and should be given, as here requested.

Attached hereto as Exhibit C is the description by metes and bounds of the area which was included in the 1877 Taking and which should be covered by the requested release and order of discontinuance.

30 State Street, Boston.

September 28, 1950.

(Attached were Exhibits A, B, and C.)

Whereas, The Board of Aldermen of the City of Boston by an order made July 31, 1877, made a taking by eminent domain for the Mystic Valley Sewer System in the lands in the City of Woburn, Middlesex County, and Commonwealth of Massachusetts; and

Whereas, The rights of the City of Boston acquired under said taking were never exercised; and

† The 1898 Taking was pursuant to Acts 1895, c. 488.

† This and all subsequent such references are to Middlesex South Registry District Deeds.

Whereas, By an order of the Board of Street Commissioners of the City of Boston passed November 24, 1950, and approved by the Mayor of the City of Boston November 27, 1950, it was voted to discontinue all right, title, and interest of the City of Boston in and to a certain parcel of land situated in the City of Woburn, County of Middlesex, acquired by virtue of a taking by the City of Boston on July 31, 1877, for the construction of the Mystic Valley Sewer System; now, therefore, it is hereby

Ordered, That the City of Boston, in consideration of one dollar and other good and valuable considerations to it paid, does hereby release to General Motors Corporation, a Delaware corporation with its principal place of business in Detroit, Michigan, its successors and assigns, all of the City of Boston's right, title, and interest in and to a certain parcel of land situated in Middlesex County, Massachusetts, and bounded by a line beginning at a point 8.25 feet north of a branch sewer line from the Mystic Valley Sewer line in the easterly line of the location of the Woburn Branch Railroad; thence north 89° 27' east parallel with and 8.25 feet from the said branch sewer line by land formerly of Lewis Shaw and Henry Taylor, about 250.4 feet; thence southeasterly on a curve parallel with and 8.25 feet from the said branch sewer line by the said Shaw and Taylor land, 56.6 feet; thence south 13° 43' east parallel with and 8.25 feet from the said branch sewer line by the said Shaw and Taylor land, about 100 feet; thence south 76° 17' west by the said Shaw and Taylor land across the said branch sewer line, about 16.5 feet; thence north 13° 43' west parallel with and 8.25 feet from the said branch sewer line by the said Shaw and Taylor land, about 100 feet; thence northwesterly on a curve parallel with and 8.25 feet from the said branch sewer line by the said Shaw and Taylor land, about 34 feet; thence south 89° 27' west parallel with and 8.25 feet from the said branch sewer line by the said Shaw and Taylor land, about 247.8 feet to the said easterly line of the location of the said Woburn Branch Railroad; thence north 9° 33' west on the said easterly line of the location of the said Woburn Branch Railroad across the said branch sewer line, about 16.8 feet to the point of beginning; containing about 6,507 square feet; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver to said General Motors Corporation an instrument in writing satisfactory in form to the Corporation Counsel of the City of Boston whereby the City of Boston may release all its right, title, and interest in and to the above-described parcel of land.

MUNICIPAL AUDITORIUM AND FURTHER OFF-STREET PARKING FACILITIES.

The following was received:

City of Boston,
Office of the Mayor, December 11, 1950.
To the City Council.
Gentlemen:

Pending before the Committee on Rules of the House of Representatives are two petitions for legislation to enable the city to borrow money for the construction, operation, and maintenance of a municipally-owned auditorium and for the further establishment of off-street parking facilities.

Under joint rule 7B the preliminary approval of the Mayor and City Council is required before the petitions can be released to the appropriate committees.

As the legislation contemplated in these two petitions was at my suggestion, I respectfully request the adoption by your Honorable Body of the accompanying resolutions.

Respectfully,

J. B. HYNES, Mayor.

Resolved, That the petition of Mayor John B. Hynes for legislation providing for the construction, operation, and maintenance in the City of Boston of a municipally-owned auditorium and authorizing the City of Boston to borrow money outside the debt limit therefor, be and hereby is, approved.

Resolved, That the petition of Mayor John B. Hynes for legislation providing further for the establishment of off-street parking facilities in the City of Boston and authorizing the City of Boston to borrow money outside of the debt limit therefor be, and hereby is, approved.

Severally referred to the Executive Committee.

NOTICE OF HEARING.

Notice was received from the Department of Public Utilities of hearing to be held December 18 at 10 A.M., on petition of the New York, New Haven & Hartford Railroad for authority to continue in effect, on a permanent basis, beyond January 15, 1951, the increased rates and charges for passenger service on its lines operating "via Atlantic," which rates became effective on January 15, 1950.

Placed on file.

APPOINTMENT OF DEPUTY SEALERS OF WEIGHTS AND MEASURES.

Notices were received from the Sealer of Weights and Measures of the following appointments of Deputy Sealers of Weights and Measures, effective December 6, at an annual salary of \$2,800:

John J. Lowmie, 89 Park Drive, Ward 5; Edward J. McManus, Jr., 34 Brookdale street, Ward 19; Anthony J. Sinkiewicz, 284 West Fifth street, Ward 6.

Severally placed on file.

APPOINTMENT OF ADDITIONAL PATROLMEN.

Notice was received from the Police Commissioner that in conformity with provisions of chapter 291, section 13, Acts of 1906, as amended, with concurrent action of the Mayor and the Police Commissioner, the quota of 2,211 patrolmen, established November 29, 1946, has been increased by 290 additional patrolmen.

Placed on file.

PUBLIC HEARINGS ON ESTABLISHMENT OF ONE-WAY STREETS.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor and the Traffic Commissioner consider the advisability of holding public hearings before establishing one-way streets.

Referred to Committee on Public Safety.

LAND TAKINGS FOR OFF-STREET PARKING FACILITIES.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor direct the Board of Real Estate Commissioners to invite the members of the Boston City Council to a hearing which shall be held before any lands are taken for such purposes as off-street parking.

Referred to the Executive Committee.

PROPOSED HOUSING AT CALF PASTURE SITE.

Coun. HANNON offered the following:
Ordered, That his Honor the Mayor direct the members of the Boston Housing Authority to appear before the Executive Committee of the Boston City Council at its next meeting to give a report relative to the status of the proposed housing on Calf Pasture in Dorchester.

Passed under suspension of the rules.

PROPOSED LEGISLATION AFFECTING CITY COUNCIL.

Coun. HANNON offered the following:
Ordered, That the President of the City Council appoint an attaché of the Council who shall serve as liaison officer between the Council and the Legislature and keep councilors informed weekly as to pending hearings on various bills which will affect the City Council.

Passed under suspension of the rules.

WAR MEMORIAL FOR DECEASED VETERANS OF KOREAN WAR.

Coun. F. P. TRACEY offered the following:
Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to make plans for the erection of a suitable war memorial for the deceased veterans of the Korean War.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON LICENSES.

Coun. KINSELLA, for the Committee on Licenses, submitted the following:

Report on petition of the Eastern Massachusetts Street Railway Company (referred today) for license to operate motor vehicles in East Boston streets to Orient Heights M. T. A. Station—recommending that license be granted.

Report accepted; license granted under usual conditions.

CLASSIFICATION OF CITY HOSPITAL KITCHEN EMPLOYEES.

Coun. ANSEL offered the following:
Ordered, That his Honor the Mayor request the Boston City Hospital Board of Trustees to conduct a survey for the purpose of classifying City Hospital kitchen employees who are underpaid and are working under difficult financial circumstances. The present working scale has broken morale, and it is imperative that a wage scale consistent with the cost of living be considered in the preparation of the 1951 budget for kitchen employees.

Passed under suspension of the rules.

INCREASED NURSING STAFF AT CITY HOSPITAL.

Coun. ANSEL offered the following:
Ordered, That his Honor the Mayor request the Boston City Hospital Board of Trustees to make a survey for the purpose of increasing the nursing staff in the Surgical and Dowling Building wards. The present staff is seriously undermanned, and the morale of the nurses has declined because of that.

Passed under suspension of the rules.

SOCIAL SECURITY PAYMENTS TO CERTAIN DISABLED PERSONS.

Coun. ANSEL offered the following:
Resolved, That, in meeting assembled, the Boston City Council request the General Court of the Commonwealth of Massachusetts to adopt that portion of the Federal Social Security Act that will provide social security payments to persons under sixty-five years of age who are totally and permanently disabled due to illness.

The resolution was adopted under suspension of the rules.

WATER ON STREETS AROUND RUSSELL SCHOOL.

Coun. McCOLGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of the streets in and around the William E. Russell School in Dorchester, and in particular on Columbia road, to ascertain the cause of water collecting on these streets after rain or snowstorms, and to take immediate steps to remedy same.

Passed under suspension of the rules.

FILLING IN OF FORT POINT CHANNEL.

Coun. McCOLGAN offered the following:
Resolved, That the Boston City Council, in meeting assembled, heartily favors filling in the Fort Point Channel and the construction of a roadway thereon which would connect with the arterial highway, as proposed by the Boston Port Authority, thereby further relieving traffic congestion on the narrow streets of Boston.

The resolution was adopted under suspension of the rules.

FIVE-CENT FARE FOR CHILDREN DURING CHRISTMAS VACATION.

Coun. RAMSEY offered the following:
Ordered, That the Metropolitan Transit Authority be requested, through his Honor the Mayor, to establish a five-cent fare for children during the Christmas vacation period in order that they may come to Boston and see the pageant.

Passed under suspension of the rules.

INVESTIGATION OF HIGH PRICES OF FOODSTUFFS.

Coun. RAMSEY offered the following:
Resolved, That the Boston City Council, in meeting assembled, hereby petitions John P. McBride, Director of the State Division of the Necessaries of Life, to immediately investigate the high prices of eggs, butter, coffee, and other foodstuffs and to take whatever steps may be necessary in order to bring these prices down within the reach of the people.

The resolution was adopted under suspension of the rules.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. ANSEL, for the Committee on Confirmations, submitted the following:

Report on appointments by the Mayor (referred December 4) of Carleton M. Cobb, Jr., as weigher of coal, and John Williams as weigher of goods—recommending that appointments be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councilors Shanley and Langan. Whole number of ballots 14, yeas 14, and the appointments were confirmed.

COMMENDATION OF CORNELIUS DALTON FOR ARTICLES ON COMMUNISM.

Coun. HANNON offered the following:
Whereas, Cornelius Dalton, Boston newspaper columnist, has performed a great and notable service to the citizenry of Boston by his articles on the fallacies and shortcomings of communism, exposing the purposes and intents of these subversive groups in their endeavor to undermine the security of our way of life by his forthright articles in the Boston Traveler; and

Whereas, His newspaper articles should be carefully studied and preserved as part of Boston's opposition to oppressive groups, especially for the education of our school children, to enlighten them and prepare them for the future activities of all groups which would seek to destroy our freedom and liberties; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, desires to publicly commend Cornelius Dalton, columnist of the Boston Traveler, for his courageous service; and be it further

Resolved, That the Printing Department of the City of Boston be forthwith directed to print and issue as a public document of the City of Boston all articles of Mr. Dalton on this subject, in order that this publication may be made available at all times to our Boston School Department and all supervisors of children's groups, as the protest of the citizens of the birthplace of American Liberty against the attacks of those who would seek to dominate us and destroy our freedom.

The resolution was adopted under suspension of the rules.

LEGAL REPRESENTATIVE FOR CITY COUNCIL.

Coun. SHANLEY offered the following:
Ordered, That his Honor the Mayor direct the Budget Commissioner to include in his 1951 budget a sum not exceeding \$5,000, to assign an attorney as the legal representative for the 22 members of the Boston City Council relative to the study of bills pending before the Legislature concerning the problems of the Boston city government.

Passed under suspension of the rules.

RECESS.

On motion of Councilor Shanley, the Council voted at 2.53 P.M. to take a recess subject to the call of the Chair. The members reassembled and were called to order by Chairman Wenzler at 5.16 P.M.

TRANSFER OF LAND IN BRIGHTON TO PARK DEPARTMENT.

Coun. LANE offered the following:
Ordered, That the custody and control of the city-owned land on Wallingford road and Chestnut Hill avenue, Ward 21, formerly used as a city paving yard, be transferred to the Park Department for playground purposes.

Passed under suspension of the rules.

REPAIR OF CERTAIN SIDEWALKS, WARD 17.

Coun. FARIN offered the following:
Ordered, That his Honor the Mayor, direct the Public Works Commissioner to repair the sidewalks in front of 5 Rockwell street, Dorchester, and at the intersection of Rockwell and Washington streets, Ward 17.

Passed under suspension of the rules.

RECREATIONAL BUILDING ON WILLIAM GARY WALSH PLAYGROUND.

Coun. FARIN offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in their budget for 1951 sufficient funds to provide for the construction of a recreational building on the William Gary Walsh Playground at Washington street and Gallivan Boulevard in Ward 17.
Passed under suspension of the rules.

BURT STREET AS ONE-WAY STREET.

Coun. FARIN offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to study the feasibility of making Burt street, Ward 17, a one-way street.
Passed under suspension of the rules.

SIDEWALKS ON F STREET.

Coun. WENZLER and McCOLGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install cement sidewalks on F street, both sides, from Old Colony avenue to West First street, Ward 6.
Passed under suspension of the rules.

CONSTRUCTION OF NEW CITY HALL.

Coun. BEADES offered the following:
Resolved, That the petition of Representative John J. Beades for legislation providing for the construction in the City of Boston of a new City Hall, and authorizing the City of Boston to borrow money outside the debt limit therefor be, and hereby is, approved.
Referred to the Executive Committee.

PAYROLL DEDUCTIONS FOR UNION DUES OF COUNTY EMPLOYEES.

Coun. BEADES offered the following:
Ordered, That chapter 740 of the Acts of 1950, entitled "An Act Authorizing Payroll Deductions on Account of Union Dues in the Case of Certain State, County, or Municipal Employees," be, and hereby is, accepted in behalf of the County of Suffolk by the City Council of Boston in the exercise of the powers and duties of County Commissioners.
Referred to the Executive Committee.

DEATH OF WILLIAM MULLEN.

Coun. BEADES, FARIN, and F. P. TRACEY offered the following:
Resolved, That the City Council of the City of Boston, in meeting assembled, expresses its deep regret at the passing of William Mullen, Director of Recreation with the Park Department, who for 38 years served this department faithfully and with distinction, and did more to conquer juvenile delinquency than any man in the city by organizing baseball, football, and basketball leagues in the Park Department throughout the city. This system is now being followed in many other cities throughout the country.
The resolution was adopted by a unanimous rising vote.

DEATH OF GERALD COUGHLIN.

Coun. BEADES and FARIN offered the following:
Resolved, That the City Council of the City of Boston, in meeting assembled, expresses its deep regret at the passing of Gerald Coughlin, Assistant Superintendent of Schools, who for 26 years served the School Department in the capacity of teacher, headmaster, and assistant superintendent, and was recognized and renowned as a high-principled gentleman of exemplary habits and profound knowledge and ability.
The resolution was adopted by a unanimous rising vote.

EXECUTIVE COMMITTEE REPORTS.

Coun. SULLIVAN, for the Executive Committee, submitted the following:
1. Report on message of Mayor and four orders (referred today) for transfer of appropriations between departments—recommending that the order for transfer of appropriations of \$150,000 from Public Welfare Department, Central Office, to Department of Veterans' Services, and the order for transfer of appropriation of \$25,000 from Reserve Fund to Workmen's Compensation ought to pass.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO THE NORTHERN AVENUE BRIDGE BOAT LANDING.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to the Northern Avenue Bridge boat landing. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairs to the Northern Avenue Bridge Boat Landing," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JANUARY 3, 1951, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(Dec. 23.) Commissioner of Public Works.

MAYOR HYNES GIVES APPROVAL TO NEW PLANS FOR BOSTON CENTRAL ARTERY SECTION FROM NORTH STREET TO FORT HILL SQUARE — MAXIMUM OF SURFACE STREETS TO REMAIN OPEN AND REDUCTION MADE IN TAXABLE PROPERTY TO BE TAKEN FOR ARTERY — PLAN SUPERIOR TO OTHERS PREVIOUSLY SUBMITTED — SOME FURTHER STUDY AS TO STREETS NEAR RAMPS TO BE MADE.

The following communication has gone forward from the office of the Mayor:

WILLIAM F. CALLAHAN, *Commissioner*,
State Department of Public Works,
100 Nashua Street, Boston, Mass.

DEAR COMMISSIONER:

This is in reference to the most recent plan developed by the consulting engineers in connection with the proposed location of a portion of the Boston Central Artery from North street to Dewey square, and which was forwarded to Commissioner Hyland's office for the approval of the undersigned. It is my understanding that you desire the official approval of the City of Boston to that section of the Central Artery extending from North street to Fort Hill square, as

BOSTON SAVES OVER \$141,516 IN CONTRACTS AWARDED FOR 1951 COLLECTION AND REMOVAL OF GARBAGE AND REFUSE CONTRACTS FOR ALL DISTRICTS APPROVED BY MAYOR HYNES ON RECOMMENDATION OF PUBLIC WORKS COMMISSIONER HYLAND.

The costs for removal of garbage and refuse from all districts of the city have been reduced with a saving of more than \$141,516 according to announcement made by Public Works Commissioner with the approval of the contracts by Mayor John B. Hynes. This saving is unusual when it is known that salaries of chauffeurs and helpers have been increased.

The announcement of the contract and the approval by Mayor Hynes follows the request of the Public Works Commissioner in the following communication.

EXPENDITURES FOR VETERANS' SERVICES FOR NOVEMBER SHOWED INCREASE OF \$40,942.36 OVER SAME MONTH IN 1949 — REPORT SUBMITTED TO MAYOR JOHN B. HYNES BY COMMISSIONER FRANCIS X. COTTER EXPLAINS INCREASES BY FACT THAT 100 MORE CASES WERE GIVEN AID AND THE INCREASE IN FAMILY BUDGET ALLOWANCES — 1,636 CASES OR 3,439 INDIVIDUALS WERE BENEFICIARIES OF SERVICES AID.

According to the report submitted to Mayor John B. Hynes by Francis X. Cotter, Veterans' Services Commissioner, for the month of November, the expenditures showed an increase of \$40,942.36 over the same period in 1949. This, it was explained in the report, was due to the fact that 100 more cases were aided last month than in 1949 and also to the increase in the family budget allowances. There were 1,636 cases aided in November, representing a total of 3,439 individuals. The full report reads as follows:

Boston, December 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of November, 1950.

Very truly yours,
FRANCIS X. COTTER, *Commissioner.*

Expenditures for veterans' benefits for November, 1950, show an increase of \$40,942.36 in comparison with expenditures for the corresponding period of 1949. This increase is attributable to the fact that the department aided 100 more cases than in November, 1949. Other causes for the increase are the raising of family budget allowances and the greater number of authorizations by the State for Boston City Hospital Cases.

The 1,686 cases aided during the month of November, 1950, represent a total of 3,439 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 315 cases closed during the month of November, 1950, because of obtaining employment, having been awarded unemployment compensation, receiving social security and becoming ineligible to receive financial assistance for other reasons.

MAYOR HYNES APPROVES NEW PLANS FOR CENTRAL ARTERY.

(Continued from page 1305.)

shown on the above-referenced plan, which is dated October 30, 1950.

I have been informed by Commissioner Hyland that the plan, as submitted, has been studied by representatives of the Traffic Department of this city, the City Planning Board, the Board of Street Commissioners, and the Public Works Department, and that a meeting was held by the above representatives with Mr. E. C. Keane, representing the consulting engineers, to discuss all the phases of the newly-submitted plan. The new plan, I am informed, differs from the previous one in an effort to keep a maximum number of surface streets open and also to reduce the taxable property that will have to be taken to provide for the construction of the artery. I am also informed by Commissioner Hyland that the representatives of the above-referenced city departments are in unanimous accord that the new plan, showing the proposed location of the Boston Central Artery, meets with their approval and is superior to the previous studies that have been prepared.

I am pleased to inform you, therefore, of the official approval of the City of Boston to said plan. While I am approving the plan, as submitted, it is understood that a further study will be made of the effect that the artery will have on the surface street system, particularly in the vicinity of the ramps. The latter-referenced matter was discussed at the meeting held by the department representatives with Mr. Keane, and it was agreed that a further study would be made of it.

As stated, however, it was the consensus of opinion of the representatives of the above-named city departments that the new plan represents an improvement over those developed heretofore, and its adoption should result in a substantial saving in the taking of taxable property without detrimentally affecting the primary function of the Central Artery to serve as a major traffic highway.

My sincere thanks to you for your efforts in bringing about the development of a plan for the Boston Central Artery, which will overcome all reasonable objections that have been raised, and which will insure the construction of an artery that will be most beneficial to the best interests of the City of Boston in the years to come.

Sincerely,

J. B. HYNES, *Mayor.*

BUILDINGS RAZED.

The Mayor has approved the following requests of the Building Commissioner:

To enter the building or other structure, or the abutting land or buildings, at 101 Tyler street, Ward 3, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 139 Hudson street, Ward 3, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

MAYOR HYNES' CHRISTMAS MESSAGE TO THE PEOPLE OF BOSTON.

To all my fellow citizens, I wish a happy and blessed Christmas.

To all those who are heavily burdened; to those who pray for the departed, the dying, the sick, the wanderer, the wounded, the crusaders in far places who fight for the right, may the Christ child give consolation and comfort this holy Christmas Season.

May He, Who is the Prince of Peace, enlighten the warped minds of the faithless who seek the ruination of men's souls, and who would plunge the world into a war of destruction.

May He, Who is the Light of the Universe, give to us renewed strength and wisdom to follow in His way, so that we may find the keys to the Kingdom of Heaven, and earn for ourselves an eternity of unending happiness and bliss.

May we so live, in high places or in low, to merit the rewards that Our Savior promised to men of good will.

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,

BOSTON, November 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Friday, November 17, publicly advertised proposals were opened in this department in connection with the award of contracts for the calendar year of 1951 for collecting and removing garbage and refuse in all districts of the city. Proposals were also invited for three-year periods, but, in practically all cases, the bids for the three-year terms were higher per year than the bids submitted by the same bidders for the one-year term. There obviously, therefore, is no advantage at this time in considering the award of three-year contracts.

Since the opening of the bids, I have devoted a great deal of time in analyzing them in order to determine those bids that, in the best interests of the city, should be accepted. My prime consideration has been to select those contractors who can render this important service in a sanitary and satisfactory manner at the lowest possible cost to the taxpayer. While I recognize the importance of economy, I also recognize the necessity of selecting contractors who have the ability and resources to perform the quality of service required under the provisions of the contract specifications. Under the circumstances, therefore, I have not selected the low bidder in all cases. I have, however, selected those contractors who, in my opinion, can be considered to be the lowest eligible and responsible bidders.

I am recommending that all of the present contractors, with one exception, be awarded contracts for 1951. I am also recommending that contracts in two districts be awarded to two contractors who have not previously had refuse collection contracts. The introduction of these two new contractors is a healthy sign for the city and I am confident that they will prove that they are just as capable of collecting and removing refuse as the present contractors who have monopolized these contracts for some years. Competitive bidding is the best protection that the taxpayer has in preventing exorbitant costs and we cannot get bona fide competitive bids if we encourage monopolies. The cost of the garbage and refuse collection service, in my opinion, is still too high, but the addition of two new contractors can be considered as the start of a program that will provide for real competitive bidding that should tend to reduce costs without impairment to the quality of this vital service.

CONTRACTS AWARDED FOR 1951 COLLECTION AND REMOVAL OF GARBAGE AND REFUSE.

(Continued from page 1309.)

Incidentally, I am very reliably informed that a concerted effort will be made by certain selfish interests to prevent the two new contractors from being issued so-called contract carrier plates by the Department of Public Utilities. Any such move should be strongly opposed by the city because it very definitely is contrary to the best interests of the taxpayers of Boston.

I am pleased to report that the recommendations that I am making concerning contract awards for 1951 will result in a reduction in cost of \$141,516, as compared with the cost of similar contracts awarded by the previous administration for 1950. This, in my opinion, is an unusual accomplishment, particularly in view of the fact that the contracts of 1951 provide for an increase in salary for chauffeurs and helpers of 12 cents per hour, or a total additional cost to the contractors of approximately \$80,000. Therefore, in comparing the reduction in cost with the 1950 contracts awarded by the previous administration, the \$80,000 salary increase should be added to the \$141,516, making a total estimated reduction of \$221,516. In effecting this substantial reduction, we have not sacrificed service, because, in most cases, the present contractors are to be awarded contracts and, as stated hereinbefore, the two new contractors will, I am certain, render the highest quality service required under the terms of the contracts.

In order to present the comparison of costs clearly, I submit the following tabulation. The bidders whose names appear below have been selected by me as the contractors who will be awarded contracts in the designated districts for 1951.

DISTRICT.	Names of Successful Bidders for Contract for 1951.	Contract Prices for 1951 (Monthly).	Prices for Which Contracts Were Awarded by Previous Administration for 1950 (Monthly).

Totals.....		\$173,504 80	\$185,301 55

SUMMARY.

1950 contract price, \$185,301.55 × 12 = \$2,223,618 60

1951 contract price, \$173,504.80 × 12 = \$2,082,057 60

Net annual reduction..... \$141,561 00

(a) This represents agreed price resulting from negotiations. Bid price was \$12,128.41.

(b) This represents agreed price resulting from negotiations. Bid price was \$11,474.

The above net annual reduction in the cost of the collection contracts coupled with an annual saving of \$51,807, which resulted from the negotiating of a new contract for 1951 with the Coleman Disposal Company for the disposal of garbage and refuse, provides an annual net reduction of \$193,368 in the cost of these vital services as compared with the cost of similar contracts awarded one year ago by the previous administration.

Subsequent to the opening of bids on Friday, November 17, I negotiated with the Ward General Contracting Company and with Marinucci Brothers & Co., Inc., and obtained prices lower than submitted by those contractors with their publicly advertised proposals, respectively in Districts 1, South Boston, and 7D, Roxbury.

Therefore, I respectfully request your approval to the award of contracts, without publicly advertising for proposals, to the following-named contractors in the districts designated and at the monthly prices appearing below for collecting and removing garbage and refuse with the understanding that the contracts are to commence January 1, 1951, and are subject to the provisions of Item 1A and Article 16 of the contract document governing the term of said contracts.

Upon December 18 the Mayor approved a contract as indicated in the following letter:

BOSTON, December 18, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing shortening and oil to the various city departments from January 1, 1951, to March 31, 1951. These bids were publicly opened and read in this office on December 13, 1950.

Permission is respectfully requested to award a contract for 12,000 pounds shortening to Durkee Famous Foods, Division of Glidden Company, who submitted the lower price, with the privilege of purchasing either fibre cartons or tins.

Inasmuch as only one company bid on Item 2 calling for 300 gallons of corn oil, it is requested that authority be granted me to reject the bid and purchase same in the open market. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract for Durkee Famous Foods will be \$3,117.60, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Bids were as follows:

Item 1. 12,000 Pounds Shortening, 50-Pound Tins, Per Pound.—Durkee Famous Foods, Division of Glidden Company, 25.98 cents*; 25.49 cents, fibre cartons if tins not available; Swift & Co., 27.89 cents.

Item 2. 300 Gallons Corn Oil, 5-Gallon Cans.—Bid rejected.

Cash Discount.—Durkee Famous Foods, Division of Glidden Company, net, cash; Swift & Co., net.

Trade Name or Brand.—Swift & Co., Baker's Sanco.

* Contract awarded.

Upon December 18 the Mayor approved a contract with Shawmut Dairy, Inc., for furnishing ice cream mix from January 1, 1951, to June 30, 1951, inclusive, to the various city departments. Approximate total amount of contract was \$13,244.50, less 1 per cent cash discount for payment within ten days.

Bids, opened December 12, were as follows:

Item 1. Approximately 7,850 Gallons Ice Cream Mix, 12 Per Cent Fat, Delivered in Sealed Containers, as Requested in Accordance With Specifications Outlined, Per Gallon.—H. P. Hood & Sons, Inc., \$1.47; Shawmut Dairy, Inc., \$1.31*; Whiting Milk Company, \$1.39.

Item 2. Approximately 2,100 Gallons Ice Cream Mix, 14 Per Cent Fat, Delivered in Sealed Containers, as Requested, in Accordance with Specifications Outlined, Per Gallon.—H. P. Hood & Sons, Inc., \$1.61; Shawmut Dairy, Inc., \$1.41*; Whiting Milk Company, \$1.59.

Cash Discount.—Shawmut Dairy, Inc., 1 per cent; Whiting Milk Company, net.

* Contract awarded.

Upon December 18 the Mayor approved a contract with H. J. Heinz Company for furnishing soups to the various city departments from January 1, 1951, to December 31, 1951, inclusive. Approximate total amount of contract was \$11,531, net.

There was but one bid, opened December 11, as follows:

Item 1. 75 Cases Cream of Chicken Soup, 12 51-Ounce, Per Case.—H. J. Heinz Company, \$7.53.

Item 2. 150 Cases Cream of Mushroom Soup, 12 51-Ounce, Per Case.—H. J. Heinz Company, \$7.53.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, December 15, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Your permission is respectfully requested to dispense with public advertising and to award a contract to M. H. Rhodes, Inc., 30 Bartholomew avenue, Hartford, Conn., for 200 manually-operated Mark Time Hurricane parking meters at a cost of \$48 a meter.

Payment is to be made within ten days from the date that the meters are received, and the company warrants each and every meter against defective workmanship and material for a period of five (5) years.

We have recently purchased 3,000 Mark Time parking meters, and these additional meters are required to complete our installation on the various streets selected.

Inasmuch as M. H. Rhodes, Inc., is the only manufacturer of the Mark Time meter no advantage would be derived from public advertising.

Respectfully submitted,

WM. ARTHUR REILLY,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, December 15, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested of the signing of an agreement with the New England Deposit Library at 135 Western avenue, Allston, for the rental of space for the storage of books and other library materials, for the period from January 1, 1951, to December 31, 1951, inclusive.

The New England Deposit Library was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. In this legislation the Boston Public Library is named as a "participating institution," in company with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials that are less used than other, and for which difficulties exist in finding storage space in existing crowded buildings. The "participating institutions" share cooperatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "participating institutions."

The Trustees of the Public Library have voted "that there be entered into with the New England Deposit Library an agreement for the rental during 1951 of storage space therein for books and other library materials belonging to the Boston Public Library, in accordance with the rates for storage space formally adopted by the governing board of said New England Deposit Library." In voting to enter into such an agreement, the Trustees have also set a limit of \$7,798 to the amount to be expended for such storage space for the year 1951.

Your approval of these arrangements is respectfully requested.

Respectfully,

TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
FRANK J. DONAHUE, *President.*

SUPPLY DEPARTMENT.

BOSTON, December 14, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition to this office for the following:

One (1) new 1951 (Model C. J.-3A) four-wheel drive jeep.

Your Honor approved a letter on December 8, 1950, authorizing me to

dispense with public advertising on all equipment to be delivered before December 31, 1950. It is therefore requested that authority be granted me to award a contract, without public advertisement, for the above equipment to Chard Motors, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,799.97, less taxes of \$49.44, less trade-in allowance on a vehicle (TS-17), as is, of \$800, making a net total of \$950.53.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STATISTICAL MACHINE OPERATOR, DIVISION OF EMPLOYMENT SECURITY, JANUARY 27, 1951.

Last date for filing applications, Monday, January 8, 1951.

Salary: The minimum salary is \$2,100 a year; the maximum salary is \$2,700 a year.

Vacancies: From time to time, usually for females.

Duties: Under general supervision to operate IBM electric alphabetic key punch machines used in the mechanical tabulation of statistics; and to perform related work as required.

Examples of Duties: Operating an IBM electric key punch machine, punching from various source records alphabetic and numeric information at a speed of approximately 9,000 numeric perforations or the equivalent per hour, with a high degree of accuracy; selecting in proper sequence from various positions on the source records the information to be punched to tabulating cards; under instruction, coding information properly.

The following are required: Aptitude for clerical work; ability to follow written and oral instructions; a knowledge of the operation of the following IBM machines: Alphabetical Duplicating Punch No. 031; Motor Drive Verifier No. 052.

Entrance Requirements: Applicants must have at least six months of full-time paid experience in the operation of key punch machines or in the operation of a typewriter by the touch method. *Substitution:* A certificate from a recognized school for satisfactory completion of a course in the operation of key punch machines or in typewriter operation by the touch method may be substituted for three months of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, including a practical test in the operation of IBM key punch machines, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 18, 1950.

Subject to confirmation by the Council, the Mayor submitted the following appointments for term ending April 30, 1951:

Weigher of Coal: Andreas Dedekam, 331 Dorchester avenue, South Boston.

Weighers of Goods: Lucius H. Floyd, Jr., 133 Court street, Mansfield; Ralph H. Floyd, 213 Powder House Boulevard, Somerville.

Severally referred to Committee on Confirmations.

PUBLICIZING EDUCATIONAL BENEFITS UNDER G. I. BILL OF RIGHTS.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of the Department of Veterans' Services relative to your order of December 4, 1950, concerning the publicizing of educational benefits of the G. I. Bill of Rights.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Department of Veterans' Services,
December 13, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Sir:

I have the City Council order of December 4, 1950, relative to the publicizing of educational benefits of the G. I. Bill of Rights.

Publicity on this feature has been amply covered in the past several months by various newspaper releases by items in the veterans' columns of the various Boston papers, which items occur in these columns from time to time.

Various releases from the Veterans Administration have been publicized in the newspapers relative to the educational benefits' delimitation date. In fact, I can remember reading editorials relative to it. The Veterans Administration also covers it in its various programs carried over local stations.

Veterans' organizations have more than once in their periodicals commented at length on this delimiting date and gave it prominence in these publications.

Publicity on this feature is now more than ample and any activity on our part would be even more than duplication of existing information distribution, and any expense in that regard would be unwarranted.

Very sincerely,
FRANCIS X. COTTEE, Commissioner.

SCHOOL STREET, WARD 11, AS ONE-WAY STREET.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of November 15, 1950, concerning the making of School street, between Walnut avenue and Washington street, Ward 11, one way.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 11, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order dated November 15, 1950, requesting that School street, between Walnut avenue and Washington street, Ward 11, be made one way, a survey of this area and consultation with persons doing business on School street reveals that a one-way route here would work an unnecessary hardship.

Recently we reduced the width of the island at Egleston square and prohibited a left turn and, as a result of this, access must be made available to School street.

In addition, the operations of the Donnelly Electric Company at the junction of School and Washington streets require that entrances be provided at their shop, and that a route be made available for their trucks from their shop to their garage which is nearby.

In view of all the circumstances, it appears that the relief desired by the Council order would not be accomplished by the establishment of a one-way street at this location.

A traffic count taken shows that approximately 35 heavy trucks of five tons or over use this street between the hours of 8 a.m. and 6 p.m. A total of 933 vehicles, mostly passenger cars, were found using the street and it may be seen from these figures that the percentage of heavy trucks using this roadway is less than 5 per cent, so that the establishment of a one-way route would not entirely eliminate the use of the street by heavy trucks. The proportion of passenger cars which would abandon the use of this street under a one-way plan is problematical as the direction of traffic is heavy in different directions during the morning and evening hours.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

BARRING OF HEAVY TRAFFIC FROM DORCHESTER STREET, WARD 7.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 4, 1950, concerning the removing of all heavy traffic from Dorchester street, Ward 7, there being five churches, a chapel, and three schools on this street, and a continuation of this heavy traffic will result in a serious hazard to the lives and safety of children and other pedestrians.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 11, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

In response to Council order dated December 4, 1950, requesting that all heavy traffic be removed from Dorchester street, Ward 7, I wish to report that earlier this year heavy trucks were barred from Columbia road and, as a result of this action, it was necessary to detour trucks to another route.

We originally selected D street, and immediately met with opposition from the White Fuel Company and other companies engaged in the transporting of lumber and heavy equipment and, accordingly, compromised by permitting the use of Dorchester street.

If the order to eliminate heavy trucking from Dorchester street is to be accomplished it will be necessary to restore trucks to Columbia road. Since there is opposition to such use of Columbia road and the use of Dorchester street, a choice must be made, and we shall be glad to conform to whatever compromise can be reached by the residents, merchants, and the Councilor of the district involved.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

IMMEDIATE CONSTRUCTION OF TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 4, 1950, concerning the construction of traffic lights in the City of Boston without further delay since the money for this work has been appropriated for a long period of time, and no traffic lights have been installed as yet.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 11, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to the Council order requesting the immediate installation of traffic lights from the appropriation made on August 29, 1950, I wish to report that, promptly, upon making available the appropriation, orders for material were placed.

As a result of special efforts on the part of this department, delivery dates were promised for the end of the current year by the manufacturers and suppliers. To date this material has not been received, nor is it available.

Immediately upon the receipt of the materials construction can be undertaken if the weather permits. It is obvious that we are entering the heaviest storm season of the winter period and, therefore, there is no likelihood that within the next two months underground construction work can be accomplished.

I am sure that the Councilors who introduced this order have no conception of the engineering and mechanical requirements resulting from a decision to install traffic lights.

In the past it has required approximately one year from the time an appropriation was made until the time of completion. According to our accelerated schedule, it is expected that we shall be able to make these installations in half of the time formerly required. In further support of this statement it will be observed that, with the completion of the Columbia Road project, traffic lights have not been installed due to the fact that the materials are not available and the Edison Company has not been able to complete its part of the installation. These lights are not being installed by the Traffic Commission, but are available under the Chapter 90 Appropriation. This is cited as an example to prove that what may seem to be delays from the time an appropriation has been made until the time of the actual completion of the work are caused by circumstances beyond the control of the city.

There will be a substantial installation of traffic lights in Boston at the very earliest possible date and there is no delinquency on the part of the Traffic Commission if it appears that these installations are not being accomplished as rapidly as the Councilors desire.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

TRAFFIC LIGHTS AND CROSSWALKS, KENMORE SQUARE.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 4, 1950, concerning the installation of pedestrian traffic lights at Kenmore Square and to paint all the crosswalks at this location.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 12, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated December 4, 1950, Requesting the Installation of Pedestrian Traffic Lights at Kenmore Square and to Paint All the Crosswalks at This Location.

Dear Sir:

In reference to this order, please be informed that ever since the traffic lights were installed in Kenmore Square in 1932 we have been asked to give pedestrians a portion of the traffic cycle for their exclusive use.

In a 12-hour day, from 7 a.m. to 7 p.m., between 45,000 and 50,000 vehicles pass through Kenmore square.

The average pedestrian would require at least 30 seconds to cross Kenmore square from Deerfield street to Brookline avenue. In our opinion, to stop all traffic in Kenmore square for 30 seconds in each cycle of the lights would create a condition that would completely tie up vehicular traffic.

There is a pedestrian underpass in Kenmore square that is clean, well lighted, and is under the constant supervision of the employees of the M. T. A. Persons using it are insured of complete safety crossing this heavily travelled area.

Our painting program is over for this season, but this location will be one of the first to be done when we commence again in the spring.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

FLUORIDATION TREATMENT OF BOSTON WATER.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of December 4, 1950, concerning the appointment of a special committee to study the possible benefits of treating the Boston water supply with sodium fluoridation.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Health Department, December 12, 1950.
Mr. Thomas Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reply to your communication of December 6 to which was attached an order from the City Council relative to the fluoridation of the water supply of the City of Boston.

Dr. William H. Griffin, the Director of Dental Services of the Boston Health Department who, likewise, is a member of the Public Health Council of the Massachusetts Department of Public Health, is conversant with the various effects and benefits from the water impregnated with compounds of fluoride. The Council order was referred to Dr. Griffin who advises me that he has conferred with eminent authorities in the Commonwealth of Massachusetts regarding the desirability of installing fluoride products in the drinking water. The matter is still under study by qualified dental groups and an over-all policy, as yet, has not been determined.

The policy of the Massachusetts Department of Public Health regarding the approval of fluoridation of public water supplies follows:

"The Massachusetts Department of Public Health will approve, upon application from local Boards of Water Commissioners, with the endorsement of City Councils or Boards of Selectmen, the fluoridation of public water supplies as a partial dental caries control measure. The plans for adequate hydraulic, mechanical, and laboratory controls must be submitted to the department for approval and provisions made for adequate prefluoridation and postfluoridation dental evaluations. The department will provide technical assistance in establishing recommended controls and evaluation procedures to local Boards of Water Commissioners and Health Departments through the Division of Sanitary Engineering and Dental Health."

During the last three years, under the direction of the Dental Division of the Boston Health Department, a research project of a 2 per cent topical application of fluoride solution to the teeth has been conducted on a controlled group of children at the West End Health Unit. In order to evaluate the effect of this topical application, a comparison with the controlled group has been made with the cooperation of the Dental Division of the Massachusetts Department of Public Health.

Be assured that the Boston Health Department will continue this study. If it is determined that there should be an installation of fluoride products in the water supply, the matter will be studied further with the Massachusetts Department of Public Health and a conference will be arranged with the Metropolitan District Commission who has the responsibility for an adequate and safe water supply for the City of Boston. Insofar as the Metropolitan District Commission is concerned, however, authority will be necessary from the General Court in order to impregnate the Metropolitan District water supply.

Very truly yours,
JOHN H. CAULEY, M.D., M.P.H.,
Health Commissioner.

ELIMINATION OF TRAFFIC CONGESTION AT ANDREW SQUARE.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 4, 1950, concerning the conferring with the State Public Works Commissioner with a view to having the state construct an overpass, underpass, or any other improvement at Andrew square, South Boston, which will eliminate the present traffic congestion at this point.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 15, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of December 4:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to confer with the State Public Works Commissioner with a view to having the state construct an overpass, underpass, or any other improvement at Andrew square, South Boston, which will eliminate the present traffic congestion at this point."

Traffic congestion at Andrew square is probably as intolerable as any other comparable area in the city. Unquestionably, the conditions will not be improved to any marked extent until a large expenditure is made for the construction of an overpass or an underpass, or a combination of both, similar to the project now being constructed in Sullivan square.

It is my intention to take up this matter with the State Department of Public Works, and it is also my intention to have a study of the Andrew square area made by the consulting engineering firm that is now making a study for this department in connection with the preparation of a master highway system for Boston.

Even if the state should act favorably concerning the construction of a grade separation at the above-referenced Andrew square, it probably will take several years before the improvement can be effected because of the current unsettled conditions caused by the defense program.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 11, 1950, concerning the installation of cement sidewalks on F street, both sides, from Old Colony avenue to West First street, Ward 6.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 15, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of December 11:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install cement sidewalks on F street, both sides, from Old Colony avenue to West First street, Ward 6."

Due to the lateness of the season, we cannot install cement sidewalks, at this time. We shall, however, give consideration to effecting the above-desired improvement next year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

MUTUAL FIRE AID SYSTEM IN BOSTON AND ADJOINING COMMUNITIES.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner relative to your order of December 4, 1950, concerning the Fire Commissioner and the Chief of the Department being invited to attend the next meeting of the Executive Committee in order that we may be able to ascer-

tain the cost to the City of Boston for protecting adjoining cities and towns in the event of a conflagration.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, December 11, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I am returning herewith to your Honor the following order which was passed by the City Council, December 4, 1950:

"Ordered, That the Fire Commissioner and Chief of the Department be invited to attend the next meeting of the Executive Committee in order that we may be able to ascertain the cost to the City of Boston for protecting adjoining cities and towns in the event of a conflagration."

On December 11, 1950, Chief of Department John V. Stapleton and I, appeared before the Executive Committee of the City Council and explained to the satisfaction of the members the mutual aid system of response of apparatus between Boston and cities and towns adjoining our city.

Also explained was the automatic response of certain of our apparatus to first alarms from border boxes in cities and towns bordering on the City of Boston, and vice versa.

The members of the Executive Committee were informed that there was practically no expense involved to the City of Boston and all of the councilors present agreed that it was to the advantage of Boston to maintain the present mutual aid system.

Respectfully yours,
M. T. KELLEHER,
Fire Commissioner.

AMBULATORY SUBSTATION AT ST. ELIZABETH'S HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the President of the Board of Trustees of the Boston City Hospital relative to your order of November 13, 1950, concerning an ambulatory substation at St. Elizabeth's Hospital, Brighton.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Hospital Department,
December 8, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The Board of Trustees has considered the enclosure contained in your letter of November 16, being an order of the City Council adopted November 13, 1950, regarding an ambulatory substation at St. Elizabeth's Hospital, Brighton.

You are respectfully advised that in the opinion of this Board the locating of a City Hospital ambulance in Brighton, as suggested by the Council order, is neither practical nor necessary. It could not be provided without the expenditure of at least eight thousand dollars for a new ambulance and an annual expense of drivers' salaries and maintenance exceeding ten thousand dollars. Such an installation, if made, would be an innovation and would undoubtedly lead to similar requests from other localities.

In our judgment, the expense would be prohibitive.

After telephonic communication with Commissioner Sullivan, the Police Commissioner stated that there were two ambulances in good order at the Brighton Station and that in his opinion they were adequate to supply the Brighton and Allston needs.

Sincerely yours,
MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

RECREATIONAL BUILDING ON WILLIAM GARY WALSH PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of December 11, 1950, concerning the Park Department including in their budget for 1951 sufficient funds to provide for the construction of a recreational building on the William Gary Walsh Playground at Washington street and Gallivan Boulevard, Ward 17.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, December 15, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order of December 11, introduced by Councilor Farin, asking that we include in our budget for 1951 sufficient funds to provide for the construction of a recreational building on the William Gary Walsh Playground, Washington street and Gallivan Boulevard, Dorchester.

During this year we have graded and loamed this area and our plans were to arrange for the construction of a building in 1951.

However, in view of the present serious international crisis several restrictions have been printed by the Federal Government and the erection of the building looks doubtful at this time.

We will include it in our budget and every effort will be made to construct the building.

Very truly yours,

FRANK R. KELLEY, Chairman.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners, requesting the appropriation of \$16,278.47 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1950 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$180,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$16,278.47, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, December 14, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$16,278.47 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$16,278 47

When making up the budget estimates for the year 1950, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1950, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,

FRANK R. KELLEY, Chairman.

Ordered, That the sum of \$16,278.47 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$16,278 47

Referred to the Committee on Parkman Fund.

TRANSFERS OF APPROPRIATIONS BETWEEN DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

The enclosed requests for transfers of appropriations, together with the accompanying orders, are recommended for adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as

Severally referred to the Executive Committee.

APPROPRIATION FOR OFF-STREET PARKING AREAS AND FACILITIES.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the City Council.
Gentlemen:

Under the provisions of chapter 776 of the Acts of 1949, the city may utilize receipts from parking meters to acquire off-street parking areas and facilities. The City Auditor advises me that at the present time a surplus of roughly one hundred thousand dollars (\$100,000) exists in the Parking Meter Fees account. In the belief that this sum should be made available to the Board of Real Estate Commissioners for use in the development of the off-street parking program of the city, I submit herewith an appropriation order and respectfully recommend its adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of chapter 776 of the Acts of 1949 the sum of one hundred thousand dollars be, and the same hereby is, appropriated from Parking Meter Fees to be expended by the Board of Real Estate Commissioners for the acquisition of off-street parking areas and facilities.

Referred to the Executive Committee.

ABANDONMENT OF SEWERAGE EASE- MENT, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1950.
To the Honorable City Council.
Gentlemen:

By an order of the Board of Street Commissioners of the City of Boston approved by the Mayor under date of October 13, 1899, an easement for sewerage purposes was taken in certain premises in Brighton more fully described in said order.

The Commissioner of Public Works of the City of Boston has declared that the easement taken for sewerage purposes by said order is no longer required for public purposes in a portion of said premises, and, in fact, the location was never used for sewerage purposes. I submit herewith a letter from the Commissioner of Public Works with regard thereto.

I am informed that no award was made on account of the taking of said sewer easement and no money has ever been paid to the present owners or their predecessors in title on account of that portion of the taking which it is now desired to discontinue.

I am also submitting herewith an order for the abandonment of said easement in that portion of the premises in which said easement in the opinion of the Commissioner of Public Works is no longer needed for public purposes and recommend that said order be passed by your Honorable Body.

Very truly yours,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,

December 8, 1950.

To His Honor, Mayor John B. Hynes, and the
Members of the City Council.

Dear Sirs:

The city has an easement for sewerage works in private land, between Fairbanks street and Oak Square avenue, Brighton, which is shown on the accompanying plan and described in an order of taking of which a photostat copy is attached.

This taking was never used, as the sewer location was changed. A house erected on Fairbanks street now is partially located over this taking, and according to the records no license was ever granted to build over the taking.

To clear the title to the land occupied by the house in the event of a future sale or a mortgage, it becomes necessary to abandon this easement, and as it is no longer needed for public purposes, I recommend that the necessary legal steps be taken to bring about its abandonment.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Boston by an order of the Board of Street Commissioners, approved by the Mayor of Boston under date of October 13, 1899, took for sewerage works a right and easement in land situated in that part of Boston called Brighton, and more fully described in the instrument of taking; and

Whereas, The Commissioner of Public Works of the City of Boston, now having charge of said right and easement taken, has notified the City Council that said right and easement in a portion of the premises described in said instrument of taking and hereinafter referred to, is no longer required for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to abandon said right and sewer easement in the premises hereinafter described and to execute and cause to be recorded at the Registry of Deeds for Suffolk County in the name and on behalf of the City of Boston, and in form satisfactory to the Corporation Counsel of the City of Boston, upon payment to the City of Boston by the owner or owners of said premises of the sum of one dollar (\$1.00), and upon the execution and delivery to the City of Boston by said owner or owners of a release of any and all damages in any way growing out of or caused by said abandonment, a declaration that said right and easement in the following-described premises is abandoned, namely, a certain parcel of land situated in that part of Boston called Brighton, bounded and described as follows:

Easterly by Fairbanks street, ten (10) feet; southerly by lands now or formerly of Albert A. Taylor et al., Charles L. Lawson and Charles B. Collar, by three measurements, twenty-two and 90-100 (22.90) feet, seventy-seven and 23-100 (77.23) feet and sixty-six and 25-100 (66.25) feet; westerly by Oak Square avenue, ten (10) feet; northerly by lands now or formerly of Charles B. Collar and Charles L. Lawson, by three measurements, sixty-five and 75-100 (65.75) feet, seventy-seven and 36-100 (77.36) feet, and twenty-two and 78-100 (22.78) feet, supposed to belong now or formerly to Charles L. Lawson and Charles B. Collar, containing one thousand six hundred and sixty-one (1,661) square feet of land, more or less, being a portion of the above-mentioned land taken for sewerage purposes, which taking is shown on a plan marked "City of Boston, Plan No. 74, Sewerage Works, Faneuil Valley Brook, Brighton, September 20, 1899, William Jackson, City Engineer."

On motion of Councilor Shanley the rules were suspended, and the order was given its first reading and passage, yeas 16, nays 0.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board

has approved for retirement on account of accidental disability, the following-named police officer, effective at the close of business Sunday, December 31, 1950.

In view of this operation of law, after December 31, 1950, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman David M. A. Meaney, Division 13.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,397.

Francis A. Sullivan is hereby reinstated in this department as a patrolman and assigned to Division 1, effective Thursday, December 21, 1950.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,398.

As another Christmas Day approaches, it gives me a great deal of pleasure to extend to all the members of the department a sincere wish that it may be a very joyous one for them and their families.

At this time, I also desire to express my deepest gratitude to all of you who have served our city so loyally and efficiently during the year that is ending and to earnestly hope that your New Year will be filled with peace and happiness.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

No. 13, to begin at 7:45 A.M., Sunday, October 21, to end at 7:45 A.M., Sunday, November 4.

Members of the Force with less than one year's service, shall be allowed a vacation of one day for each month of service, to be taken at such time as may be arranged by the commanding officers.

For the purpose of determining a vacation allowance of more than two weeks, strict adherence will be given to the original date of appointment of a member of the Force.

All 1951 vacations shall be completed by December 30, 1951, at 7.45 A.M., and no officer will be allowed to take more than a 14-day vacation period at one time.

Five days before each vacation begins, commanding officers shall forward to the superintendent a list, in triplicate, giving the names of all officers who will be on that vacation. One day before vacation begins, commanding officers shall forward to the superintendent a list, one original copy, giving the names and vacation addresses of the officers who are going on vacation.

Commanding officers of divisions and units shall not allow vacations to interfere with the proper operation of their organization, making shifts in the day and night duty and taking such other steps as may be necessary to provide adequate protection and proper functioning of the Force under their control.

Two copies of this General Order are sent to each division and unit so that one copy may be placed on the bulletin board for the direct notice of all officers.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Irwin avenue, Hyde Park district, as a highway, from Tacoma street to Safford street, with the name of Chapel road or some other distinctive name, bounded and described as follows:

A highway named Chapel road is hereby laid out, from Tacoma street to Safford street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by the easterly line of Chapel road as hereby laid out, by two measurements, forty-one and 88-100 feet on a curve of thirty and 53-100 feet radius and three hundred seventy-eight and 29-100 feet; southerly by Safford street, fifty and 29-100 feet; westerly by the westerly line of Chapel road as hereby laid out, by two measurements, three hundred seventy-three and 61-100 feet and thirty-six and 22-100 feet on a curve of twenty and 47-100 feet radius; northerly by Tacoma street, one hundred and one foot.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days

following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land situated on both sides of said Chapel road, as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to, and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Wabash street, Dorchester district, as a highway, from Elene street to Prairie street, under the order of this Board of December 8, 1950, and awards no damages therefor.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Summer street, Hyde Park district, as a highway, from Parrott street, approximately 600 feet northerly, bounded and described as follows:

The highway named Summer street is hereby extended from the existing public way known as Summer street to a point five hundred fifty and 26-100 feet north of Parrott street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by the northerly limit of Summer street as it existed prior to this order, forty and 55-100 feet; easterly by the easterly line of Summer street as hereby laid out, by two measurements, one hundred forty-four and 90-100 feet and five hundred and fifty feet; northerly by the northerly limit of Summer street as hereby laid out, forty feet, and westerly by the westerly line of Summer street as hereby laid out, by two measurements, five hundred fifty-one and 7-100 feet and one hundred thirty-nine and 32-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

For the making of the aforesaid improvement, and easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Edward G. Carr and Jane E. Carr, bounded:

Westerly by the westerly line of Summer street as hereby laid out, ninety-five and 13-100 feet; northerly by line of Summer street as it existed prior to this order, five and 3-100 feet; easterly by the westerly line of Summer street as it existed prior to this order, ninety-four and 96-100 feet; southerly by the northerly line of Parrott street as it existed prior to this order, six and 50-100 feet containing five hundred and forty-eight square feet, more or less.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land, excluding the lots at the southwesterly and southeasterly corners of Summer street, situated on both sides of said Summer street as laid out under this order, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to, and on file in the office of this department.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for furnishing elevator inspection, maintenance and test on various elevators. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Furnishing Elevator Inspection, Maintenance and Test on Various Elevators," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 12 noon, Monday, January 8, 1951, accompanied by cash or certified check on, or a certificate of deposit issued by, a responsible bank or trust company payable to the City of Boston in the sum of \$100, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Specifications will be ready for distribution Tuesday, January 2, 1951, and may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
Superintendent of Construction,
(Dec. 30.) Department of School Buildings.

PARKING METERS PROFITABLE FOR CITIES.

A survey of parking meter usage in 62 cities over 100,000, recently made by the city purchasing agent of Chicago in cooperation with the National Institute of Governmental Purchasing, indicated an annual income per meter of \$74.31, or \$6.19 per month. Cities reporting an average annual income per meter in excess of \$100 included Minneapolis, St. Paul, Providence, Dayton, Long Beach, Chattanooga, Canton (Ohio), and South Bend (Indiana). Cities which reported an income of \$90 to \$100 per meter per year were Seattle, Columbus (Ohio), Richmond, Miami, Flint, Norfolk, Tulsa, Wichita, Sacramento, and Charlotte. Maintenance costs reported by 33 cities, including labor, repairs, and collections, averaged \$6.99 per meter per year, or nearly 10 per cent of the revenue.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO THE NORTHERN AVENUE BRIDGE BOAT LANDING.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to the Northern Avenue Bridge boat landing. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairs to the Northern Avenue Bridge Boat Landing," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JANUARY 10, 1951, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.*

GEORGE G. HYLAND,
(Dec. 30.) Commissioner of Public Works.

NOTE.—This invitation for proposals is identical with the invitation for proposals for "Repairs to the Northern Avenue Bridge Boat Landing," appearing in the December 23, 1950, issue of the "City Record," except for the date set for the opening of proposals.
